## IMPORTANT INFORMATION

The Academic Calendar is a guide to Ambrose University's programs, courses, admission procedures, academic requirements, and other information. Please note that the courses listed in the Academic Calendar are not necessarily offered each year. The Academic Calendar also contains some of the policies and regulations all students of Ambrose University are required to observe. At the time of registration, each student agrees to be bound by the policies and regulations of Ambrose University and of the program in which the student is enrolled. Students are responsible for familiarizing themselves with all policies, procedures, rules and regulations by which they are bound. While academic advice is available, students are responsible for ensuring that their academic programs, including course selections, meet Ambrose University's regulations in all respects. Program Planning Guides based on the Academic Calendar are also available for students, faculty and advisors.

The publication of the Academic Calendar does not obligate Ambrose University to provide the programs, courses, or services referenced in the Academic Calendar. The contents of the Academic Calendar are subject to continuing review and revision. Ambrose University reserves the right to remove, change or amend, at any time and without notice, the information contained in the Academic Calendar, including its programs, course offerings, fee structure, policies and regulations. In this regard, revisions may be made to the online Academic Calendar to reflect changes or amendments. This Academic Calendar is considered accurate at the time of publication. If there is any inconsistency between the academic regulations and policies published in the Academic Calendar and such regulations and policies established by either the Faculty or President's Cabinet, the version of such material as passed by the Faculty or President's Cabinet will prevail.

Ambrose University reserves the right to exercise its sole, absolute and unfettered discretion in admitting individuals to the University and its programs or courses. Ambrose University is not liable to any person who may suffer any loss or damages of any type arising from the use of any information contained in the Academic Calendar or arising from any action of Ambrose University in regard to the Academic Calendar, such as, but not to limit the foregoing, any amendment, addition or withdrawal to or from the information provided. Not all Ambrose University's policies and regulations may be contained within this Academic Calendar.

Ambrose University disclaims all liability for loss or damage suffered or incurred by any student or other party as a result of delay, alteration, or termination of services, course programs, tuition or fees caused by fire, work stoppage, inability to procure materials or trades, restrictive laws or government regulations, actions taken by faculty, staff or students of the University, civil unrest or disobedience, or any other cause of any kind beyond the reasonable control of the University.

### Land Acknowledgement

Ambrose University is located in the traditional territories of the Niitsitapi (Blackfoot) and the people of the Treaty 7 region in Southern Alberta, which includes the Siksika, the Piikuni, the Kainai, the Tsuut'ina, and the Iyârhe Nakoda. We are situated on land where the Bow River meets the Elbow River, and the traditional Blackfoot name of this place is "Mohkinstsis" which we now call the City of Calgary. The City of Calgary is also home to Metis Nation of Alberta, Region III.

## MESSAGE FROM THE PRESIDENT

At Ambrose we are committed to the education and formation of men and women for service. But what does this mean? It means that whatever your chosen path, be it business, biology, or biblical studies, you will be taught by faculty who integrate faith with learning. It means that you will be challenged to develop not only academically, but spiritually. Personal development goes hand-in-hand with professional competence, and a life of service to Christ is highlighted through each discipline of study and through each vocational opportunity.

The Ambrose community is one of shared vision and experience. The classroom is essential, of course, but you will also share together in worship, conversation, athletics, meals together, and music and the arts. And whether you live on- or off-campus, programs for residence and commuter students will contribute to your formation while at Ambrose.

So, welcome here. Your classes will be stimulating, the conversation invigorating, and the experience, if you take advantage of all that Ambrose has to offer, life-changing.

Dr. Gordon T. Smith, PhD  
*President, Ambrose University*

Ambrose University Hours: Monday - Friday, 8:00 a.m. - 4:00 p.m. MST (excluding holidays)

### Enrolment Office:

**Phone:** 403-410-2900 or 1-800-461-1222 | **Email:** [enrolment@ambrose.edu](mailto:enrolment@ambrose.edu) | **Website:** [ambrose.edu](http://ambrose.edu)

**Address:** Ambrose University, 150 Ambrose Circle SW, Calgary, AB T3H 0L5

### Location

Calgary, a city of over one million people, is located in the rolling foothills of the Canadian Rockies, just a few hours from the U.S. border. The Calgary International Airport is Canada's third busiest airport. Calgary is known for its blue skies, and Alberta has more hours of sunshine in a year than any other province in Canada. A unique phenomenon called a Chinook wind can raise temperatures more than 20 degrees in one day, turning winter days into spring-like days. Calgary offers worldclass facilities for winter sports, having hosted the Winter Olympics in 1988, and the nearby Rocky Mountains provide exhilarating skiing and other recreational opportunities. The "Stampede City" is also known for its western culture, beautiful pathways along the Bow River, philharmonic orchestra and professional football and hockey teams.

### Facilities

The Ambrose University campus sits on a ridge in southwest Calgary and offers unobstructed views west to the Rocky Mountains. The heart of the campus is the Academic Centre, with its central gathering place. The building features two biology labs, student lounges, classrooms, faculty and administrative offices, a cafeteria and designated areas for group and silent study. The Ambrose Athletic/Performing Arts Centre is a full-size gymnasium with a sound system, and it accommodates up to 1000 people. Banquet facilities, locker rooms and a fitness centre round out the building. Ambrose University's Ambrose Arts Department enjoys a dedicated choir room, practice rooms and a music lab space.

### Library

The Ambrose Library serves Ambrose University and Ambrose Seminary. With more than 120,000 volumes it has the largest print collection of any private university library in the Prairies. It also has subscriptions to 150,000 e-books and 55,000 electronic journals. Particular strengths include theology, history, music, psychology and Islamics.

The library enhances its on-site offerings through an online catalogue; by subscribing to full-text online periodical databases in theology and biblical studies, business, psychology and the humanities; by membership in The Alberta Library consortium; and by participating in the provincial inter-library loan network. In addition, students and faculty of Ambrose have borrowing privileges at the University of Calgary Library, which is the second largest academic library in the province. Materials borrowed from the University of Calgary can be returned to the Ambrose Library.

Specialized research is further facilitated by special collections on the history of The Alliance Canada and by the Ambrose Archives, which houses the records of Ambrose's institutional predecessors and also serves as the official repository for records of The Alliance Canada and the Church of the Nazarene Canada. A professional librarian and trained staff are available to assist students, faculty and other researchers to make optimum use of this vast array of learning resources.

### Institutional History

Educating young men and women for service in the church and in overseas mission fields has always been an important emphasis for The Canadian and Missionary Alliance in Canada (The Alliance Canada) and the Church of the Nazarene Canada. The Alliance Canada's commitment to higher education dates back to the vision of its founder Dr. A. B. Simpson, who established North America's first Bible school in New York. This educational emphasis resulted in the addition of two educational institutions in Canada during the 1920s. A fuller expression of these values led to the founding of Canadian Bible Institute (CBI) in 1941, with an initial class of 50 students meeting in the lower auditorium of the Alliance Tabernacle in Regina, Saskatchewan. Under the direction of the first president, Rev. Blackett, CBI commenced its primary task of training men and women for worldwide ministry and Christian living.

Nazarene University College traces its roots to the Calgary Bible Institute, which was established on January 3, 1921, in the basement of the Calgary First Church of the Nazarene, with an initial class of 29. In 1927, the school relocated to Red Deer, under the leadership of Rev. Charles Thomson, where it became known as Alberta School of Evangelism, and then Northern Bible College (NBC). The purpose

of the school was to provide a stream of workers for the Nazarene churches in western Canada and overseas. An accredited residential high school was also established to serve Christian families in rural communities.

In 1940, NBC changed its name to Canadian Nazarene College (CNC) and in 1957 CBI became Canadian Bible College (CBC). Both institutions persevered and became established with purpose-built facilities and the accreditation of Bachelor of Theology degrees. Canadian Theological College (CTC) was formed in 1970 as a graduate school of theology changing its name to Canadian Theological Seminary (CTS) in 1982. Both CNC and CBC/CTS fulfilled their mandates of training workers for ministry and soon alumni from both campuses were serving across Canada and around the globe. As the new millennium dawned, the paths of CBC/CTS and CNC converged in an unprecedented way. The goal of both institutions was to provide trained workers for the church and mission fields. Both institutions saw the opportunity for a Christian-based alternative to public universities.

The next phase of maturation saw both CBC/CTS and CNC develop relationships with Canadian universities for the purpose of expanding offerings beyond Bible and theology into the arts and sciences. In 1960, CNC was relocated to Winnipeg to become the official school of the Church of the Nazarene in Canada. CNC also became an approved teaching centre of the University of Manitoba. In that same decade, CBC/CTS developed an educational relationship with the University of Regina. During the 1990s, Dr. George Durance, President of CBC/CTS, Dr. Riley Coulter, President of CNC, and their boards looked to Alberta, where legislation existed to accredit Christian university colleges. CNC relocated to Calgary in 1995, became a university college in 1999, and changed its name to Nazarene University College (NUC). In 2003, CBC/CTS moved to Calgary, joined NUC on its downtown campus, received provincial accreditation in 2004 and adopted the name Alliance University College (AUC) forming the educational partnership AUC-NUC. In May 2007, AUC and NUC became a single institution, Ambrose University, the official Canadian school of both The Alliance Canada and the Church of the Nazarene Canada.

## Denominational Affiliations

Ambrose University is the official post-secondary institution of The Alliance Canada and the Church of the Nazarene Canada. Ambrose University welcomes students from approximately 50 denominations each year, enhancing our rich and diverse campus community.

## AMBROSE INSTITUTES

Ambrose Institutes are dedicated to research that simultaneously contributes to current academic discussions and directly benefits external stakeholders, organizations, industries and communities that intersect with our scholarly work. The Institutes draw together internal and external scholars and practitioners with a view to strengthen and enhance teaching and research, while also extending the value and reach of Ambrose to communities and resources outside the university. Further, our Institutes are premised on providing students with first-hand research training and experience.

Ambrose's three institutes are engaged in key functions of universities, knowledge creation and knowledge dissemination in their particular area of excellence: the global mission of the church (Jaffray Centre), initiatives to address poverty (Canadian Poverty Institute), and factors encouraging parish life to thrive (Flourishing Congregations). All three Institutes attract notable funding dollars through grants and awards.

### Canadian Poverty Institute

The Canadian Poverty Institute is an interdisciplinary Institute housed within Ambrose University that seeks to overcome poverty through research and teaching. Established in 2014, it is the only national academic institute dedicated to the elimination of poverty in Canada.

## THE PURPOSE OF AN AMBROSE EDUCATION

### **Mission Statement**

Ambrose University prepares men and women for wise, joyful and redemptive engagement in the church, society and the created order through excellent Christian post-secondary education.

### **Core Values**

We are committed to these enduring mission-related values:

#### **Christian Faith**

- We believe that Christ is the centre of what we do. We seek to live lives devoted to serving Christ, and we pursue His will with bold confidence in His sovereign power and purposes.
- We are ecumenically minded, broadly evangelical, and rooted in the holiness traditions of the Christian and Missionary Alliance of Canada and the Church of the Nazarene.
- We believe that every person is created in the image of God and worthy of dignity and respect.
- We integrate faith and learning and anchor our teaching and research within the Christian intellectual and spiritual tradition.

From these beliefs and practices flow the rest of our institutional values:

#### **Pursuing Excellence**

- We encourage our students, faculty, and staff to be intellectually curious.
- We promote conversations about difficult issues that are marked by both courage and charity.
- We provide high-quality education as well as co-curricular experiences that prepare students for their future lives and vocations.
- We pursue excellence in all that we do. Our efforts evidence love, wisdom, thoughtfulness, knowledge, scholarship, and skill.
- We are accountable to the Government of Alberta, our accrediting bodies, and our founding denominations. We also recognize our obligation to provide students with the learning environment set forth in the Academic Calendar.

#### **Holistic Formation**

- We assert that Ambrose is a place where students develop virtues, grow in character, acquire life skills, and prepare for future vocations.
- We wrestle together with the hard questions of life and faith.
- We create intentional, holistic, formational experiences in and out of the classroom.
- We model lifelong perseverance in intellectual and spiritual formation.

#### **Service**

- We strive to integrate faith and active service to the world.
- We commit to shaping servant leaders who will honour Christ in their vocations.
- We shape culture through our scholarship, research, and artistic expression.

#### **Community**

- We believe that spiritual, personal, and academic development is best accomplished within the context of a Christian community that worships and glorifies God.
- We collaborate to foster a welcoming, hospitable, generous, just, and truth-telling community that strives to fulfill the university's mission.
- We seek the welfare of students, one another, and the external community.

## ADMISSION

Ambrose University admits students of any race, gender, colour and national or ethnic origin to its programs and activities. We do not discriminate on the basis of race, gender, colour, national or ethnic origin, physical disability or religion in the administration of any of our programs or activities. Ambrose University reserves the right to deny admission if we judge your overall academic record unacceptable, notwithstanding admissions standards. Open Studies and Visiting Students please refer to Academic Policies.

You can apply to Ambrose University online at [ambrose.edu](https://www.ambrose.edu).

### Application Deadlines

Your completed application form, all supporting documents, official transcript(s) and the appropriate application fee should be submitted by the following deadlines:

#### Canadian Applicants

- August 1 for the Fall Semester
- December 1 for the Winter Semester

#### USA Applicants

- July 15 for the Fall Semester
- November 15 for the Winter Semester

#### Applicants from outside Canada or the USA

- March 1 for the Fall Semester
- July 1 for the Winter Semester

### Early Admission

If you apply before graduating from high school, please send an unofficial transcript or a mid-year report showing your grade 11 marks as well as your interim marks for grade 12 courses currently in progress. You will be considered for Early Admission when we receive a satisfactory unofficial transcript/mid-year report, a completed Application for Admission form, payment of the application fee and any necessary supporting documents.

### Full Admission

You can only be fully admitted once we receive all of your supporting documents, including official transcripts showing that entrance requirements have been met. To be considered "official," transcripts must be mailed directly to Ambrose by the issuing institution. Unofficial transcripts, such as photocopies and faxed copies of transcripts, or transcripts received directly from you, may be submitted for consideration for Early Admission but only official transcripts will qualify you for Full Admission. If your official transcripts are in a language other than English, it is your responsibility to provide a certified English translation.

### Application Deferral

After a deferral of two semesters, you must reapply to study at Ambrose University.

### Residence

We highly recommend all first year students under 21 years of age to live in Residence.

## English Language Requirement

All applicants, including Canadian citizens and permanent residents, whose primary language is not English must provide evidence of proficiency in English by meeting one of the following requirements:

- A minimum score of 560 on the paper-based Test of English as a Foreign Language (TOEFL) test, or a minimum score of 83 on the internet-based TOEFL test
- A minimum score of 6.5 on the International English Language Testing System (IELTS) Academic test
- A minimum score of 85 on the Michigan English Language Assessment Battery (MELAB)
- A minimum score of 70 on the Canadian Academic English Language Assessment (CAEL)
- A minimum score of 58 on the Pearson Test of English Academic (PTE Academic)
- A minimum score of 110 on the Duolingo English Test
- A passing grade in English 30-1 or its equivalent

If you have attended an equivalent institution in North America or can demonstrate English proficiency by other means, this requirement may be waived at the discretion of the university. More information on TOEFL is available at [www.ets.org/toefl](http://www.ets.org/toefl). The TOEFL institution code for Ambrose is 8915.

For the Bachelor of Education program's English Language requirements, please see the note in Program Specific Requirements.

Partnership with Mount Royal University on English Proficiency Program: If you do not meet our English proficiency requirements, there is still a way for you to join us. We have partnered with Mount Royal University, where they offer a full-time English Language Program, known as LEAP. LEAP has an academic focus, including instruction on reading, writing, listening, speaking, grammar, vocabulary and literature.

Successful completion of LEAP will prepare students for further academic study at Ambrose University and meet the English language requirement for admission.

## Fraudulent Documentation

Students seeking admission to the University must provide true, complete, and accurate information in their application. Students who falsify or omit information as part of the admission process, up to the add/drop deadline, may have their admission and registration cancelled by the Registrar's Office. After the course add/drop deadline, students who falsify or omit information may be subject to academic misconduct regulations. Students who have submitted false information may be identified to other post-secondary institutions. Falsified documents may be referred to the appropriate authorities for potential prosecution under the Criminal Code of Canada. Notwithstanding the foregoing, in the event a student becomes aware that the student has unintentionally made an error in the information submitted, or has unintentionally omitted any information, as part of the admission process, the student is required to immediately report the same to the Registrar's Office. The University will not take disciplinary action against a student that self-reports an error that was made reasonably and unintentionally. The University will only give consideration to students that self-report errors if such reports are made before the University has reason to believe that a student has falsified or omitted information as part of the admissions process.

## ADMISSION REQUIREMENTS

### Basic Admission Requirements

To be admitted into Ambrose under Regular Student status you must have a high school diploma or an equivalent with standing in five (5) Grade 12 level courses as follows.

A 60% average or higher in the following five subjects or their equivalent:

1. English 30-1
2. Subject from List A or B
3. Subject from List A or B
4. Subject from List A or B
5. Subject from List A, B, C or D

For a detailed list of these courses visit: [ambrose.edu/enrolment/provincial-requirements](http://ambrose.edu/enrolment/provincial-requirements). Please note that in addition to the Basic Admission Requirements listed above, specific programs may have additional requirements for admission. See Program Specific Requirements.

## Canadian Home-Schooled Applicants

Submit one of the following documentations of your senior matriculation:

- An official transcript from the provincial Department of Education showing proof of the required Grade 12 courses as noted under “Regular Student,” OR
- A portfolio; an SAT\* Reasoning Test score of 1400 or higher on the three sections of Critical Reading, Mathematics, and Writing, with no section test below 400, or an ACT score of 22 or higher; and an official letter from the home-schooling agency verifying Grade 12 courses.

*\*The SAT institution code for Ambrose is 5672.*

## International Baccalaureate/Advanced Placement

If you have completed International Baccalaureate (IB) or Advanced Placement (AP) courses in high school, you should inquire about receiving transfer credit. More information about IB\* and AP\*\* transfer credits can be found in the Transfer Credit section.

*\*The IB institution code for Ambrose is 03552*

*\*\*The AP institution code for Ambrose is 5672.*

## Expatriates and Children of International Workers

Your admission is based on your high school and/or post-secondary curriculum of study, rather your country of citizenship. For example, a Canadian citizen, living in Thailand, attending an international school with US based curriculum will be evaluated for admission on the basis of US entrance requirements. Please contact [enrolment@ambrose.edu](mailto:enrolment@ambrose.edu) if you have questions regarding applicable entrance requirements.

## International Applicants

If you are from a country other than Canada, your admission will be based on completion of the equivalent of Alberta senior matriculation (Grade 12). If your official high school transcript is in a language other than English, it is your responsibility to provide Ambrose University with a certified English translation of the transcript. You are advised to begin the application process one year prior to your anticipated enrolment. All students from countries other than Canada must possess a valid Study Permit and passport prior to entry to Canada, or be Canadian permanent residents or citizens. International students must present their letter of acceptance from Ambrose University, and proof of finances to cover costs of education and living expenses while in Canada to Canadian Immigration officials.

## United States Applicants

You will be considered for admission on presentation of all of the following:

- A high school graduation diploma with a minimum grade of C or 60% or better
- A complete SAT\* Reasoning Test with a score of 1400 or higher on the three sections of Critical Reading, Mathematics and Writing, with no section score below 400, or an ACT score of 22 or higher

## United States Home-Schooled

You will be considered for admission on presentation of all of the following:

- An SAT\* Reasoning Test score of 1400 or higher on the three sections of Critical Reading, Mathematics, and Writing, with no section score below 400, or an ACT score of 22 or higher
- A transcript from the home-schooling agency showing proof of completion of high school requirements
- A portfolio of learning

*\*The SAT institution code for Ambrose is 5672.*

## United Kingdom and Commonwealth Countries

We accept General Certificate of Education Advanced and GCSE/IGCSE/GCE Ordinary Level Certificates as senior matriculation with standing in five subjects with:

- At least two subjects at Advanced Level, one of which must be English
- No more than three subjects at Ordinary Level
- A minimum overall grade of C is required and no subject is accepted below C grade

## Other International Applicants

You must present the equivalent to Alberta senior matriculation. Normally, this means official certificates or credentials that would allow admittance to a university in your home country. Contact the Admissions Office for further information.

## ENTRY STATUS

You may be granted admission to Ambrose University with status in one of the following categories:

### Regular Student

If you are admitted to Ambrose on the basis of your high school education, you will be granted Regular Student status. You must meet Basic Admission Requirements as well as the requirements specific to the program you have chosen.

### Mature Student

If you are 21 years of age or older by September 30 (Fall Semester Entrance) or by January 31 (Winter Semester Entrance) and you do not qualify as a Regular Student, you can be considered for Mature Student status. To register as a Mature Student you must be a Canadian Citizen or a Permanent Resident, present a 60% average or higher in English 30-1 or its equivalent, and you may need to meet additional requirements for admission to specific programs. You may be asked to complete an English competency exam.

### Transfer Student

If you have completed 15 credits or more at another postsecondary institution, you may be considered for Transfer Student status. You must submit official transcripts of all post-secondary studies as well as official high school transcripts.

- Transfer credit towards Ambrose programs may be granted in accordance with university transfer credit policies.
- If you have post-secondary studies with a cumulative GPA of less than 2.0, or you are on Academic Probation from the previous institution, you may apply for admission on the basis of a Dean's Recommendation.
- If you have been required to withdraw from the previous institution for academic reasons, you are not permitted to register until one year has elapsed from the date that you were required to withdraw.

### Dean's Recommendation

If you do not meet regular admission requirements, you may submit a Letter of Appeal to the Academic Dean. After the Dean reviews your application and appeal, you may be granted admission on the basis of the Dean's official recommendation. Dean's Recommendation is a probationary status. While you may enter Ambrose under this status, in order to continue your studies you must achieve Regular Student status by attaining a minimum GPA of 2.0 in your first 12 credits. Thereafter, you will be subject to standard academic policies. If you do not maintain a GPA of 2.0 in your first 12 credits you may not be allowed to return for the next semester.

### Former Student

To re-enter Ambrose University after an absence of one year and one semester, submit an Application for the program you wish to enter and ensure that your former finance account is paid in full. You must also submit official transcripts of any post-secondary studies undertaken during your absence. The re-application process also applies if you were suspended from Ambrose and wish to return to continue studies. Re-entry requirements do not apply to students who were absent on Internship. When you are re-admitted under Former Student status you must fulfill current degree program requirements. If you have a GPA of less than 2.0, you may be re-admitted on academic probation.

## PROGRAM SPECIFIC REQUIREMENTS

### Bachelor of Arts: Behavioural Science

In addition to meeting the basic admission requirements, to gain admission to the *Bachelor of Arts: Behavioural Science* (Concentration or Major) you must present Math 30-1 or Math 30-2 or its equivalent with a passing grade.

Agreement with Bow Valley College: Ambrose partners with Bow Valley College (BVC) to offer pathways for BVC students to use their Addictions Studies Diploma, Child and Youth Care Diploma, and Justice Studies Diploma towards our Behavioural Science degree. Contact the Office of the Registrar for more information.

### Bachelor of Arts: Business Administration and Bachelor of Business Administration

In addition to meeting basic admission requirements, to gain admission to the *Bachelor of Arts: Business Administration Concentration* or *Bachelor of Business Administration* you must present Math 30-1 or Math 30-2 or its equivalent with a grade of 60% or higher.

## **Bachelor of Music and Bachelor of Arts: Music**

In addition to meeting basic admission requirements, to gain admission to the *Bachelor of Music* or *Bachelor of Arts: Music* you must:

- Satisfy the Advanced Rudiments (RCM) requirement (70% minimum grade)
- Pass an entrance audition in your chosen instrument

For your audition, prepare 10-12 minutes of music with varying styles represented. Auditioning in person is the preferred route, but we will accept a recorded audition if you live a considerable distance outside of Calgary. Please contact the music department for further information.

Minimum entrance proficiency:

- Piano – be prepared to begin Grade Nine level work
- Voice – demonstrate strong vocal potential. Formal vocal training is encouraged though not required.
- Guitar – demonstrate a strong, basic guitar skill. Performance is assessed on a case by case basis, and we have both jazz and classical guitar teachers.
- Strings, Brass, Woodwinds, Percussion – be prepared to work at a Grade Eight RCM or higher level

Agreement with Mount Royal University: A collaborative offering of the Mount Royal University (MRU) Conservatory's Advanced Performance Program (APP) and Ambrose University's music program presents an augmented performance-focused program of study for students that are capable of fulfilling the requirements of both institutions. Under this agreement, MRU Conservatory students will be able to apply for and complete a Bachelor of Music degree.

Alumni of the MRU Conservatory are able to complete a bachelor's degree at Ambrose University through the Prior Learning and Assessment Recognition (PLAR). Students currently enrolled in the APP will be given credit for up to the first two years of the degree program at Ambrose.

Through this agreement students can choose to:

- Study at Ambrose University and the Advanced Performance Program simultaneously, or
- Complete their degree at Ambrose University following completion of the APP

## **Bachelor of Arts: Psychology**

In addition to meeting the basic admission requirements, to gain admission to the *Bachelor of Arts: Psychology* Major you must present Math 30-1 or Math 30-2 or its equivalent with a passing grade.

## **Bachelor of Education (After-Degree)**

Admission is competitive. Present a completed bachelor's degree (minimum 90 credits) with a strong liberal arts component from a recognized university with a minimum average of at least 72% or a GPA of 2.7 on a 4.0 scale on your last 30 credits. Only complete applications will be considered for admission. The program has limited space and applications close when the program is filled. Early applications are encouraged and are necessary to be considered for scholarships.

If your primary language is not English, you must meet one of the following test score requirements:

- Test of English as a Foreign Language (TOEFL) 100 (iBT) with a minimum sub-score of 27 in Speaking, 25 in Writing, 24 in Listening and 24 in Reading
- International English Language Testing System Academic (IELTS Academic) – 8.0 with no bands below 7.0

## **Bachelor of Science: Biology**

In addition to meeting basic admission requirements, to gain admission to the *Bachelor of Science: Biology* Major you must have five Grade 12 level courses including English, Math (30-1 or equivalent), Biology, and Chemistry, with a minimum overall average of 60%. Physics and Math 31 (Calculus) are recommended but not required.

## **Diploma in Acting**

In addition to meeting the basic admission requirements, to gain admission to the Diploma in Acting, you must:

- Submit a resume and an essay
- Pass an entrance audition and interview

Auditioning in person is the preferred route, but we will accept a recorded audition if you live a considerable distance outside of Calgary. For more detailed information, visit <https://ambrose.edu/acting-program-requirements>.

## FINANCIAL INFORMATION

The following tuition and fee rates and financial policies are valid between May 1, 2022 and April 30, 2023. The fees as stated are correct at the time of publication. Ambrose reserves the right to change tuition and fees without notice.

### General Information and Policies

#### Tuition Deposit

In order to register for classes at Ambrose, you must make a \$250 non-refundable deposit. This deposit will be applied towards tuition fees for the current academic year. The deposit must be paid in the first semester in which you are registered, either in the Spring, Summer, Fall or Winter semester.

#### Due Date

Tuition and fees (including residence and meal plan fees) are charged by semester.

*Due dates are:*

- Fall Semester: August 31, 2022
- Winter/Spring Semesters: First Day of Classes

If you are unable to meet the semester deadline, you must contact the Finance Office to set up a deferred payment plan. Failure to do so will jeopardize your registration status in all of the classes you have selected.

#### Statement of Account

Student account statements are available online via the student registration system. A detailed breakdown of charges and payments can be seen by clicking on the "billing" menu item once you have logged in to the registration system. Access the registration system at <https://ambrose.edu/my-ambrose>. It is your responsibility to ensure your account is up-to-date.

#### Outstanding Student Account Balances

##### Previous Outstanding Balances (prior semesters)

Outstanding student account balances from prior semesters must be settled in full prior to the start of the next semester. If you have an outstanding account balance at the end of the Registration Revision period, you will be deregistered from all courses, a financial hold will be placed on your account until the balance has been paid and you will not be issued any documents including degree parchments, grade reports, transcripts, income tax forms, etc. Students that have applied to graduate will also be removed from the graduation list and must reapply once the balance is cleared.

##### Current Outstanding Balances (current semester)

Students with outstanding balances and no financial arrangements made:

- Will not be allowed to register in future semesters
- Current enrolment will be removed and financial charges will stand unless dropped before the Add/Drop deadline"
- Will not be permitted to sit any final exams or receive a final grade for the courses they are registered in
- Those involved in student leadership will be required to step down
- Members of the Ambrose Lions Athletics teams will not be permitted to participate

#### Methods of Payment

For detailed information on how to pay fees, visit <https://ambrose.edu/payment>.

### Student Finance and Financial Aid

We understand that finances are a vital aspect of university life and are committed to helping you achieve your educational goals through a Financial Aid program. Our Financial Aid and Awards Coordinator assists with scholarship applications, emergency relief, student employment and budget outlines.

### Late Charges and Deferred Payments

#### Late Fee

An outstanding balance on the student account is considered late at the end of the first month of each semester. Late accounts will be charged a one-time late fee of \$125.

#### Deferred Payment Options

For detailed information on how to defer payments, visit <https://ambrose.edu/payment>.

## Refunds

### Prior to Add/Drop Date

A full refund less the non-refundable registration deposit is available to students who reduce or change their course load by the last day to add/drop.

### Withdrawal from course(s) after the Add/Drop Date

No refunds will be available to students who withdraw from a single course or courses after the last day to add/drop.

### Withdrawal from Ambrose University

Students who withdraw from Ambrose University completely will receive a refund based on the following schedule:

|----------------|------------------|--|
| 100%           | 80%              | By the last day to add/drop. See the <a href="#">Academic Schedule</a> . |
| 80%            | 80%              | The end of the 1st week following the last day to add/drop               |
| 70%            | 70%              | The end of the 2nd week following the last day to add/drop               |
| 60%            | 60%              | The end of the 3rd week following the last day to add/drop               |
| 50%            | 50%              | The end of the 4th week following the last day to add/drop               |

*No refunds are available after last stated date above. Other semester fees are not refundable. Scholarships and other financial awards will be withdrawn.*

*Please note that the withdrawal date will be the date on which the withdrawal form is signed by the Registrar.*

## Extenuating Circumstances

Students who withdraw from course(s) after listed deadlines due to unexpected and uncontrollable circumstances including medical emergencies, compassionate grounds or unforeseen conditions and situations may appeal for an exception to the aforementioned policies. The VP of Finance of Ambrose University will review on a case-by-case basis.

Financial reimbursement will only be considered for appeals received during the same semester of the extenuating circumstance.

## Income Taxes T2202a

T2202s are issued based on eligible tuition and fees paid for each calendar year. Slips will be mailed to addresses on file. Please ensure your mailing address is accurate. Slips can be emailed by request. Please send all requests to [studentaccounts@ambrose.edu](mailto:studentaccounts@ambrose.edu).

Your social insurance number is needed to complete the slip. If you have not yet done so, please contact the Finance Office to submit this information: [studentaccounts@ambrose.edu](mailto:studentaccounts@ambrose.edu).

To request missing T2202a forms from a previous calendar year visit: <https://ambrose.edu/income-tax> for instructions to request another copy.

## Special Discounts

### Audit Volume Discount

Students who are registered in 15 or more credit hours in one semester can audit a class during the same semester and have the audit tuition fee waived.

### Alumni Discount

Alumni receive a 50% tuition discount on audited courses (subject to availability, some restrictions apply). All other related fees apply.

### Seniors' Discount

Senior Citizens (age 65+) receive a 50% tuition discount on audited courses (subject to availability, some restrictions apply). All other related fees apply.

### Spousal Discount

When both husband and wife attend Ambrose University as full-time students, one spouse will receive a discount equal to the tuition cost of one full course (3 credit hours) during the same semester. All other related fees apply. Students must be married prior to the beginning of the semester. Students must provide a copy of their marriage certificate.

The Spousal Discount Application form is available at: <https://ambrose.edu/financial-tools-and-resources>. The due date for applications is by the add/drop date. Late application forms will not be processed.

## STUDENT LIFE

Student Life cultivates a Christ-centered hospitable learning environment that promotes a flourishing community, faith formation and holistic well-being. To that end we offer a number of co-curricular programs, activities and services.

[ambrose.edu/student-life](http://ambrose.edu/student-life).

### Community Standards

Students who join our community and sign the Community Life Standards document (through the application process) commit themselves to following these standards. Each student must accept these responsibilities in order to remain part of the Ambrose community.

If you've been accepted to Ambrose but you feel that you cannot with integrity commit to the standards and responsibilities of Ambrose's living-learning community, we encourage you to discuss the matter with a member of the Student Life team. It might be best to consider pursuing a learning-living community that better fits your values.

If you are thinking of applying to Ambrose, we invite you to read through our [Community Life Standards](#) document.

### Spiritual Development

We intentionally seek to help students develop their Christian faith through:

- Chapel Worship Services
- One-on-one time with the Campus Chaplain and Associate Chaplain
- Deeper Life Conference and Faith, Life & Learning Days
- Prayer Retreat
- Discipleship Small Groups
- Residence Worship Nights

### Residence

The Ambrose Residence program is an integral part of the Ambrose experience. We offer a living environment that seeks to facilitate physical, emotional, relational and spiritual growth. The connections formed among students in residence significantly contribute to a sense of belonging at Ambrose and offers the opportunity to build life-long friendships. Our live-in Residence Director and Residence Assistants provide support as you make the transition from home to independent living. Building Community is our highest priority.

Our two Ambrose Residence buildings have the capacity to house students in single and double occupancy rooms, and it's all steps away from our academic building. Rooms are equipped with a bed, desk, chair and closet space for each student. Each room is connected to another by a bathroom which is shared with the adjoining room. Each floor contains a spacious lounge space equipped with couches, two refrigerators, a kitchen sink, cabinets and a microwave.

The residences were built with safety and security in mind and have programmable proximity card access systems, security cameras in the public areas and glassed stairwells with 24-hour lighting. The residence basement offers recreational space, laundry facilities, student storage, a media room and a kitchen that can be accessed for special occasions.

### Commuter Life

The Commuter Life program is committed to establishing an atmosphere of community, belonging and mutual learning among commuter students. Much of this community building happens in the Commuter Collegium, a campus living room set aside for study, prayer, relaxation, reflection and connection with other Ambrose students.

The Collegium is staffed by Commuter Life leaders who help build connections between commuters and contribute to learning by providing opportunities, to interact with faculty, grow spiritually, connect to community, and develop academically.

### Athletics and Campus Recreation

Ambrose University varsity teams compete under the name Ambrose Lions. The team colors are black, gold and white. The Ambrose Lions compete in the Alberta Colleges Athletic Conference (ACAC) in Volleyball, Basketball, Outdoor Soccer, and Futsal. We also have a club hockey team that competes in the Calgary Adult Hockey League. Team members are committed to excellence in character, sport and academics, and they strive to be examples in the league and in the community.

The Fitness Centre and squash courts are available to all students and intramural programming takes place throughout the year. You are encouraged to cheer on the Lions in their home gym, affectionately known as The Lions' Den, which has capacity for 400 spectators.

## **International Students**

It is our desire to make our international students' transition to Calgary a positive experience and to support students as they navigate university life. The international Student Advisor is here to support students in this journey.

[ambrose.edu/student-life/international-student-services](https://ambrose.edu/student-life/international-student-services)

## **International Student Employment**

International students are now eligible to apply for work permits if they meet specific degree requirements. Contact the International Student Advisor for details.

## **Health Insurance for International Students**

Alberta has a publicly administered health care system that guarantees Albertans receive universal access to medically necessary hospital and medical services. Alberta Health Care Insurance is free to all students with a study permit. Students are encouraged to apply for this as soon as possible upon entry into Canada. Supplemental Health and Dental insurance is available for all full-time students.

[ambrose.edu/ambrose-student-council/services](https://ambrose.edu/ambrose-student-council/services)

## **Wellness Services and Counselling**

Confidential personal counselling is available to you through the Student Life department. Counselling is free for the first 5 appointments and a nominal fee is applied for further sessions. For more information or to book an appointment, please visit our counselling page:

[ambrose.edu/counselling](https://ambrose.edu/counselling).

Students are provided with a variety of opportunities to learn about health and wellness through the Ambrose Wellness Services.

[ambrose.edu/wellness](https://ambrose.edu/wellness)

## **Harassment**

Ambrose University provides an environment that supports the fair treatment of all members of the campus community. All members of the community are entitled to a learning and working environment that is pleasant, professional, spiritually uplifting and free from all forms of harassment, including sexual harassment.

## **Sexual Violence Response and Awareness**

Ambrose takes sexual violence seriously. Students who have experienced sexualized violence will find support. There are also avenues to file a formal report. You will find our Sexual Violence policy and procedures and available supports on our website:

[ambrose.edu/sexual-violence-response-and-awareness](https://ambrose.edu/sexual-violence-response-and-awareness).

## **Student Government**

Ambrose Student Council members are elected and appointed to serve the holistic needs of the student body as part of the Student Life division and, in collaboration with Ambrose University, to represent your interests to the Ambrose administration. Ambrose Student Council facilitates student clubs and the health and dental plan on behalf of the undergraduate student body.

## ACADEMIC SUCCESS

### Accessibility Services

Ambrose University celebrates diversity and welcomes the contributions, experiences and full participation of students experiencing disabilities as valued members of our community.

Academic accommodation is provided to Ambrose students with disabilities in accordance with the Alberta Human Rights Act and the Canadian Charter of Rights and Freedoms. Provision of academic accommodation does not lower the academic standards of the university nor remove the need for evaluation and the need to meet essential learning outcomes.

Accessibility Services at Ambrose serves the university and students experiencing disabilities and requesting academic accommodation in creating an accessible learning environment that encourages full participation in academic courses.

Reasonable accommodations are tailored to the individual student, are flexible, and are determined by considering the barriers within the unique environment of a postsecondary institution. It can take time to organize academic accommodations and funding for disability-related services. Students with a disability who wish to have an academic accommodation are encouraged to contact Accessibility Services as early as possible to ensure appropriate planning for any needs that may include accommodations. Staff can then meet with students to determine areas to facilitate success, and if accommodations are required, ensure those accommodations are put in place by working with faculty.

### Ambrose Writing Services

Ambrose Writing services provides academic support in the four foundational literacy skills—listening, speaking, reading, and writing. It also assists students with critical thinking and the research process. Throughout the academic year, students can meet with a writing tutor for personalized support, or they can attend a variety of workshops offered by Academic Success. These services are free to students enrolled at Ambrose University. Academic Success serves all students in all disciplines and at all levels, from history to biology and from theatre to theology. To learn more, please visit [ambrose.edu/writingcentre](https://ambrose.edu/writingcentre).

### Ambrose Tutoring Services

Ambrose Tutoring services provides support in specific disciplinary knowledge, especially in high-demand areas such as chemistry, philosophy, math and statistics, and religious studies. These tutors also coach students in general study skills, including listening and note-taking. During the academic year, Ambrose Tutoring Services offers drop-in tutoring for courses with high demand; for other courses, students can book a one-to-one appointment with a tutor in their discipline. These services are free to students enrolled at Ambrose University. To learn more, please visit [ambrose.edu/tutoring](https://ambrose.edu/tutoring).

### Academic Intervention

If you obtain a CGPA lower than 2.0 after your first semester of study, you are invited to participate in the Academic Intervention program. The program enables you to identify academic challenges, and work to create a plan to improve academic success, in order to avoid Academic Probation. Academic Intervention is not recorded on your transcript. The goal of Academic Intervention is to create a custom plan for your future success.

### Student Information and Confidentiality

Information about Ambrose students that has come to the attention of Student Life professionals is confidential; however, limits to confidentiality include three exceptions: 1) if you or another person is at risk of serious harm, 2) if your information is subpoenaed in a court of law, 3) if disclosure to other persons is reasonably necessary to care for, support and provide interventions for a student.

### Personal Information Protection Act (PIPA) Policy

Ambrose University is committed to safeguarding the personal information entrusted to us. We manage your personal information in accordance with Alberta's Personal Information Protection Act and other applicable laws.

## ACADEMIC INFORMATION AND POLICIES

As a student, you are responsible to familiarize yourself with all academic policies. Acceptance into Ambrose constitutes your agreement to comply with all academic policies. You are responsible for all financial and academic policies and penalties as listed in this Academic Calendar. The Academic Calendar (including official errata and addenda) is the official authority on all course and program requirements.

If you have questions about these policies, want to apply for an exception to a policy or need to ask for judgment on a situation not covered by these policies, talk to someone in the Office of the Registrar.

## COMMUNICATION POLICIES

### Check Your Email

Your Ambrose email account is the University's primary and official mode of communication with you. Information delivered to your Ambrose email is considered official notification. Ambrose University is not responsible for your failure to receive important information delivered to your Ambrose email.

### Let Us Know if You Change Personal Information

You must notify the Registrar immediately of any changes to personal information including changes in address, name or citizenship. If you wish to change either your surname or given name you must provide proof of an official name change in the form of legal documentation. Ambrose University is not responsible for incorrect mailing, missed deadlines or failure to receive information when these incidents are due to your failure to report a change of personal information.

## DEFINITIONS

### Academic Year

The Academic Year consists of two primary semesters, Fall and Winter, with a minimum of 13 weeks in class each semester, plus an examination period. Spring semester, consisting of several weeks of modular and weekend courses, follows the Winter semester each year. See the Academic Schedule for details.

### Audit

This refers to pedagogical outcomes and fee structures. Only credit courses may be audited. There is not evaluative component, therefore, no credit is granted for completion of the course.

### Concentration

This refers to a group of 36-42 credits within a three (3) year degree and represents an increased focus on a particular area of study. These courses constitute the disciplinary specialty in a three-year degree. Concentrations must be constructed with a maximum of three (3) 100-level courses and a minimum of two (2) 300-level (or above) courses.

### Core Course

This is a course, or course component, which a student takes to fulfill the mission of the University and that is designed and listed as part of the principal requirements of the University's curriculum. Courses taken to satisfy this component of the program may also be used to satisfy requirements in either of the other categories (i.e., program requirements, electives).

### Course

A course is an academic unit of instruction that has a credit weight, typically with a credit value of three (3), but could have a value from 1 – 6.

### Course Level

Courses considered as junior level are those which have a course number in the 100s. Senior level courses are those numbered at the 200, 300 or 400 level. Courses in the 500 level are foundational in Education and the Seminary. Courses numbered 600 and 700 develop student learning within the discipline and lead to synthesis of the subject matter.

**Credit**

This refers to the value assigned to a course that counts toward program completion. Credit is determined by teaching mode, hours of instruction and length of semester or equivalent. The expectation is that undergraduate courses require 30 – 40 hours of academic effort per credit and Seminary courses require 40 hours of academic effort per credit, where academic effort includes class time (e.g., lectures, labs, studios, tutorials, etc.), experiential or blended components and all independent study (e.g., essays, assignments, readings, preparation, study, reflection, etc.). Education classes use a modified schedule condensing course delivery based on credit hours per course.

**Course Load**

A full student load is 15 credit hours (typically, five three- credit courses) per semester. If you wish to complete your degree program in the minimum time required, you must take a full load each semester. The Office of the Registrar may grant approval of loads in excess of 16.5 credit hours a semester to students who have demonstrated superior academic ability. Student athletes are strongly encouraged to take 12 credit hours per semester.

**Dual Credit**

Dual Credit courses give you credit for both high school and university simultaneously. The Ambrose University Dual Credit program enables high school students in Alberta to explore post-secondary areas of interest while receiving credit that they can apply to both their high school diploma and future university studies at Ambrose or elsewhere. This opportunity allows high school students to experience University level studies, making the transition between secondary education and post-secondary education seamless. Dual Credit programs are formal agreements between a Board of Education or School and Ambrose. Please contact your high school counselor to discuss your dual credit options.

**Full-time/Part-time Classification**

Students enrolled in 9 or more credit hours per semester are considered full-time. Students enrolled in less than 9 credit hours per semester are considered part-time.

**Open Studies Students**

Open Studies Student status is granted to eligible students wishing to take courses without enrolling in a particular academic program. This is a temporary designation only and students in this category are limited to registration in five courses. To continue in studies past the fifth course, you must apply and be accepted into an academic program through another admission category. No assurance is given that courses taken as an Open Studies Student will apply to an academic program.

**Visiting Students**

If you are enrolled in a program at another post-secondary institution, by presenting a Letter of Permission from your home institution you may take the course(s) specified in the Letter of Permission. You are not required to complete an application but may need to submit official transcripts to meet course prerequisites.

**Class Attendance**

You are expected to attend all classes in which you are registered. An instructor may determine and include in the syllabus an attendance policy appropriate to the particular course.

**Recording Lectures**

The recording of lectures or any other classroom and academic activity is not permitted unless cleared by the instructor prior to the event. Instructors are advised to work with the Accessibility Coordinator if recordings are related to student accommodations.

**PROGRAM INFORMATION****Baccalaureate Degree**

A baccalaureate degree is a provincially recognized program. A four-year degree consists of no less than 120 credits. A three-year degree requires 90 credits. A two-year after degree requires 60 credits. A degree is normally comprised of program requirements, core courses and electives. Because of accreditation or program approval requirements, the number of courses in each group may vary.

**School of Ministry Program**

The Association of Biblical Higher Education (ABHE) programmatic standards provide structure for these degrees.

## Two (2) Year After Degree Program (B.Ed.)

60 credits in 12 required courses (across 4 curriculum components) which are designed to articulate the competencies of the Alberta Teaching Quality Standard.

## Major

Majors are a minimum of 42 credits in a particular area of study in a four-year program with 30 credits taken at the senior level. The designation for Major will normally appear on the transcript and the degree parchment.

## Program Requirements

This is a set of prescribed courses within a program that defines the primary area of study or major.

## Concentration

A concentration contains the courses in a three-year program which are the disciplinary specialty. Students normally select their concentration when they apply to Ambrose University.

## Stream

This term is used in relation to four (4) year degrees and describes a subspecialty within a degree. A stream may range between 15 – 30 credits.

## Program Time Limits

The following time limits apply to the completion of degree and diploma programs at Ambrose:

- 4-year degree must be completed within 8 years of admission to the program
- 3-year degree must be completed within 6 years of admission to the program
- 2-year diploma must be completed within 4 years of admission to the program

## Change of Program

To transfer from one Ambrose University degree program to another, you must submit a Change of Program Application, meet any applicable program admission requirements and receive the approval of the Registrar. You should be aware of differences in core courses and program requirements before you transfer from one program to another. We advise you to consult the Finance Office concerning your student loans before submitting your Change of Program Application.

When you switch programs, any completed courses that satisfy your new program's requirements will be applied to the new program. Be aware that transferring to a new program may extend the time needed to complete your degree, especially if you haven't completed the new program's core or prerequisite courses. If you have completed relevant course work at other institutions, it will be re-evaluated for transfer credit in light of the new program requirements.

## Minors

Minors are a set of no less than 18 prescribed credits within a 120 or 90 credit program. They represent a second discipline as a complement to a major or concentration. Minors are recorded on transcripts but not degree parchments. A minimum cumulative GPA of 2.0 in all minor courses is required to earn a minor. Minors are not available to students in a diploma or certificate program. Multiple minors are permitted. Courses at the 400-level cannot apply to a minor for students enrolled in a ministry program.

Minors provide an opportunity to study a second discipline as a complement to your major or concentration. Minors are especially useful for students considering careers in education, communications, business, the social sciences, the natural sciences, history, general studies, and Christian ministry or for students enrolling in graduate programs. Students are not permitted to complete a minor in the same discipline as their major.

## Earning a Second Degree

To earn a second degree, you must submit a Second Degree Application to the Office of the Registrar. A second degree will be granted under the following conditions:

- you have met the admission requirements of the second degree program;
- your second degree is in a different area of study than your first degree;
- you meet all of the stated degree requirements for the second degree;

- at least 30 credit hours of work at Ambrose University towards your second degree has not been applied to the first degree, with at least 21 of the 30 credit hours completed at the senior level.

Ambrose University does not admit its graduates to the same degree a second time.

### **Earning a Double Major**

You can earn a double major by fulfilling all the major requirements of both programs as listed in the Academic Calendar. You may count courses to fill program requirements in both majors, but the required number of credits in both majors must still be completed. Please note that while you may earn two majors, only one degree will be granted. It is also important to note that Ambrose University cannot guarantee that course sequencing and timetabling will accommodate all the requirements of a double major within four academic years. In addition, be aware that meeting the requirements of both major programs could require completion of more than 120 credits.

Psychology and Behavioural Science are not available as a double major.

### **Earning a Double Concentration**

You may earn a double concentration by fulfilling all the concentration requirements of both programs as listed in the current Academic Calendar. While you may earn two concentrations, please note that only one degree will be granted. It is also important to note that Ambrose University cannot guarantee that course sequencing and timetabling will accommodate all the requirements of a double concentration within three academic years. In addition, be aware that meeting the requirements of both concentrations could require completion of more than 90 credits. General Studies is not available as part of a double concentration. Psychology and Behavioural Science are not available as a double concentration.

### **Upgrading a Concentration to a Major**

You may upgrade an Ambrose-granted three-year concentration degree to a four-year major by fulfilling the remaining requirements of the four-year major. When you complete the four-year major the three-year concentration degree will be rescinded.

## **REGISTRATION**

Registration is the process of selecting and enrolling in classes for upcoming semesters. You must make a \$250 non-refundable deposit before registration. This deposit will be applied toward tuition fees for the current academic year. The deposit must be paid in the first semester in which you are registered, either in the Fall or Winter semester. You become registered in a class only after the non-refundable deposit is received and your registration is submitted through the Student Portal. Only students who are registered will be permitted to attend class and receive a grade for the course. All registration for courses must be submitted through the Student Portal. If the class is full, you will be notified through the Student Portal that you are on the waitlist for that class. If a spot becomes available in the class, you will be notified through the Student Portal and you will have the option of accepting the registration at that time.

### **Course Selection**

You are responsible for ensuring that the courses you take are appropriate for your program, that they do not have any scheduling conflicts, that they have the necessary prerequisites and that they meet all degree requirements. Information about course prerequisites may be found in the Course Descriptions. Not all courses are offered every year, so select your courses carefully. Check the course description to see how often a course is offered.

You will be assigned a faculty academic advisor who will assist you in understanding academic requirements and course selection. You are strongly encouraged to meet with your advisor early and often in your academic career. Additional assistance may be obtained from the Office of the Registrar.

A Degree Audit is available to you through the Student Portal, which outlines your requirements and is updated automatically as you progress in your program.

### **Course Substitution**

A Course Substitution request determines whether an Ambrose University course that is not included in the list of required courses of a program can be used to fulfill a specific course requirement. A course substitution does not replace prerequisite requirements needed to enrol in courses. To request approval for a Course Substitution, submit a Course Substitution Request form to the Office of the Registrar.

### Directed Study

A Directed Study is a privilege whereby you may attempt a course which is either not currently offered, or is offered but for which you cannot register due to unavoidable circumstances. An application for a Directed Study must be approved by the appropriate Academic Dean and the Registrar.

Directed Studies will be considered under the following conditions:

- your cumulative GPA is 2.0 or higher;
- the course is a required course in your degree program (elective courses are not normally eligible for Directed Study); and
- the course has been unavailable to you due to unavoidable circumstances. \*

*\*By this it is meant that*

- a) *the course has not been offered;*
- b) *you have not had the necessary course prerequisites; or*
- c) *you have or have had an unavoidable scheduling conflict between the required course and another course necessary for the degree program.*

Scheduling convenience and work or personal conflicts do not constitute adequate grounds for a Directed Study application.

The Directed Study course will not be officially registered until all necessary approvals, signatures and a course syllabus have been obtained.

Where an undergraduate student wishes to take a seminary course that is not formally cross-leveled, the student will apply to the Registrar for a Directed Study course. Such courses require approval of the instructor and the Dean. The student will be required to meet the workload requirements of the seminary syllabus. The course will be listed on the student's transcript as an undergraduate course. Directed Studies are only open to Ambrose students who are enrolled in a degree program.

### Independent Study

An Independent Study is an individual research project which investigates an area or topic not treated extensively in a regular course. It is to be designed in consultation with the instructor who supervises the Independent Study. This option is limited to third or fourth year degree students whose cumulative GPA in their major field is 3.0 or higher.

To undertake an Independent Study, you must submit a completed application form to the Office of the Registrar by April 1 for Spring semester, May 1 for Fall semester, and by December 1 for Winter semester. The course will not be officially registered until all necessary approvals, signatures and the course syllabus have been obtained.

Independent Studies are only open to Ambrose students who are enrolled in a degree program.

### Auditing a Class

You may audit individual classes with the approval from the Office of the Registrar, in consultation with the course instructor. You must attend class but will not be required to complete assignments. No credit is granted for such courses. Your assignments and exams will not be graded, although reading may be required. If you do not attend an audited class regularly, an audit-fail (AUF) final grade will be assigned. Audit courses will be noted as such on your transcript. If you take 15 or more credit hours in any semester you may audit one class free of charge in that semester, subject to the approval noted above. To audit a class, submit a *Request to Audit* form to the Office of the Registrar.

### Course Overloads

The Registrar may grant approval of loads in excess of 16.5 credit hours per semester to students who have demonstrated superior ability. Your cumulative GPA will be a factor in determining permission to exceed this limit. To request approval for an overload, submit a Request for Course Overload form to the Office of the Registrar.

### Registration Period

Once you are admitted to an Ambrose program you may register for courses through the Student Portal after the official Course Offerings schedule is published for the semester. If you want to register for a course without being admitted to a program, submit a Registration Form for Individual Courses to the Office of the Registrar.

Changes to the course schedule, including cancellation of classes, may be made without prior notice. If a change is made, your timetable will be amended accordingly and you will be notified by email.

**Add/Drop Deadline**

Before the add/drop deadline you may add, drop or change a course from credit to audit through the Student Portal with no academic or financial penalty. You are responsible for any change of registration made necessary by final grades at the end of a semester. Please consult the Academic Schedule for specific dates for regular semester courses. For courses that do not follow the regular semester format, please contact the Office of the Registrar.

**After the Add/Drop Deadline**

You may withdraw from courses with financial penalty (no refund of tuition). If you withdraw from a course, a grade of 'W' will be recorded on your transcript. Withdrawal from a course must be requested by the final date to withdraw, which is noted in the Academic Schedule. No tuition refunds are granted for any course changes. You may not add courses to your current term schedule. You may not change from credit to audit.

**Repeating Courses**

You may repeat a course only once, unless special permission is granted by the Registrar for a third attempt. When a course is repeated, it will be entered a second time, along with the new grade, on your transcript. This new grade will be used to calculate your cumulative GPA and the original attempt will appear with the final grade 'FR' (failed, repeated) or 'R' (passed, repeated), as appropriate. Should permission for a third attempt of the same course be granted the earned grade on the second and third attempts will show on the transcript and be used in the calculation of the grade point average (GPA).

**Withdrawal from Courses**

If you intend to withdraw from a course after the Add/Drop deadline, you must apply through the Office of the Registrar by submitting a *Withdrawal from Course* form.

A grade of 'W' will be recorded on your transcript for any withdrawal from courses, regardless of cause, that you make after the Add/Drop deadline and before the Withdrawal Deadline (also noted in the Academic Schedule). 'W' grades are not included in grade point average calculations.

If you are obliged to withdraw from a course after the withdrawal deadline because of health or other reasons beyond your control, you may apply to the Registrar for special consideration. For modular courses, the withdrawal deadline is before 1 pm on the first day of class.

**Withdrawal from Ambrose**

To withdraw from Ambrose University, you should ensure you are not registered in classes and notify the Office of the Registrar. The Finance Office is able to make monetary adjustments to your account only if you are eligible for a refund and only after receiving notification. See Financial Information for further details.

**Failure to Withdraw**

You are liable for tuition and fees for all courses in which you are registered. If you register and decide not to attend, but do not cancel your registration before the Add/Drop deadline, you will be charged tuition and compulsory fees according to the Ambrose University fee assessment schedule listed under Financial Information. If you intend to withdraw from a course, but fail to do so by the applicable date, you will receive the grade you earn in the class, in accordance with the course syllabus.

**TRANSFER CREDIT****New Students**

You may receive transfer credit for previous post-secondary studies at recognized institutions. The Office of the Registrar will evaluate your transfer credit once you are admitted to a particular degree program and only after your official transcripts have been sent directly to Ambrose from the institution where the credits were earned. If your transcript is in a language other than English, it is your responsibility to provide Ambrose University with an official English translation of the transcript.

To be considered for transfer, a course must be equivalent or near to the equivalent of a degree requirement, or fit within the maximum number of elective credits allowed in the particular degree program selected. Practicum, Internship and Mentoring courses are not eligible for transfer into an Ambrose program. Assessments are made on a case-by-case basis. A course taken at any time previously is eligible to be considered for recognition; some courses' content may be considered time-sensitive.

You may register for courses before we complete any necessary transfer credit evaluation. However, you may miss out on transfer credit by doing so. Credit can be granted only once for similar course work, so you could end up registering and being required to pay for a course that would have been unnecessary if we had known that you could be offered transfer credit instead. Therefore, we advise you to register after your transfer credit evaluation is complete.

### **Reasons Transfer Credit May be Denied**

- The courses are not appropriate for your chosen Ambrose program
- You have completed more junior-level courses than your chosen program permits
- You have been taking more transfer courses than the maximum allowed by the program
- The course does not meet the minimum grade requirement for transfer courses
- The institution where the course was taken does not meet accreditation standards for transfer credit
- The course is a Practicum, Internship and/or Mentoring course

*See Conditions of Transfer below for more detailed information.*

### **Current Students: Letters of Permission**

With a Letter of Permission, degree-seeking students may take courses at other properly accredited institutions for transfer into a degree program. Such permission is subject to approval by the Registrar. You can request a Letter of Permission through the Office of the Registrar. In order to meet approval for a Letter of Permission, you must have earned at least 15 credits at Ambrose, with a cumulative GPA of 2.0 or higher. If you are currently under Academic Probation, you are ineligible for Letters of Permission. Without special permission, you cannot take more courses as a visiting student in a regular semester than the number of credits you are taking at Ambrose University in a regular semester. You must observe our residency and graduation requirements if you plan to graduate from Ambrose University. Once you receive a final grade for a course taken at another institution, you must request that an official transcript be sent directly to the Office of the Registrar at Ambrose.

### **Conditions of Transfer and Letters of Permission**

Students wishing to transfer credits or obtain Letters of Permission should take note of the following:

- You must have earned a grade of not less than C (according to the Ambrose grade scale) in all courses for which transfer credit is desired;
- You must complete a minimum of 45 credits at Ambrose University for all three-year degree programs and 60 credits for all four-year degrees;
- You will not be permitted to complete courses at another institution during your final semester of study;
- Transfer credit cannot be applied to the University Studies Diploma or Associate in Ministry diplomas;
- Transfer credit, including Letters of Permission, may not exceed half of the disciplinary courses in any Arts and Science degree program;
- All transfer credit evaluations are program specific. A change of degree program may therefore result in changes to transfer credits awarded;
- Grades from transfer credits are not noted on transcripts and are not considered when calculating your GPA or cumulative GPA;
- Credit is given for courses taken at accredited academic institutions provided such courses meet degree requirements, subject to certain limitations.

### **Alberta Council on Admissions and Transfer (ACAT)**

Ambrose is a partner institution of Alberta's articulated transfer system and fully supports ACAT's mandate to ensure transferability of courses and programs within the province to the benefit of students. Ambrose University has formal agreements for transfer with other institutions in Alberta which may be found on the ACAT website: [www.transferalberta.ca](http://www.transferalberta.ca).

### **International Baccalaureate (IB) and Advanced Placement (AP)**

Transfer credit may be given for International Baccalaureate (IB) or Advanced Placement (AP) courses taken in high school. Students who have earned IB or AP credits will be evaluated individually to determine what credit, if any, they may receive. For IB, only Higher Level courses with a grade of 4, 5, 6 or 7 will qualify for evaluation. AP grades of 3, 4 or 5 will qualify for evaluation. The application of transfer credit requires the submission of official IB or AP transcripts sent directly to the university.

### **College Level Examination Program (CLEP)**

Transfer credit may be given for CLEP examinations, administered by The College Board in the USA. Contact the Office of the Registrar for further information.

### **Association of Biblical Higher Education (ABHE) Accredited Institutions**

Transfer credit will be considered for courses taken at an ABHE accredited institution for the B.Th. degree and is subject to the conditions of transfer listed above. Transfer credit for courses students have taken at an ABHE accredited institution will be considered on a case-by-case basis for Arts and Science programs. The criteria provided in the non-formal learning policy (below) is the basis of the transfer decision. Note that in granting this transfer credit, Ambrose is granting credit other qualification certification boards may not recognize.

### **Block Transfer Agreements**

Ambrose has agreements with ABHE accredited institutions whereby certain courses are accepted as equivalent to B.Th. classes. These agreements are reviewed every five years.

Currently, we have agreements with:

- Vanguard College, Edmonton Alberta
- Horizon College, Saskatoon Saskatchewan

### **North American Institute for Indigenous Theological Studies (NAIITS): An Indigenous Learning Community**

An agreement between Ambrose and NAIITS: An Indigenous Learning Community provides Indigenous-specific courses for Ambrose students that are designed and taught by qualified, primarily Indigenous instructors, using Indigenous methodologies within a contemporary context. For further information, see the course descriptions or contact the [Office of the Registrar](#).

### **Recognition of Prior Learning: Unaccredited Institutions**

Recognition of prior learning for undergraduate credit from unaccredited educational settings will be considered on a course-by-course basis. The conditions of recognition are evaluated in consideration of the course description and learning outcomes of the syllabus of the most recent offering of the equivalent Ambrose course. The student applying for recognition of prior learning is responsible to provide documentation of these three aspects of the course (or program) being assessed for recognition:

- Entrance requirements for the non-formal program or course
- The academic credentials of the instructor(s)
- An overview of the course content including a general description of the course with a list of the topics included; time in class, description of the required reading, and outline of the assessment process

Typically, a successful application would indicate that the program had a Grade 12 entrance requirement, that the instructor had a minimum of a Masters' degree, that the course content overlapped the Ambrose course by at least 60% with equivalent reading and that the assessment process demonstrates that the student successfully accomplished the course.

Any applicable Conditions of Transfer (above) apply.

9 credit hours of prior learning will be considered for B.Th. program. 6 credit hours will be considered for any Arts and Science degree. No recognition of prior learning in the B.Ed. program will be considered.

The application for recognition of prior learning is made to the Office of the Registrar who will bring a recommendation to Undergraduate Academic Affairs. There is a fee of \$100 for this assessment.

### **Capernwray Prior Learning Credit**

If you have completed Capernwray studies, a limited number of credits may be awarded as Prior Learning Assessment and Recognition (PLAR) credit, depending on the program you are applying to enter at Ambrose. Please contact the Office of the Registrar for further information.

### **Recognition of Prior Learning: Life and Work Experience**

At present, Ambrose University does not have the capacity to recognize experiential learning acquired through life and work experience.

## **TRANSCRIPTS**

Student academic history records, known as transcripts, are maintained by the Office of the Registrar. All matters relating to courses, grades, academic standing and probation will appear and remain permanently on your transcript. Partial transcripts will not be issued.

You are responsible for ensuring the accuracy and completeness of your transcript. Queries regarding errors or omissions must be made as soon as possible.

## Official Transcripts

Official academic transcripts bear the signature of the Registrar and the University seal, and are printed on security paper. They are issued by the Office of the Registrar. Official academic transcripts include the terms in which registration took place and the associated grades or grade symbols that were assigned. The academic transcript also includes the student's current or most recent program degree(s), major(s), minor(s), concentration(s), and specialization(s), as appropriate.

Official copies of your transcript will be provided upon written request from you, but only when all of your fees and outstanding amounts have been paid in full. Official transcripts may be issued to you personally or to an institution you designate in writing.

Transcripts cannot be issued on the basis of a telephone or email request.

Official transcript requests are usually processed within 5 business days but may be up to 10 business days during peak academic seasons from the time of the request, provided the student's account has been paid in full and payment received. Incomplete forms may result in a delay in processing. Requests are processed in the order in which they are received.

## Unofficial Transcripts

Unofficial transcripts are similar in content to official transcripts; however, they are not printed on security paper and do not bear the Registrar's signature or the University seal. Current students may access and print unofficial transcripts through their Student Portal.

Please note: As part of the admissions transfer credit process we may collect transcripts from other institutions and keep them on your student file, but legally we cannot release transcripts from another institution.

## Withholding of Documents

Official and unofficial academic transcripts will not be issued if the student has any outstanding financial obligations to the University.

# COURSEWORK EXTENSIONS

Should a request for a time extension on coursework exceed the end of the term, a Coursework Extension Application must be completed and submitted to the Office of the Registrar. The extension (if granted) will be recorded on the student record. Extensions are granted at the discretion of the instructor and are normally granted for 30 days beyond the last day of the term.

Normally, Course Extension Applications will be considered only when all of the following conditions are met:

- the quality of prior course work has been satisfactory;
- circumstances beyond your control, such as an extended illness or death of a family member, make it impossible for you to complete the course work on time; and
- you submit *Coursework Extension Application* to the Office of the Registrar on or before the deadline specified in the Academic Schedule.

If granted, time extensions do not excuse you from a final examination where one has been scheduled for the course.

A temporary grade of TX will be assigned until a final grade is submitted in accordance with the new deadline. A final grade of F will apply to:

- all course work submitted after the end of the semester unless a coursework extension has been granted; and
- all course work submitted after the revised due date provided by an approved extension to coursework.

# FINAL EXAMINATIONS

## Assessments and Examinations

### Scheduling

All final examinations (except modular and spring semester courses) must be scheduled by the Office of the Registrar except in the case of take-home examinations, oral examinations, or term projects. Modular or alternative courses offering final examinations are scheduled by the instructor.

Take-home examinations must start on or after the first day of final exams and not extend beyond the last day of final exams. Instructors must provide a minimum 72-hour time for completion.

All other in-person assessments must be scheduled within regular class time. In-person assessments may not be held on non-instructional days (e.g. fall or winter breaks) or after the last day of classes, as indicated in the academic schedule, except in those special cases where prior approval has been obtained from the Dean of the faculty member offering the course.

### Limitations

In the final 14 calendar days of class, instructors should not carry out examinations (or assessments that could reasonably be interpreted as a replacement) that total more than 15% of the final grade, except in the case of laboratory or oral testing, presentations, or summative projects/papers.

### Scheduling of Final Examinations

The dates for Final Examinations are noted in the Academic Schedule. Students and instructors must be available for examinations up to the last day of the examination period. You are advised not to make travel plans outside of Calgary before the end of the Final Examination Period. The Examinations Timetable for Fall and Winter semesters will be published mid-September and mid-January. Final examinations must be taken at the time specified in the official Examinations Timetable.

### Re-scheduling Examinations

If you need to write a final examination at a time other than the scheduled final examination, and you meet the criteria below, you must file a *Revised Final Exam Request* form with the Registrar's Office. This date is noted in the Academic Schedule.

Such a request will normally only be considered in one of the following circumstances:

- The scheduled final examination slot conflicts with another examination; or
- The scheduled final examination slot results in three consecutive examination periods.

*Travel plans will not be considered an appropriate reason to request a revised final examination.*

If you miss a final examination due to unforeseen circumstances, you must apply for a deferred final examination within 48 hours of the missed examination. If you are prevented from writing a final examination by illness or other extreme circumstances, you must apply to the Registrar for an alternate examination timeslot. Individual examinations are scheduled by the Office of the Registrar. All requests for deferral of a final examination due to health reasons must be accompanied by a letter from a physician.

Late applications for a re-scheduled examination due to examination time slot conflicts will be accepted.

### Final Examination Papers

After grading, all final examination papers will be retained for a period of six months after the release of official grades. During this time, you may request to see your final examination for educational purposes. You will not, however, be permitted to remove or copy your examination papers. After six months, all final examination papers, as well as any unclaimed assignments, will be destroyed.

## FINAL GRADES AND GRADE POINT AVERAGES

### Grade Reports

Upon completion of each semester, you may view grades for courses in which you were officially registered through your Student Portal. You are responsible to ensure the accuracy of this information.

### Grade Point Averages

Satisfactory progress toward completion of a degree program is judged on the basis of cumulative grade point average. The grade point average (GPA) is calculated on a semester basis by adding the quality points earned in each course and dividing by the number of credit hours in which you are enrolled. Pass/fail credit hours are not used in calculating GPA or cumulative GPA. Similarly, grades from transfer credits are not considered when calculating your GPA or cumulative GPA.

The cumulative GPA is the average calculated by adding the total quality points you have earned in all courses and dividing the total by the sum of all attempted credit hours in which you have been enrolled at Ambrose University.

### Letter Grade and Grade Point Average

The grading system used at Ambrose University is the Alberta Common Grading Scale, also known as the Alpha 4.00 Grading Scale. Grades have the following meanings:

| Grade | Interpretation | Grade Points    |
|-------|----------------|-----------------|
| A+    | Excellent      | 4.00            |
| A     |                | 4.00            |
| A-    |                | 3.70            |
| B+    | Good           | 3.30            |
| B     |                | 3.00            |
| B-    |                | 2.70            |
| C+    | Satisfactory   | 2.30            |
| C     |                | 2.00            |
| C-    |                | 1.70            |
| D+    | Poor           | 1.30            |
| D     |                | 1.00            |
| F     |                | 0.00            |
| AE    | Aegrotat       | No grade points |
| AU    | Audit          | No grade points |
| AUF   | Audit-Fail     | No grade points |
| FR    | Failed-Repeat  | No grade points |
| P     | Pass           | No grade points |
| R     | Repeat         | No grade points |
| TX    | Time Extension | No grade points |
| W     | Withdrawal     | No grade points |

Because of the nature of the Alpha 4.00 system, there can be no uniform university-wide conversion scale. The relationship between raw scores (e.g. percentages) and the resultant letter grade will depend on the nature of the course and the instructor's assessment of the level of each class, compared to similar classes taught previously.

### Aegrotat Grade

The Academic Affairs Committee may authorize a final grade of 'Aegrotat' when course requirements are not met due to prolonged illness or other circumstances beyond a student's control.

### Deans' List

The Deans' List recognizes superior academic achievement. Deans' List achievements at Ambrose will be recorded each semester on the student's official transcript. Students in the Bachelor of Education After-degree program are not eligible for Deans' List.

At the end of each academic semester, the Vice President, Academic Affairs of Ambrose publishes a list of students who have earned at least a 3.50 GPA during the preceding semester on a minimum of 12 graded credits at Ambrose University. This applies to students in degree programs only. Students with incomplete grades are not eligible for Deans' List.

### Appeal of Final Grades

You are responsible for ensuring the accuracy of information on your transcript.

There are three levels to a final grade appeal. The first two levels are adjudicated on the academic merit of a students' work. The third level of the appeal process is based solely on the process by which the academic appeal decision was reached. During the course of the grade appeal process, a student retains the right to participate in all classes until a final decision is given.

#### Level 1

An appeal for change of final grade begins with the course instructor within 5 business days of receiving notification of the final grade. If the instructor agrees to change the final grade, the instructor must submit a Change of Grade form to the Office of the Registrar.

**Level 2**

If you are not satisfied with the decision at Level 1, you may initiate Level 2 of the process by applying for an appeal through the Office of the Registrar. An application for a final grade appeal must be submitted on the appropriate form within 15 days of receiving notice of the final grade.

If the Chair is also the instructor responsible for the course grade, the form shall be conveyed to the Dean of the faculty offering the course.

The Chair (or designate) has the authority to take any action s/he determines is appropriate in adjudicating the grade appeal. At the Chair's discretion, the final grade may be increased, decreased, or left unchanged. The Chair's decision must be recorded on the appeal form which is to be returned to the Office of the Registrar no later than 10 business days after receiving the appeal. The Chair is responsible for providing the student and instructor with written notification of the decision and ensuring the Registrar is copied on the communication.

**Level 3**

If you are not satisfied with the decision of the Chair, for a fee, the application will be reviewed by the Academic Appeals Committee. An appeal form must be submitted to the Office of the Registrar no later than 7 business days after a decision at Level 2. The Chair of the Academic Appeals committee must be satisfied there are grounds for a Level 3 appeal (see Procedures for Appeal section in this Calendar for grounds for appeal). If the Chair is not satisfied that the appeal has merit, s/he may deny it. If an Academic Appeals committee is convened, the meeting must occur no later than 20 working days after receipt of the original notice of appeal of the Chair's decision. The appeals committee has the authority to take any action it determines is appropriate in adjudicating the appeal. The decision of the Academic Appeals committee is final. If the appeal is successful, the fee will be reimbursed. The Chair of the Academic Appeals Committee is responsible for providing the student, chair and instructor with written notification of the decision and ensuring the Registrar is copied on the communication.

## CLASSROOM COMMUNITY STANDARDS

Students are responsible to conduct themselves in a manner that enhances, respects, and does not disrupt or bring harm or disrepute to Ambrose or members of the University Community. In accordance with the Community Standards and Procedures, the following outlines the Classroom Community Standards.

### Standards of Behaviour in the Classroom Setting

Learning is an active and interactive process, a joint venture between student and instructor and between student and student. Some topics covered within a class may lead to strong reactions and opinions. It is important that Students understand that they are entitled to hold contradictory beliefs and that they should be encouraged to engage with these topics in a critical manner. Committing to this type of "active learning" significantly increases the learning experience for both teacher and student, and reflects the Christian imperative to pursue truth, which lies at the heart of the Ambrose educational experience. However, active discussion of controversial topics will be undertaken with respect and empathy, which are the foundations of civil discourse in the Classroom Setting.

### Management of Behaviour in the Classroom Setting

Primary responsibility for managing the classroom rests with the instructor. The instructor may direct a student to leave the class if the student engages in any behaviour that disrupts the classroom setting. If necessary, Ambrose security will be contacted to escort the student from class.

### Misconduct

Broadly defined, non-academic misconduct in the classroom setting includes behaviours that:

- Violate established civil rights, human rights, and criminal statutes
- Harm (or could be reasonably expected to harm) the mental or physical health or safety of self or others
- Bully and/or harass Members of the University Community
- Neglect or recklessly endanger the well-being of individuals, whether members of the University Community or not, that are a part of, or affected by, the classroom setting
- Damage or otherwise interfere with the physical classroom setting
- Violate the ethical standards of one's intended profession (e.g., clinical settings, practice, directed field studies, internship, etc.).

## Complaints and Appeals

Please consult the [Community Life Standards: Complaints and Appeals](#) for more information.

## ACADEMIC MISCONDUCT

Academic misconduct is taken seriously at Ambrose University as it undermines our academic standards and affects the integrity of each member of our learning community.

### Academic Dishonesty

Academic dishonesty is defined as any attempt to obtain credit for academic work through fraudulent, deceptive or dishonest means.

#### Cheating

Cheating is a serious form of academic dishonesty. Cheating includes, but is not limited to:

- sitting for an examination by surrogate or acting as a surrogate;
- tampering or attempting to tamper with examinations, grades or class records;
- communicating with another student during an examination in a dishonest way;
- bringing into an examination any textbook, note book, paper, information or electronic device not authorized by the instructor or examiner;
- consulting any person or materials outside the examination room without permission to do so;
- attempting to read other students' examination papers, or allowing another student to read an examination paper.

#### Plagiarism

Plagiarism involves presenting someone else's ideas, words or work as one's own. Plagiarism is fraud and theft, but plagiarism can also occur by accident when a student fails or forgets to give credit to another person's ideas or words.

Plagiarism includes, but is not limited to:

- submitting work previously submitted in another course without the consent of the instructor;
- representing the words, ideas or work of another as one's own in any academic exercise;
- conducting any act that defrauds the academic process.

Nearly all forms of plagiarism can be avoided by giving credit to others whenever using:

- another person's idea, opinion or theory;
- any facts, statistics, graphs, drawings, i.e., any pieces of information that are not common knowledge;
- quotations of another person's actual spoken or written words;
- a paraphrase of another person's spoken or written words.

### Penalties and Procedures for Academic Dishonesty

If an instructor finds sufficient evidence of academic dishonesty on your part, you will be subject to penalty. Any form of academic dishonesty may result in a zero grade on the assignment, loss of credit in that course, suspension or other administrative action. Where there is reason to believe you are in violation of an academic standard outlined in the academic policies, the following process will be in effect:

Normally, the respective faculty member will deal with the matter, although the Academic Dean may be involved at the request of the faculty member. Faculty members have the authority and responsibility to assess penalties for academic dishonesty, which will normally be an 'F' on the work so compromised.

In any event, the matter will be reported to the Dean, and a written record will be kept of the violation in your permanent file. The Dean has the authority to impose any penalty considered appropriate for the infraction. The most severe penalty imposed will be a recommendation to the President that you be dismissed from the University.

If your case has been referred to the Dean by your instructor, you may appear before the Dean to present your case. Whenever you appear to present your case before an individual or committee, you may bring one other person who is able to support you. However, this person may not be professional legal counsel.

You have the right to appeal a decision made in response to academic dishonesty, academic probation or suspension from Ambrose University on the following grounds (see [Procedures for Appeal](#)):

- there is evidence available that was not considered in the decision;
- there is evidence of prejudicial treatment in the decision; or the appropriate process, as outlined in the Academic Calendar, was not followed.

### **Credential Rescission**

If Ambrose determines that credential rescission is warranted due to fraudulent documentation, the Dean (or designate) of the appropriate Faculty may make the recommendation for rescission to the Vice-President, Academic Affairs. The original conferring of a degree, diploma or certificate may be permanently deleted from the student's academic record. A notation of "<Degree/Diploma/Certificate> Rescinded" and the date of rescission will appear permanently on the student transcript.

## **ACADEMIC STANDING**

### **Academic Probation**

If you fail to meet a minimum 2.0 cumulative GPA in a semester, you will be placed on Academic Probation. The probation will apply to the next semester in which you are enrolled. While on Academic Probation you may not participate on intervarsity athletic teams, in student government or represent Ambrose University in extracurricular groups. Other restrictions, such as a limited course load, or completion of a learning contract may be imposed. Be aware that Academic Probation is noted permanently on your transcript.

### **Academic Suspension**

If, while on Academic Probation, you do not meet the relevant minimum performance level in the semester in which probation occurs, you may be suspended from further studies at Ambrose University. Be aware that Academic Suspension is noted permanently on your transcript. While under Academic Suspension you must remain out of Ambrose University for at least one year from the date of suspension. You may apply for readmission after one year of absence, provided you have enough course attempts remaining to satisfy the program requirements with an overall GPA of 2.0. See the Admission section for information on the readmission process. When you apply for readmission, in addition to meeting all readmission requirements, you must provide evidence of a changed approach to studies at Ambrose University.

You have the right to appeal a decision made in response to academic dishonesty, academic probation or suspension from Ambrose University on the following grounds (see [Procedures for Appeal](#)):

- there is evidence available that was not considered in the decision;
- there is evidence of prejudicial treatment in the decision; or the appropriate process, as outlined in the Academic Calendar, was not followed.

## **PROCEDURES FOR APPEAL**

You have the right to appeal a decision made in response to academic dishonesty, academic probation or suspension from Ambrose University on the following grounds:

- there is evidence available that was not considered in the decision;
- there is evidence of prejudicial treatment in the decision; or
- the appropriate process, as outlined in the Academic Calendar, was not followed.

The decision of a faculty member or of an Academic Affairs Committee may be appealed to the Academic Appeals Committee of the General Faculties Council using the appropriate form. You must make this appeal in writing within seven days of having been informed of the decision, stating the basis on which the appeal is warranted. The decision of the Academic Appeals Committee is final.

## GRADUATION

On the recommendation of the faculty, degrees and diplomas are conferred by the President of Ambrose University at a spring Convocation of the faculty, alumni, graduands and their guests.

### Graduation Application

To receive a degree, you must submit a Graduation Application form to the Office of the Registrar no later than the date noted in the Academic Schedule.

A Graduation Application fee of \$125 must accompany the application. Applications received after the deadline may be accepted for consideration or they may be held until the next convocation ceremony. Those that are accepted will be charged a late fee of \$100 in addition to the graduation fee.

The Graduation Application form alerts the Office of the Registrar to review your academic record and recommend that the President grant your degree. If you want to graduate you must, therefore, complete the Graduation Application form by the prescribed deadline and pay the Graduation Application fee, even if you do not plan to attend the convocation ceremony.

Former students cannot apply to graduate with a degree which is no longer offered. You must be admitted into and graduate from a current Ambrose University program.

If you plan to apply courses taken at another institution toward your degree, and you have not yet been granted transfer credit for those courses, you must list them on your Graduation Application form. To receive transfer credit, you must provide official transcripts showing suitable final grades (as defined in the Transfer Credit section of this Academic Calendar) to the Office of the Registrar no later than one month prior to convocation. You are responsible for having official transcripts from other institutions sent directly to the Office of the Registrar.

If you fail to submit your official transcripts before the prescribed deadline, you cannot expect to have your name added to the graduation list or to be recommended for your degree until the following convocation.

When completing degree requirements in spring session, summer session or fall session, you will not receive your degree prior to the following convocation. However, at your request, the Office of the Registrar can issue an official letter indicating that you have completed all of the academic degree requirements of your program.

### Graduation Requirements

You alone are responsible for meeting all applicable requirements for graduation. To be considered eligible for graduation, you must meet all of the following requirements:

- Your degree program requirements, as outlined in the Academic Calendar in effect at the date of registration in the program (or readmission to the program), must be completed satisfactorily. Academic credit may be earned at Ambrose University and may include transfer credit consistent with Ambrose University policy;
- A minimum of 45 credits for all three-year degree programs and 60 credits for all four-year degree programs must be completed at Ambrose University;
- Your minimum cumulative GPA must be 2.0, including a GPA of not less than 2.0 in all disciplinary requirements;
- Graduation from Ambrose University is based on the final overall CGPA, which is calculated by dividing the sum of all quality points achieved (and applied to a program credential) by the sum of all those credits.
- All music students must be working at a minimum of Grade Nine level in piano, or Grade Eight for any other instrument (based on RCM grades). In addition, all non-keyboard music students are required to pass a piano proficiency examination (Grade Four, RCM) or successfully complete two terms of applied piano studies;
- Your completed Graduation Application form must be submitted to the Office of the Registrar by the deadline listed in the Academic Schedule;
- Your graduation application fee must accompany the application;
- You must be approved for graduation by vote of the appropriate faculty.

### Outstanding Accounts

If you owe the University any fees, fines or other charges you will not be permitted to graduate, which means you cannot participate in ceremonies, will not be listed in the convocation program and will not receive official transcripts or a degree parchment.

The deadline to clear all outstanding accounts in order to be permitted to graduate is two full weeks prior to the convocation ceremony.

## Academic Attire

Gowns: Bachelors' gowns follow the black gown specified by the North American Intercollegiate Code.

Hoods: The colours relevant to specific disciplines are:

- Bachelor of Arts – white
- Bachelor of Business Administration – drab
- Bachelor of Education - blue
- Bachelor of Music – pink
- Bachelor of Science – gold
- Bachelor of Theology – scarlet

Headwear: Bachelors' headwear is the black mortarboard or trencher-type.

## Graduating in Absentia

If you plan to miss the graduation ceremony, you still need to complete the Graduation Application form by the prescribed deadline and pay the Graduation Application fee in order to graduate. Your degree parchments will be mailed to you.

## Degree Parchment

It is Ambrose University policy to use the full legal registered name of students on the degree parchment. Changes in name must be supported by legal documentation. Minors and approved concentrations will not be indicated on your degree parchment, but will be noted on your official transcript.

## Replacement Degrees

If your degree parchment gets damaged, lost, stolen or destroyed, or if you request a legal name change, Ambrose University will issue a replacement degree parchment for a fee of \$75. You are responsible to pay any additional costs for courier service, insurance or other delivery options. A replacement parchment will not be issued if you have an unpaid student account.

A *Degree Parchment Replacement form* is available on our website. All replacement degree parchments will be marked "duplicate," with the date they were reprinted. Replacement degrees usually will not have original signatures.

## Honours

Baccalaureate degree students (excluding Bachelor of Education (after degree)) will graduate with Honours if their cumulative GPA meets these minimum standards:

- |                   |             |
|-------------------|-------------|
| • Summa Cum Laude | 3.85 – 4.00 |
| • Magna Cum Laude | 3.65 – 3.84 |
| • Cum Laude       | 3.40 – 3.64 |

A limited number of undergraduate ministry degree graduates (up to 7% of the class) may be inducted into membership in Delta Epsilon Chi, the International Honour Society of the Association for Biblical Higher Education. One member of the Alumni Association of Ambrose may also be inducted into this society annually as an honorary member.

Up to 15% of the Arts and Science graduates may be inducted into membership in the Phi Delta Lambda Honour Society.

Three annual awards are designated for Bachelor of Education graduates: Professional Leadership Award, Service Leadership Award and Academic Leadership Award.

### **Course Level**

Courses considered as junior level are those which have a course number in the 100s. Senior level courses are those numbered at the 200, 300 or 400-level.

## BIOLOGY PROGRAM

### Bachelor of Science: Biology (4 year – 120 credits)

The Bachelor of Science (BSc) program strives to give students a well-rounded Biology education, with a broad-based biological background. In this way, the program allows for maximum flexibility in career choice, whether it be research, medicine, teaching, or another related discipline. The program strives to provide all the courses required for application and admission into professional programs such as Chiropractic, Dentistry, Medicine, Optometry, Pharmacology, and Veterinary Medicine.

Students may choose a stream from the following list that best suits their career goals: Cellular and Molecular Biology, Health Sciences, or Ecology. The degree program also includes course work in Biochemistry, Botany, Chemistry, Kinesiology, Math, Microbiology, Physical Sciences, Physiology, and Zoology. The program helps students develop critical thinking skills as well as practical research techniques and laboratory skills.

#### Profile of the Graduating Student

The graduating student will have a solid understanding of:

- the processes of life on a cellular level;
- the structure and function of human life, with an understanding of its physiological processes;
- animal life and physiology, with comparisons to human structure and function;
- the physiology, genetics, and life history of micro- organisms;
- individual and population ecology;
- plant physiology and ecology.

#### BSc (Biology) graduates will also be able to:

- apply biological knowledge to specific issues;
- use critical thinking skills to approach research problems;
- design experimental protocols to test hypotheses, with appropriate data collection and analysis;
- perform basic experimental laboratory techniques, such as slide preparation, spectrophotometry, dissection, and extraction;
- integrate knowledge from the Arts and Sciences with their faith;
- form values and convictions based on sound reasoning and clear methodology.

#### Career and Education Paths

Graduating students will have several career options open to them, including:

- further professional studies (including Dentistry, Medicine, Optometry, Pharmacy, and Veterinary Medicine)
- research in a private company (such as a pharmaceutical company or ecological group);
- entry-level work in one of the many fields of biology – from ecology to botany to microbiology to physiology;
- graduate work and research;
- further studies in the areas of kinesiology, nursing, education or engineering.

## General Requirements for Completion and Graduation

- Completion of The Ambrose Experience (UNI 101) (non-credit, compulsory during first 30 credits)
- Completion of Core Requirements
- Completion of a total of 120 credits (as outlined above)
- A minimum of 72 credits must be taken at the 200-level or higher
- A Cumulative Grade Point Average (CGPA) of at least 2.0, with a CGPA of at least 2.0 in science discipline courses combined

## SCHOOL OF BUSINESS

The School of Business seeks to prepare well-trained transformational leaders who are equipped with the knowledge, skills, and vision to provide a positive impact in their businesses, organizations, and communities. We will do this by providing high quality, relevant curriculum and learning experiences, and by nurturing meaningful student relationships with Ambrose University faculty, staff and other aligned stakeholders. We hope to impart to our students a solid understanding of the importance of creating real value, cultivating innovation and social initiatives, developing community, and pursuing good stewardship in relationships, resources and the environment. Through curricular and co-curricular activities, students will be supported in their exploration of their vocations and Calling, as we examine the world through a Biblically-informed lens, seeking to act ethically, and with integrity, justice, and generosity. We continually strive to provide personalized, individual attention to each student to help them achieve their personal and professional goals, and enable them to succeed in and influence the many marketplaces of life.

## BUSINESS ADMINISTRATION PROGRAM

### **Bachelor of Arts: Business Administration Concentration (3 year – 90 credits)**

In keeping with the University mission to promote redemptive engagement with society and in support of its educational objectives, the goal of this concentration is to give students a broad base of Arts and Science, alongside an integrated approach to business. Business administration graduates are tomorrow's leaders who have a broad knowledge base and are well equipped to pursue careers in management.

#### **Profile of the Graduating Student**

Our graduates are:

- inquisitive life-long learners familiar with information technology;
- effective communicators, good team players, and caring individuals;
- engaged in the local community with an ethical, social, historical, and global awareness;
- critical thinkers and creative problem solvers;
- able to understand and integrate the core functional areas of business with a Christian perspective;
- people of integrity ready to serve in the marketplace in a manner consistent with their faith.

## FINE AND PERFORMING ARTS PROGRAMS

### ACTING PROGRAM

The acting diploma is a two-year experiential commencement into the art and industry of acting. It is a professional, conservatory-training program designed for those wishing to pursue a professional career as an actor or obtain employment in related ministry or marketplace fields. It is a high course-load, high impact program that transforms the student through a rigorous process of self-examination and hard work. Students are grounded in the tenets of Stanislavski-based acting methodologies, script analysis, and physical training of the voice and body, while encouraged to explore the intersection of their faith and art. Admission into the Diploma is by audition, and continuation into the second-year of study is by invitation only. Acting is part of Ambrose Arts, an academic department whose arts programs (Music, Theatre), arts minors (Music, Theatre, Dance, Worship Arts), and various fine arts electives (Art History, Aesthetics, Studio Art) operate within the Faculty of Arts and Science at Ambrose University.

## MUSIC PROGRAM

Music at Ambrose consists of three distinct degree credentials that enable young musicians to deepen their creativity, explore their passion, and develop the skills to succeed in a wide range of culture-shaping careers. Students choose opportunities in different musical fields, from the performance-intensive Bachelor of Music with its classical and jazz pathways, to a broad-based and flexible Bachelor of Arts with a major in Music. Additionally, each degree pathway provides students with a range of co-curricular experiences that shape character, engage with diverse communities, and support students in their unique vocational journey.

There are four primary facets to all Music degree credentials:

- **Academic Coursework** (music theory, music history and elective coursework)
- **Applied Study** (aural skills, applied music lessons, solo literature interpretation, masterclasses/workshops, recital performances, conducting, composition, digital musicianship)
- **Ensemble Rehearsals** (group practice and performance, public concerts)
- **Career Preparation** (vocational training, community engagement, character formation)

The Music Program is part of Ambrose Arts, an interdisciplinary department that is home to programs of study in Music, Theatre, and Dance, as well as offering a range of fine arts electives.

### Bachelor of Arts: Music Concentration (3 year)

Bachelor of Arts: Music Concentration degree offers a broad-based, liberal arts music education as a foundation for studio or classroom teaching in music.

#### Profile of the Graduating Student

The graduating student will:

- possess an understanding of the historical development of Western art;
- possess an understanding of the melodic, harmonic, and rhythmic resources of Western music;
- have the ability to hear, identify, and work conceptually with the elements of music;
- have a beginning understanding and familiarity with a range of significant musical literature, genres, and eras;
- have basic playing proficiency on one's instrument;
- possess an understanding of rudimentary music pedagogical practices;
- understand the demands and rewards of music as a vocational endeavour.

#### Career Paths

The Bachelor of Arts: Music Concentration prepares students for the following:

- Entry-level positions in private music teaching, the retail music industry, church music, group music instruction, and performance groups.
- Further educational pursuits including after-degree programs like a Bachelor of Education, or additional music studies through a Bachelor of Music, Master of Music, Master of Church Music, etc.

- Must participate in University Singers in the first two semesters of the program
- Must participate in ensemble each semester registered as a full-time student
- Must complete the ten-hour service requirement each semester registered as a full-time student

**Bachelor of Arts: Music Major (4 year – 120 credits)**

The Bachelor of Arts: Music Major degree offers a broad-based, liberal arts music education as a foundation for a diverse range of career pathways in music. Students are afforded a high degree of elective choice and flexibility to pursue their unique study interests.

**Profile of the Graduating Student**

The graduating student will:

- possess an understanding of the historical development of Western art;
- possess an understanding of the melodic, harmonic, and rhythmic resources of Western music;
- have the ability to hear, identify, and work conceptually with the elements of music;
- have understanding and familiarity with a diverse range of musical literature, genres, and eras;
- be prepared for leadership roles requiring musical decisions and understanding;
- be knowledgeable in various methodologies of music research;
- understand the demands and rewards of music as a vocational endeavour

## Career Paths

The Bachelor of Arts: Music Major prepares students for the following:

- Critical thinking, analytical proficiency, clear communication, complex problem-solving, and the ability to apply knowledge in real-world settings
- Entry into graduate programs in musicology, music theory, composition, music education, music therapy, and many other fields
- Entry-level positions in private music teaching, the retail music industry, church music, group music instruction, and performance groups.
- Further educational pursuits including after-degree programs such as a Bachelor of Education degree.

## HUMANITIES PROGRAMS

### CHRISTIAN STUDIES PROGRAM

The Christian Studies program enables students to become life-long agents of transformative change in the world. In the program, students not only study and experience the Christian faith, but also reflect upon the relevance of this faith for their own lives and the world in which they live.

All students take a set of required courses in Bible, Christian theology and history, and world religions. In the major, students may choose to focus on one of two optional streams, enabling them to specialize in biblical studies or Christian theology.

Since Christian Studies is one of the programs in the Humanities Department, all Christian Studies students also take a series of humanities courses, which include academic writing, the Christian intellectual tradition, cognate credits in English, history, and philosophy, and a humanities capstone course.

#### Profile of the Graduating Student

The graduating student will develop:

- Understanding: Graduates will be able to articulate their rich understanding of the human story, as expressed in Christian texts, beliefs, and practices found in diverse Western, Indigenous Canadian, and other world cultures.
- Research: Graduates will be able to apply advanced research skills employed in biblical studies and theology to solve problems and advance knowledge.
- Analysis: Graduates will be able to apply the skill of critical thinking, using the methods, approaches, and theories appropriate to the disciplines of biblical studies and theology to analyze diverse and complex forms of information.
- Communication: Graduates will be able to communicate clearly, concisely, and compellingly to impart knowledge and express themselves.
- Character: Graduates will exemplify maturity of character which represents the best of the Christian intellectual tradition and a liberal arts education, and which expresses itself in wisdom, integrity, service to neighbour and society, and responsibility towards the world in which they live.

#### Career and Education Paths

The graduating student will:

- have a solid foundation for living out the Christian faith in professional vocations such as law, medicine, and education;
- be prepared to work in para-church organizations, non-governmental organizations, or some church ministry positions;
- be able to pursue graduate studies in biblical studies, theology, or church history at a seminary or university. Students who wish to pursue further Christian studies at the graduate level need to complete the four-year major and consult with the Department Chair early in their studies.

#### Bachelor of Arts: Christian Studies Concentration (3 year – 90 credits)

## ENGLISH PROGRAM

As a discipline, English includes the study of literature and the practice of writing, in order to help students discover their own ideas and articulate them as completely and cogently as possible. The English program provides students with a strong foundation in literature, literary theory, and writing. To ensure that students gain a comprehensive understanding of English literature, the program begins with the British tradition and extends to the broader realms of Canadian, American, and other literatures in English. This approach covers foundational genres, periods, movements, and authors as well as contemporary expressions of literature. The program aims for coverage of English literary history not merely for completeness but also to teach students to think, read and listen critically, and to use language with clarity, judgment, and imagination.

Since English is one of the programs in the Humanities Department, all English students also take a series of humanities courses, which include academic writing, the Christian intellectual tradition, cognate credits in history, philosophy, and religion, and a humanities capstone course.

### Profile of the Graduating Student

The graduating student will develop:

- **Understanding:** Graduates will be able to articulate their rich understanding of the human story, as expressed in literatures from diverse Western, Indigenous Canadian, and other world cultures.
- **Research:** Graduates will be able to apply advanced research skills employed in the study of literature to solve problems and advance knowledge.
- **Analysis:** Graduates will be able to apply the skill of critical thinking, using the methods, approaches, and theories appropriate to the discipline of English to analyze diverse and complex forms of information.
- **Communication:** Graduates will be able to communicate clearly, concisely, and compellingly to impart knowledge and express themselves.
- **Character:** Graduates will exemplify maturity of character which represents the best of the Christian intellectual tradition and a liberal arts education, and which expresses itself in wisdom, integrity, service to neighbour and society, and responsibility towards the world in which they live.

### Career and Education Paths

The graduating student will:

- be prepared to enter a wide range of vocations that require writing competence, analytical thought, and a broad base of literary knowledge;
- be prepared to enter Education and other after-degree programs;
- be prepared to enter graduate programs after the four-year degree.

## GENERAL STUDIES PROGRAM

### Bachelor of Arts: General Studies (3 year – 90 credits)

The General Studies program is the quintessential liberal arts university program. It gives students the widest array of choices from the arts and sciences curriculum and it encourages a synthetic approach to the university intellectual experience. All courses are taken in specific programs and disciplines but combine to provide students with an excellent foundational university degree. General Studies students are required to identify two specific disciplines in which they will complete a minor, in order to build depth and expertise into their degree. The program intends to develop critical thinking skills across the spectrum of Ambrose course offerings, hoping to promote a desire for intellectual integration in the context of Christian thought.

Since General Studies is one of the programs in the Humanities Department, all General Studies students also take a series of humanities courses, which include academic writing, the Christian intellectual tradition, cognate credits in English, history, or philosophy, and a humanities capstone course.

### Profile of the Graduating Student

The graduating student will develop:

- Understanding: Graduates will be able to articulate their rich understanding of the human story, as expressed in the diverse intellectual creations, scientific knowledge, and religious traditions of diverse Western, Indigenous Canadian, and other world cultures.
- Research: Graduates will be able to apply diverse research skills employed in various Arts and Science disciplines to solve problems and advance knowledge.
- Analysis: Graduates will be able to apply the skill of critical thinking, using the methods, approaches, and theories appropriate to various Arts and Science disciplines to analyze diverse and complex forms of information.
- Communication: Graduates will be able to communicate clearly, concisely, and compellingly to impart knowledge and express themselves.
- Character: Graduates will exemplify maturity of character which represents the best of the Christian intellectual tradition and a liberal arts education, and which expresses itself in wisdom, integrity, service to neighbour and society, and responsibility towards the world in which they live.

### Career and Education Paths

The graduating student will:

- hold a degree suitable for entry into Education after-degree programs, as well as seminary, law school, and other professional programs for which a basic university degree is required or encouraged;
- hold a degree suitable for entry level positions in a wide variety of fields where basic university education is valued and encouraged.

## HISTORY PROGRAM

History is the search for an understanding of how our world came to be as it is. Because “everything has a history,” historians study everything imaginable, from politics, economics, and the military to the world of everyday life, and all the social, cultural, intellectual, and religious developments in between. By investigating people, events, and ideas, historians learn not only what happened in the past, but more importantly who we are, how and why the past has grown into the present, and what that means for us today. In this way, the study of history teaches an important set of investigative, analytical, and communication skills that, along with a large knowledge base about past events, equip students to understand their contemporary world in all its diversity.

All students study world and Canadian history, then courses in the practice of history, public history, and applied research in history. Other courses focus on subjects as diverse as the ancient empires, the history of Christianity, Vikings, modern revolutions, Canada at war, the history of genocide, the World Wars, and depictions of history in Hollywood films.

Since History is one of the programs in the Humanities Department, all History students also take a series of humanities courses, which include academic writing, the Christian intellectual tradition, cognate credits in English, philosophy, and religion, and a humanities capstone course.

### Profile of the Graduating Student

The graduating student will develop:

- Understanding: Graduates will be able to articulate their rich understanding of the human story, as expressed in the diverse histories of Western, Indigenous Canadian, and other world cultures.
- Research: Graduates will be able to apply advanced research skills employed in the study of history to solve problems and advance knowledge.
- Analysis: Graduates will be able to apply the skill of critical thinking, using the methods, approaches, and theories appropriate to the discipline of history to analyze diverse and complex forms of information.
- Communication: Graduates will be able to communicate clearly, concisely, and compellingly to impart knowledge and express themselves.
- Character: Graduates will exemplify maturity of character which represents the best of the Christian intellectual tradition and a liberal arts education, and which expresses itself in wisdom, integrity, service to neighbour and society, and responsibility towards the world in which they live.

### Career and Educational Paths

The graduating student will:

- be prepared for entry-level positions in government departments, museums, historical sites, archives, or other careers that revolve around the knowledge and communication of the past;
- be prepared to enter a wide range of vocations which require skills in research, analysis, problem solving, writing and oral communication;
- be prepared to enter after-degree programs in education, law, journalism, or library science and information management;
- be prepared to enter graduate programs after the four-year degree. Students who intend to enter graduate school or other forms of post-secondary education should pursue the four-year degree, and they should consult the Department Chair early in their studies.

## SOCIAL SCIENCES PROGRAMS

### BEHAVIOURAL SCIENCE PROGRAM

Behavioural Science is the systematic study of human behaviour for the purpose of understanding and applying social scientific knowledge in both individual and social contexts. This is an interdisciplinary degree encompassing the disciplines of sociology and psychology. Psychology examines how we individually perceive, develop within, and act upon the world, while sociology studies how groups and cultures create a complex social world and how that world then constrains them. Students will need to produce the results of a Criminal Record Check before being permitted to participate in practicum or internship experiences associated with the program.

#### **Bachelor of Arts: Behavioural Science Concentration (3 year – 90 credits)**

The three-year Bachelor of Arts: Behavioural Science Concentration focuses on building solid depth and breadth of understanding in the disciplines of psychology and sociology. Core to the BHS Concentration is a focus on developing knowledge and skill in research methods and data analysis, as well as expecting one term (3 credits) of practicum experience in experimental or applied areas within both disciplines. It also prepares students for entry-level positions in fields related to behavioural science and entrance into after-degree programs (e.g., nursing, education).

#### **Profile of the Graduating Student**

The graduating student will:

- have a sound understanding of individual and group behaviour which will assist them in dealing with people professionally and personally;
- be able to integrate knowledge of both the psychological and societal processes which bear upon human emotions, cognition and behaviour;
- have an understanding of research methodology in the behavioural sciences, including constructing and implementing quantitative and qualitative research designs, analyzing and critiquing empirical results, and presenting clear outcomes and recommendations to appropriate audiences;
- have a facility with current technology in the field of behavioural science (e.g., electronic databases, computer analysis software such as jamovi);
- perceive human needs with empathy, develop ethically responsible attitudes toward social problems and, in particular, vulnerable populations in society, and be empowered to give voice to these issues in the public and professional arena;
- be prepared to engage ethically with individuals from diverse backgrounds (i.e., racial, ethnic, religious, gender and sexual orientation) in a manner that maintains the dignity and respect for all people;
- develop a Christian view of sociological and psychological processes in conjunction with scientific study;
- be prepared to work with integrity and confidence in a variety of human service fields or continue on to graduate work or after-degree programs.

#### **Career and Education Paths**

The graduating student will:

- be able to demonstrate a holistic understanding of critical, theoretical and applied domains within psychology and sociology as they contribute to ethical research and responsible practice in each discipline;
- be prepared to obtain entry-level positions in fields related to the behavioural sciences, such as family and social services, human resources, mental health, or communication;
- have the necessary academic preparation for the pursuit of after-degrees in areas such as nursing, education, and other related professional disciplines.

**Bachelor of Arts: Behavioural Science Major (4 year – 120 credits)**

The four-year Bachelor of Arts: Behavioural Science Major focuses on building significant depth and breadth of understanding in the disciplines of psychology and sociology. Core to the BHS Major is a focus on developing knowledge and skill in research methods and data analysis, as well as allowing for two terms of practicum experience (6 credits) in experimental or applied areas within one or both disciplines. Students are able to specialize in several key areas in behavioural science that prepare them for the following broad career domains: Education, Counselling, Criminology and Criminal Justice, Child and Youth Work, Supporting Vulnerable Populations, Working with Racially Diverse Populations, Chaplaincy, and Church and Denominational Settings. It also prepares the student for advanced positions in fields related to behavioural science and entrance into academic graduate programs. Students intending to attend graduate school should consult the Department Chair early in their studies.

## PSYCHOLOGY PROGRAM

It is important for one to find one's calling by learning to think critically about what one is doing and why one is doing it. Learning about research methods helps one think critically about oneself because doing so teaches students about how to gain a deep understanding of topics like human thinking, emotion, biology, development, social experience, and so forth. Psychological theory exposes students to ways of seeing themselves and others in a new light because one learns to see oneself and others through the eyes of a scientist. This sort of awareness enables students to be agents of change by seeing their own biases.

The Canadian Psychological Association and American Psychological Association set the standards for undergraduate education in Psychology. This program meets and exceeds these standards. You will also have the potential to gain valuable experience working one-on-one with faculty, which is an experience that will make you exceptionally competitive if you seek further studies. The standards upheld by this program prepares you for graduate programs that make you eligible for registration with bodies like the College of Alberta Psychologists.

### Profile of the Graduating Student

The graduating student will:

- Demonstrate critical self-reflexivity of one's vocation.
- Demonstrate an appropriate knowledge base in the discipline of psychology. This outcome includes demonstration of sufficient knowledge in the following content areas:
  - sociocultural and diversity issues,
  - human development,
  - learning and information processing, and
  - biological bases of behaviour.
- Demonstrate the capacity to engage in scientific inquiry and critical thinking.
- Demonstrate understanding of ethical and socially responsible behaviour in a pluralistic society.
- Demonstrate effective communication skills.
- Demonstrate professional development skills for the workplace.

### Career and educational paths

The Psychology program is aimed at preparing students for graduate school. It is ideal for those wanting to go into graduate school in clinical psychology or do further work in basic research. It prepares students to work in the helping profession or in an academic research profession. The program also equips you with expertise in collecting and assessing information, which is necessary in our current informational economy.

## FACULTY OF THEOLOGY (SCHOOL OF MINISTRY)

Graduates of the School of Ministry at Ambrose are engaged in God's redemptive work in the world. They are:

- **Devoted disciples** who have a growing passion for relationship with God. They experience life in Christ and pursue communion with the Triune God;
- **Faithful interpreters** who have a love of the Scriptures and seek to interpret them thoughtfully and reverently. They also love God's world and seek to apply their interpretation of the Scriptures in ways that are contextually appropriate;
- **Christian thinkers** who are insightful and careful theologians. They express their understanding of God in ways that engage the depth and breadth of the Christian tradition; and
- **Servant Leaders** who are courageous, compassionate, and humble followers of Jesus. They serve in roles such as pastor, development worker, entrepreneur, and church planter, both locally and internationally.

### Ministry Programs

Ministry Programs at Ambrose University follow the mission, educational philosophy and objectives of the university. The Ministry programs are accredited by the Association of Biblical Higher Education. The following summary lists the available Ambrose University ministry programs, and the total credit hours required for completion of each program. Please see the specific academic program details for further information.

#### Associate in Ministry Diploma (2 year – 60 credits)

#### Bachelor of Theology (4 year – 120 credits)

Children and Family Ministry  
Church Ministry  
Intercultural Ministry  
Worship Arts  
Youth Ministry

### School of Ministry Programs

The Association of Biblical Higher Education (ABHE) programmatic standards provide structure for these degrees.

- A core of bible and theology studies are met by 18 credits in Biblical Foundations and 21 credits in Theology and History
- A core of professional studies is met by 18 credits in Personal and Pastoral Foundations and 15 credits in the Ministry Stream
- General education requirements are met by the two Arts and Science minors
- Field Education for 12 credits

### General Academic Requirements

- A four-year bachelor's degree requires 120 credits.
- All degree requirements must be fulfilled.
- Up to 60 credits may be transferred from another institution for a four-year degree.
- The final 30 credits must normally be taken from Ambrose University.
- A cumulative grade point average (CGPA) of at least 2.0 is required to graduate, with a GPA of 2.0 in disciplinary requirements.

### Ministry Internship

Preparation for ministry involves more than classroom learning. Ambrose recognizes the need for experiential learning in ministry training and requires all students to complete a ministry internship.

### Horizon College & Seminary, Saskatoon, Saskatchewan

Ambrose partners with Horizon College & Seminary (Horizon) to offer a transfer block of courses into an Ambrose Bachelor of Theology degree. Contact the Office of the Registrar for more information.

## ASSOCIATE IN MINISTRY DIPLOMA

The Associate in Ministry (AIM) Diploma is designed to provide foundational knowledge of the Bible and Christian thought for service in the church of Jesus Christ. The diploma program develops ministry gifts for volunteer and para-professional roles in churches and Christian service organizations.

### Profile of the Graduating Student

In pursuit of the ministry program objectives and the professional ministry outcomes, the graduates of this program are:

- committed to ongoing personal and spiritual growth;
- becoming Biblically literate and theologically reflective;

## YOUTH MINISTRY PROGRAM

### **Bachelor of Theology: Youth Ministry (4 year – 120 credits)**

In keeping with the University mission and in support of its educational philosophy, this academic program prepares students to relate their understanding of God's Word to a rapidly changing youth culture. They will be equipped with tools to gain teaching, counselling, administrative and programming skills that will prepare them to serve the church and community in the area of youth ministry. Students will need to produce the results of a Criminal Record Check before being permitted to participate in practicum or internship experiences associated with the program.

#### **Profile of the Graduating Student**

In pursuit of the ministry program objectives and the professional ministry outcomes, the graduates of this program are:

- committed to and have mastered key components of making healthy disciples;
- aware of individual and group differences, enabling them to minister to culturally diverse persons at all age levels;
- able to plan (both long term and short term) a ministry that will meet the needs of young people from junior high to young adults;
- able to exercise wisdom when considering program structure, program components and customizing the local church's youth ministry;
- prepared to evaluate their ministry, being committed to ongoing improvement to minister more effectively in today's cultural contexts.

This program of study is validated by the Church of the Nazarene's International Course of Study Advisory Committee and satisfies educational requirements for ordination in the Church of the Nazarene. Students who intend to seek ordination in the Church of the Nazarene should email the Office of the Registrar so that a letter of Nazarene Validation can be issued with the degree parchment.

## THE INTERNSHIP PROGRAM

### Philosophy of Internship

Internship is an integral part of preparation for ministry. It provides the intern with an extended, in-depth practice of ministry for the purpose of integrating classroom study with field experience. In addition, Internship provides our interns with a working relationship with another person in ministry rather than just a place to carry out practical Christian service. The intern is exposed to all forms and facets of the ministry but the primary focus in this experience is on the intern as a disciple in development and on the pastor-mentor as a teacher-leader.

### Objectives of Internship

By the conclusion of the Internship, students should be able to:

- explore and evaluate their personal identity as a ministering part of the Body of Christ;
- discover the areas of their greatest personal effectiveness within the ministry of the church;
- evaluate lifestyle issues and ways of relating to others as they affect personal growth and ministry;
- assess the attitudes and values they hold relating to people, ministry, culture, and life in general;
- measure their ability to relate to their fellow workers and to the programs of the church or para-church organization;
- analyze a ministry situation and set realistic goals and strategies to meet the needs discovered in the analysis;
- evaluate ministry involvement in terms of personal growth, progress toward goals, effectiveness of methods, strengths and weakness, etc.;
- integrate more fully their theological and doctrinal points of view with practical experience.

An Internship or Ministry Coaching approved by the Field Education department is required for Ministry programs. The Coordinator of Field Education assists in locating and approves appropriate Internships.

The following prerequisites must be successfully completed by the end of Winter semester before an Internship can be considered:

- Attending the Annual Ministry Internship Seminar in late April
- Receiving approval of the Field Education Department for the Ministry Internship placement
- Maintaining a minimum Grade Point Average (GPA) of 2.0
- Completion of at least 75 credits

The minimum amount of time for an Internship is five months on a full-time basis in a ministry context, usually in a church setting. Part-time Internships are permitted with the approval of the Coordinator of Field Education. To prepare for Internship, students must apply to the Internship program during September prior to starting an Internship. Bachelor of Theology students must begin to prepare for Internship in their third year of full time studies. All students must attend a pre-internship orientation meeting. Students may need to produce the results of a Criminal Record Check before being permitted to participate in Internship.

### Prerequisites

#### FE 320a/b Children and Family Ministry Internship

FE 201 Practicum and Reflection II  
PST 212 Pastoral Theology  
PST 321 Teaching Children for Faith Formation

#### FE 300a/b Church Ministries Internship

 PST 382 Worship Leadership Strategies

**FE 340a/b Youth Ministries Internship**

FE 201 Practicum and Reflection II  
 PST 212 Pastoral Theology  
 PST 341 Strategies of Youth Ministry

All potential ministry interns are given an assessment packet to assess readiness for Internship at the pre- internship orientation meeting. An interview with the Coordinator of Field Education is required in October to discuss and review the assessment packet. The appointment of an Internship field site will be approved usually in February. This is followed by a compulsory 3-day Internship Seminar in late April/early May for all ministry interns and mentors. There is an additional fee associated with the Internship Seminar, please refer to the Financial Information section. The purpose of the Internship Seminar is to prepare the intern and mentor for an effective internship.

**The goals of the Internship Seminar are:**

- to build healthy relationships with the mentor, intern and Ambrose;
- to help the intern and mentor understand the importance of soul nurture;
- to address ministry practice and theological reflection issues.

In order to make the most of the Internship experience, student interns meet weekly with their mentor for evaluation and feedback sessions. To ensure that the student is actively involved in ministry, an Internship contract, which specifies types and frequency of an intern's ministry involvement, is signed by both the intern and supervising mentor before Internship begins. Moreover, field advisors will visit the internship site to give formative assessments.

The intern receives a monthly allowance, room and board, and a travel allowance while ministering. Churches from various denominations participate in the Ambrose University Internship program. Ambrose reserves the right to place students in participating churches.

**Ministry with The Alliance Canada**

Students who desire to minister with The Alliance Canada must complete the licensing process, which is facilitated by the Field Education Department during the final year of study of a degree program. Once the application for licensing is completed, a personal interview with a licensing committee is arranged. During this interview a candidate is examined for biblical knowledge, doctrinal stance, personal lifestyle, philosophy of ministry, etc. The candidate is notified of the result of the licensing process shortly after the interview. Whether becoming licensed to minister in North America or internationally, licensing candidates are expected to be or become members of church of The Alliance Canada. There is a fee associated with the licensing process.

Generally, degree programs at Ambrose University meet the educational requirements for licensing with The Alliance Canada. Other courses may be required for those going into overseas ministry with The Alliance Canada.

## MINORS

Minors exist to provide students with the opportunity to study a second discipline as a complement to their degree. Minors are especially useful for students considering careers in education, communications, business, the social sciences, the sciences, history, general studies, Christian ministry, or for students who are considering future graduate programs. Students are not permitted to complete a minor in the same discipline as their major.

Minors do not feature on student degree parchments, but are recorded on student transcripts. To earn a minor in any discipline, a minimum cumulative GPA of 2.0 in all minor courses will be required. Students must meet all prerequisites of the courses required for the minor. Transfer credit is permitted without limitation.

To gain admission to a minor in any discipline, students must apply using the application form available through the Office of the Registrar. A minor cannot be earned by students in a diploma or certificate program. Multiple minors are allowed provided that the requirements of each minor are fulfilled. Courses at the 400-level cannot apply to a minor for students enrolled in a ministry program.

## BEHAVIOURAL SCIENCE MINOR

The Behavioural Science minor offers students the opportunity to complement their major or concentration with the study of Psychology and Sociology. The minor is useful for students considering careers in education, business, Christian service, or for students enrolling in graduate programs.

### Behavioural Science (18 credits)

PS 121 Introduction to Psychology  
 PS 250 Social Psychology  
 PS 300 Personality  
 SO 121 Principles of Sociology  
 SO 220 Social Problems  
 SO 310 Classical Social Theory

## BIBLICAL LANGUAGES MINOR

The Biblical Languages minor offers students the opportunity to complement the BA major or BTh Specialization with studies in the ancient languages in which the Bible was written. The minor is useful for students preparing for pastoral ministry or graduate programs in Bible or Theology.

### Biblical Languages (18 credits)

GR 100 New Testament Greek I  
 GR 201 New Testament Greek II  
 GR 300 New Testament Greek III  
 HEB 200 Biblical Hebrew I  
 HEB 201 Biblical Hebrew II  
 HEB 300 Biblical Hebrew III

## BIOLOGY MINOR

The Biology minor offers students an opportunity to complement their Bachelor of Arts Major or Concentration with the study of Biology. The minor provides an overview of subjects within the field of Biology and is useful for students considering a career in Education, Business (e.g. Biotechnology), graduate programs, or further professional training in the science or healthcare field. Students must have completed Biology 30 or Chemistry 30 in order to be eligible for the Biology minor. The Biology minor is not open to students in the Bachelor of Science degree.

### Biology (18 credits)

BIO 131 Introduction to the Cellular Basis of Life  
 BIO 133 Introduction to Plant and Organismal Biology

6 credits at the 200-level or higher in **Biochemistry (BCH)**, **Biology (BIO)**, **Botany (BOT)**, **Ecology (ECOL)**, **Kinesiology (KIN)\***, **Medical Science (MED)**, or **Zoology (ZOO)**

6 credits at the 300-level or higher in **Biochemistry (BCH)**, **Biology (BIO)**, **Botany (BOT)**, **Ecology (ECOL)**, **Kinesiology (KIN)\***, **Medical Science (MED)**, or **Zoology (ZOO)**

*\*Note: Not all KIN courses can be used as Science credits; check the course descriptions.*

## BUSINESS ADMINISTRATION MINOR

The Business Administration minor offers a group of core courses to students taking other majors or concentrations. The minor is helpful to give students some basic understanding in Business Administration and the economy, and to introduce them to a mindset of innovation, creativity and how to lead diverse, multi-cultural organizations effectively. Such knowledge allows students to gain a better understanding of today's world, which seems driven more and more by business and economic factors.

### Business Administration (18 credits)

BUS 100 Introduction to Business Administration or BUS 305 Management of Non-Profit Organizations

BUS 290/DVST 290/IND 290 Innovative and Entrepreneurial Thinking

BUS 342 Leadership in the Global Context

## CANADIAN STUDIES MINOR

The Canadian Studies minor directs students to work in an interdisciplinary fashion to think holistically about Canadians and Canadian society. The Canadian Studies minor also guides students to think about Canada and its position relative to the world around it by studying Canada's influence on the rest of the world as well as the ways in which Canada is influenced by the rest of the world. Opportunities for travel study in Canada also exist that would give students an experiential and grounded appreciation for, and understanding of, Canadian politics, history, literature, culture, and social life.

## PHILOSOPHY MINOR

A Philosophy minor has significant value, particularly in the context of Christian liberal arts and sciences. The study of philosophy helps students to probe beyond the obvious, to recognize presuppositions, and to analyze assumptions. Because of its emphasis on rational argumentation and logical precision, philosophy also helps develop a student's thinking and writing skills—necessary skills for success whatever the student's degree program. A minor in Philosophy is an excellent complement for majors in English, History, and Christian Studies, and is also valuable to students considering careers in law, business, ministry, and other fields of social service.

### Philosophy (18 credits)

PH 125 Introduction to Philosophy  
 9 credits in **Philosophy (PH)** at the 200-level or higher  
 6-credits in **Philosophy (PH)** at the 300-level or higher

## PSYCHOLOGY MINOR

The minor in Psychology allows a student to gain knowledge of the systematic study of human behaviour with an emphasis on the integration of knowledge, including theories and best practices. Introduction to Psychology and one theory course are required. Additionally, students may choose electives from at least one of the following four areas; human development, interpersonal psychology, clinical studies, or neuropsychology.

### Psychology (18 credits)

## SCHOOL OF EDUCATION

### Education Programs

**Bachelor of Education (After Degree) (2 year – 60 credits)**

**School Leadership Quality Standard Certification (2 noncredit courses)**

#### Extended Learning

These courses are designed for practicing teachers who may be thinking about returning for a Master's degree while working or for students in teacher preparation programs who want to augment what is currently covered in program courses. These courses balance theory and practice with major assignments geared towards the teachers' own classroom work. Courses are also eligible on TQS (Teacher Qualification Service) as Senior Undergraduate Courses worth .100.

#### Education Courses

Curriculum Design and Program Development (CDPD)

Field Experience (FE)

Learning Theory and Application (LTA)

Society and Culture: Methodology and Practices (SCMP)

## EDUCATION PROGRAM (AFTER-DEGREE)

### Education Program (After-Degree)

#### Vision

Shaped by a Christian Liberal Arts tradition, we prepare outstanding educators to joyfully take up teaching and learning through a transformative mindset of hope and grace as a means of serving the common good in public education.

#### Mission

We will provide a rigorous, competency-based curriculum that will engage students to become reflective, innovative and engaging teachers.

The Bachelor of Education (After Degree) (B.Ed.) is a two-year, 60-credit program designed to prepare teachers with an accredited university degree to work in the public school system. Our goal as professors and leaders in the program is for a successful graduate to have met the requirements of the competencies of the Government of Alberta's Teaching Quality Standard (TQS) so to be eligible for an Alberta Interim Teaching Certificate.

The B.Ed. program includes a number of distinctive features. The program is competency based, grounded in research, and designed to prepare students to teach effectively in classrooms made up of diverse learners. Our main program goal is to prepare a successful graduate who can design inclusive learning experiences to accommodate all children, including those with exceptional learning needs and cultural diversity. We include an informal mentorship program in which our students will be nurtured by current or retired classroom teachers. We have partnerships with Calgary and area school districts including the CBE, Rocky View Schools, Palliser, Calgary Catholic, Foothills, Golden Hills, and Charter schools in which students are placed for their 19 weeks of in-school experiences over the two years of the program. In addition, we provide bursary opportunities for students who wish to volunteer in schools in/out of the country.

There are four distinct and integrated Program Components: Learning Theory and Application; Curriculum Design and Program Development; Society and Culture – Methodologies and Practices; and Field Experience. Each Program Component is made up of three distinct but not separate courses, and each course is integrated with the other courses in the Program Component in a developmental and graduated (cumulative) way.

#### Profile of the Graduating Student

The successful graduate:

- holds a high view of teaching as a vocation;
- holds Christian values;
- believes strongly in the primacy of learning for children in schools;
- has a thorough understanding of, and confidence to work with, inquiry-based learning;

- possesses knowledge of curriculum and learning theory;
- displays a readiness to engage in shared praxis;
- possesses an ability to build positive relationships with children, parents, and colleagues;
- believes in the intrinsic value and uniqueness of each child;
- is confident with inclusive learning and teaching practices;
- is sensitive to cultural realities and differences;
- can articulate a clear philosophy of learning and teaching.

## Program Competencies

### The Teaching Quality Standard

Quality teaching occurs when the teacher's ongoing analysis of the context, and the teacher's decisions about which pedagogical knowledge and abilities to apply, result in optimum learning for all students.

1. **Fostering Effective Relationships**  
A teacher builds positive and productive relationships with students, parents/guardians, peers and others in the school and local community to support student learning.
2. **Engaging in Career-Long Learning**  
A teacher engages in career-long professional learning and ongoing critical reflection to improve teaching and learning.
3. **Demonstrating a Professional Body of Knowledge**  
A teacher applies a current and comprehensive repertoire of effective planning, instruction, and assessment practices to meet the learning needs of every student.
4. **Establishing Inclusive Learning Environments**  
A teacher establishes, promotes and sustains inclusive learning environments where diversity is embraced and every student is welcomed, cared for, respected and safe
5. **Applying Foundational Knowledge about First Nations, Métis and Inuit**  
A teacher develops and applies foundational knowledge about First Nations, Métis and Inuit for the benefit of all students.
6. **Adhering to Legal Frameworks and Policies**  
A teacher demonstrates an understanding of and adherence to the legal frameworks and policies that provide the foundations for the Alberta education system.

## Program Conformity to Competencies

Courses in the B.Ed. program are designed and sequenced to articulate the connection between the competencies of the Teaching Quality Standard and theory/research.

## Teaching Quality Standards (TQS)

The integrated design of the B.Ed. program components and courses gives students an opportunity to develop the knowledge, skills and attributes (KSAs) of the Teaching Quality Standards of Alberta.

## Teacher Qualifications for Salary Purposes

How students are evaluated for salary purposes is determined by the Teacher Qualification Service of the Alberta Teachers' Association, not by Alberta Education or Ambrose University. In some cases, courses may not be considered for salary purposes. To determine how qualifications may be considered, please refer to the Principles for the Evaluation of Years of Teacher Education for Salary Purposes available on the Alberta Teachers' Association website, or by writing to the address supplied below. Forms used to apply for evaluation of qualifications for salary purposes may be obtained on the Alberta Teachers' Association website or by writing to:

### Teacher Qualifications Service

The Alberta Teachers' Association  
Barnett House, 11010 - 142 St.  
Edmonton, AB Canada T5N 2R1

## Career Paths

Teachers with Interim Professional Certification awarded upon completion of the B.Ed. (After-degree) in Elementary Education from Ambrose are certified to teach Kindergarten through Grade 12. Students who graduate from Ambrose and are awarded Interim Professional Certification to teach will be eligible to teach in other provinces or International schools in similar ways as any graduate from any other accredited education degree program in Alberta. Graduates will be eligible for Teaching Qualification Services assessment in similar ways as any graduate from any other accredited education degree program in Alberta.

## **Bachelor of Education (After-Degree) 2 year – 60 credits**

60 credits in 12 required courses (across 4 curriculum components) which are designed to articulate the competencies of the Alberta Teaching Quality Standard

- 18 credits in Curriculum Design and Program Development
- 18 credits in Learning Theory and Application
- 12 credits in Society and Culture: Methodologies and Practices
- 12 credits in Field Experience
- Living Exhibition Portfolio

### **Required Courses**

#### **Learning Theory and Application**

The B.Ed. program includes three graduated and integrated courses in Learning Theory and Application (LTA). These are courses about how people learn, individually and in groups, and how teachers can design experiences and create conditions so that diverse learners, including learners with special learning needs and learners from various cultural backgrounds, including First Nations learners, can learn in an elementary school's nine main disciplines (Program of Studies, Elementary Education—language arts, social studies, mathematics, science, physical education, fine arts, second or additional languages, health and life skills and information and communication technology). Students will examine the relationship between learning and children's growth and development, human behaviour, and assessment in elementary schools.

#### **Curriculum Design and Program Development**

The B.Ed. program includes three graduated and integrated courses in Curriculum Design and Program Development based on Alberta Education's Program of Studies, Elementary Education. The CDPD courses develop students' understanding of the requirements of curriculum design and program development in elementary school classrooms, the role of the teacher in translating the requirements into lesson and unit plans for teaching so that all learners can learn, including learners with special learning needs and those from various cultural backgrounds, and an exploration of the various orientations and methods regarding curriculum decision-making in schools. Students will examine the role of technologies in education, as well as community, societal, political and school variables that influence curriculum design and program development in elementary schools.

#### **Society and Culture: Methodology and Practices**

The B.Ed. program includes three graduated and integrated courses in Society and Culture: Methodologies and Practices (SCMP) designed to provide students of education and teaching with opportunities to understand the professional, ethical, administrative, and social foundations and practices of education in Canada and other socio- cultural contexts, including First Nations and international contexts. The courses are intended to sensitize students to perspectives and issues regarding First Nations learners, as well as children and families representing various cultures. The courses are designed for B.Ed. students to gain an understanding of various familial and societal perspectives and issues regarding inclusion of all learners, including students with special learning needs, in elementary schools. Students will examine current and past societal and cultural perspectives and practices that have influenced educational practices and children's learning.

#### **Field Experience**

The B.Ed. program includes three (3) graduated Field Experience (FE) courses integrated throughout the two-year program designed to augment and support the course work in the core education courses in the program. The FE courses are designed to give students a developmental and systematic experience in understanding the life of the school (FE 500), the life of teachers and teaching (FE 600), and an introduction to curriculum design and program planning (FE 700). The FE courses are integrated with the core education courses to give students a progressive and applied (theory to practice) understanding of the role of the teacher in a school, in teaching with other teachers and with responsibilities to the Program of Studies and professional practice of translating the Program of Studies requirements into programs and instruction in the elementary school.

## EDUCATION ACADEMIC POLICIES

### School of Education Academic Policy and Procedures

School of Education students are recommended to Alberta Education for certification by the Ambrose University School of Education. Only Alberta Education is empowered to grant Alberta Teaching Certificates. Based on the recommendation of the School of Education, Alberta Education grants the Interim Professional Certificate to those who are qualified to legally work in Canada. Recommendations by the Associate Dean are forwarded upon completion of the Bachelor of Education (After-Degree) (Elementary) program. Candidates are evaluated on the basis of all data relating to their readiness to assume the responsibilities of a professional teacher, as defined in the Teaching Quality Standard.

### Definitions Specific to the School of Education

#### Academic Dismissal

A student may be dismissed from the School of Education if they are convicted of a crime under the Criminal Code that would prohibit them from working with a vulnerable sector.

#### Academic Intervention

A program that enables students to identify academic challenges, and work to create a plan to improve academic success, in order to avoid Academic Probation. Academic Intervention is not recorded on your transcript. The goal of Academic Intervention is to create a custom plan for the student's future success.

#### Academic Rustication

A student placed on Academic Rustication is asked to step down from the program for a period of up to a year and they must:

- meet with the Associate Dean and other appointed faculty, including the Director of Field Experience, to discuss a professional growth plan outlining an action plan, including volunteering, engaging with a mentor and participating in additional coursework or prescribed professional learning.
- provide evidence of activities that demonstrate how they have addressed the goals set as readmission into the program.

#### Academic Standards Policy

Upon completion of the program and in order to graduate, students must present a grade of 2.70 or higher in each and every course taken after admission to the School of Education.

#### Appeals

Students have the right to appeal a decision made in response to academic dishonesty, academic probation, or suspension from Ambrose University on the following grounds:

- There is evidence available that was not considered in the decision;
- There is evidence of prejudicial treatment in the decision; or
- The appropriate process, as outlined in the Academic Calendar, was not followed.
- See procedures below for the appeals process.

#### Notification of Concern

A written plan provided by a Faculty Member to the student that details:

- area(s) of concern to be addressed
- any feedback previously provided
- required improvement(s)
- timelines
- expected outcomes and assessments

The document is signed by all parties involved, including but not limited to the student, faculty member, partner teacher, university consultant and Associate Dean of Education. Initial Notice of Concern documents during **Academic Intervention** will be held in the School of Education. If the student is unable to meet the requirements and is placed on **Academic Rustication**, the Notice of Concern will then be filed and kept in the student's file.

#### Required Withdrawal

A student is required to withdraw from the School of Education if the following occurs:

- The student is in the second round of any field experience (600 or 700) and is not successful at the midpoint.
- The student is unable to successfully achieve a grade of 2.70 or higher in any course that is attempted a second time.

## Procedures

Students who receive a grade lower than 2.70 in any course will be placed on **Academic Intervention**. Students who receive a failing grade in any course, will be placed on **Academic Rustication** and are able to return in the semester of the following year to redo the failed course(s). If the student is unable to meet a minimum grade of 2.70 in a course upon the second attempt, they will be subject to a **Required Withdrawal** and this will be indicated on the official transcript. If the terms of an **Academic Intervention** or **Rustication** are met, no indication of either will appear on the official transcript. The Associate Dean is responsible to recommend any students who may be placed on **Academic Intervention**, **Academic Rustication** and **Required Withdrawal** to the Registrar, who makes the final decision of student academic status. A student may initiate the appeals process with any course grade.

### Appeals:

Level 1: An appeal for change of final grade begins with the course instructor within 5 business days of receiving notification of the final grade. If the instructor agrees to change the final grade, the instructor must submit a Change of Grade form to the Office of the Registrar. If a student is unsuccessful at the mid-point evaluation in Field Experience, the appeal will be made to the Director of Field Experience.

Level 2: If the student is not satisfied with the decision at Level 1, they may initiate Level 2 of the process by applying for an appeal through the Office of the Registrar. An application for a final grade appeal must be submitted on the appropriate form within 15 days of receiving notice of the final grade or mid-point assessment. The Associate Dean has the authority to take any action s/he determines is appropriate in adjudicating the grade appeal. At the Associate Dean's discretion, the final grade may be increased, decreased, or left unchanged. The Associate Dean's decision must be recorded on the appeal form which is to be returned to the Office of the Registrar no later than 10 business days after receiving the appeal. The Associate Dean is responsible for providing the student and instructor with written notification of the decision and ensuring the Registrar is copied on the communication.

Level 3: If the student is not satisfied with the decision of the Associate Dean, for a fee, the application will be reviewed by the Academic Appeals Committee. An appeal form must be submitted to the Office of the Registrar no later than 7 business days after a decision at Level 2. The Chair of the Academic Appeals committee must be satisfied there are grounds for a Level 3 appeal (see Procedures for Appeal section of the Academic Calendar for grounds for appeal). If the Chair is not satisfied that the appeal has merit, s/he may deny it. If an Academic Appeals committee is convened, the meeting must occur no later than 20 working days after receipt of the original notice of appeal of the Chair's decision. The Appeals Committee has the authority to take any action it determines is appropriate in adjudicating the appeal. The decision of the Academic Appeals committee is final. If the appeal is successful, the fee will be reimbursed. The Chair of the Academic Appeals Committee is responsible for providing the student, chair and instructor with written notification of the decision and ensuring the Registrar is copied on the communication.

There is no appeal of a terminated practicum.

## Year One

In year one, semester one, a student must meet the required grade of 2.70 in all three courses: CDPD 500, LTA 500 and SCMP 500. Field Experience 500 (FE 500) is a pass/fail course and attendance at both field placements and seminars is a requirement to pass. A student who is not meeting the attendance requirements will be issued a **Notification of Concern** by the seminar instructor. A student who achieves a grade lower than 2.70 at the completion of semester one is eligible to participate in FE 600 under a **Notification of Concern**, which is completed by the Director of Field Experience and Associate Dean of Education. This document is in force for the duration of semester two and places the student on **Academic Intervention** until the following is met:

- successful completion of FE 600; and
- a grade of 2.70 in all semester two courses: CDPD 600 and SCMP 600.

If the student is successful in meeting these two requirements, the **Notification of Concern** and **Academic Intervention** status is removed and the student prepares for year two, semester three.

If the student is unsuccessful in completing FE 600, the student is placed on **Academic Rustication** and can return in January of the following year to redo FE 600. **Academic Rustication** requires the student to complete a professional growth plan outlining an action plan, including volunteering, engaging with a mentor and participating in additional coursework or prescribed professional learning. Students must provide evidence of their activities to the Associate Dean of Education in order to be considered for readmission.

In the case of termination by the partner teacher prior to the completion of FE 600 or the student's requested withdrawal from the practicum, the student may be placed on **Academic Intervention** and a **Notice of Concern** may be initiated by the Director of Field Experience. If a suitable placement is available, the student will need to complete the required weeks in the new placement in order to meet attestation requirements, on a case to case basis. There is no guarantee of an additional placement and if there is not one available,

the student's program may be paused, without being placed on **Academic Rustication**. There is no appeal process for a terminated Field Experience.

If the student is successful in completing FE 600 but unsuccessful in achieving a grade of 2.70 in all required semester two coursework, the student is placed on **Academic Rustication** and can apply for readmission to return in February of the following year to redo CDPD 600 and SCMP 600.

## Year Two

In year two, semester three, students must pass the midpoint assessment in FE 700 in order to move on to semester three coursework.

If the student is unsuccessful in FE 700 at the midpoint, the student will be placed on **Academic Intervention** and a **Notification of Concern** will be completed by the Director of Field Experience and the Associate Dean of Education, which will remain in force until the completion of FE 700 in semester four. In the case of termination by the partner teacher prior to the completion of FE 700 or the student's requested withdrawal from the practicum, the student may be placed on **Academic Intervention** and a **Notice of Concern** may be initiated by the Director of Field Experience. If a suitable placement is available, the student will need to complete the required weeks in the new placement in order to meet attestation requirements, on a case-to-case basis. There is no guarantee of an additional placement and if there is not one available, the student's program may be paused, without being placed on **Academic Rustication**. There is no appeal process for a terminated Field Experience.

In order to have an **Academic Intervention** removed, the student must complete the following:

- meet the required grade of 2.70 in both LTA 600 and SCMP 700; and
- successfully meet the requirements for a pass in FE 700 semester four.

If the student is successful in meeting these two requirements, the **Notification of Concern** and **Academic Intervention** status is removed and the student prepares for year two, semester four coursework.

If the student is unsuccessful in meeting the required grade of 2.70 in either LTA 600 or SCMP 700, the student is placed on **Academic Rustication** and can return in September of the following year to redo FE 700 semesters three and four, and all coursework. If the student is unsuccessful in completing FE 700 semester four, the student is placed on **Academic Rustication** can return in September of the following year to redo FE 700 semesters three and four and all coursework. **Academic Rustication** requires the student to complete a professional growth plan outlining an action plan including volunteering, engaging with a mentor and participating in additional coursework or prescribed professional learning. Students must provide evidence of their activities to the Associate Dean of Education in order to be considered for readmission.

To move on to year two, semester four coursework, the student must have a successful completion of FE 700.

In year two, semester four, the student must achieve a grade of 2.70 in both CDPD 700 and LTA 700. Successful completion of all semester four coursework is required to graduate.

*Any student who requires a second field experience placement for any reason will be levied a one-time \$500 course fee to off-set the costs incurred in creating additional field experience partnerships.*

## Field Experience

### Field Experience Standards

Standards in Field Experience are in-keeping with memorandums of agreement between Ambrose University, individual school districts and the Alberta Teachers Association. These include:

- All school practicum and field experience placements will be made by the Director of Field Experience in agreement with an Administrator from the receiving school.
- Students must not contact schools with the intent of procuring a practicum placement.
- Students may complete only one practicum with any one partner teacher.
- Students will complete only one practicum in any specific school.
- Practicum placements over the course of the four semesters will provide a variety of experiences including but not limited to different grade levels, different divisions, different school boards or districts, and faith-based education vs. non-faith-based education.
- Students will not be placed in schools where family members are employed or where family members are pupils. No student will be placed in a school in which the student attended, graduated from or was employed.

Ambrose University School of Education reserves the right to place students in practicum experiences up to 50 km from the student's primary residence. Students who refuse a placement may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

Students who do not provide all relevant information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

Students who provide false information at the time a placement is made may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

There may be times when a student chooses to reject a practicum placement. Students who refuse a placement, must do so in writing to the Director of Field Experience, and may be required to withdraw from the practicum and reapply for admission to resume their studies in a subsequent year.

The following list of reasons a student may choose to reject a practicum placement does not encompass all situations and should not be considered exhaustive:

- refusal to travel/drive
- planned personal travel or vacation that creates an absence from the practicum placement in excess of two days
- philosophical disagreement with the program philosophy of the practicum placement
- interpersonal tension with the partner teacher
- interpersonal tension with the university consultant
- unwillingness to participate in a specific grade level classroom
- unwillingness to participate in a specific classroom structure such as team-teaching

The Associate Dean of Education reserves the right to deny or terminate a placement in any practicum course to any student if the Associate Dean of Education has reasonable grounds, such as:

- the student has violated any part of the School of Education's Standards of Professional Conduct, as referenced by the Alberta Teachers' Association Professional Code of Conduct and the Alberta Education Teaching Quality Standard;
  - the student is unable to carry out the classroom responsibilities of that practicum; or
  - the Associate Dean of Education believes denial or termination of a placement is necessary in order to protect the public interest.
- Students whose practicum placements have been denied or terminated will be informed of the reasons in writing.

### **Criminal Record Check with a Vulnerable Sector Search (or Equivalent)**

All school jurisdictions require vulnerable sector record checks from all individuals (including student teachers) working with children and adolescents. Consequently, all students accepting an *Offer of Admission* from Ambrose University must make application for a criminal record check, including a Vulnerable Sector Record Check after June 1 of the year of admission. The student is responsible for the cost of obtaining such documentation. Vulnerable Sector Record Checks are submitted to the School of Education and must be available for the student to present at field experience orientation. Students will also carry a copy to all school visits for the duration of the Bachelor of Education program. Students will be required to complete a new Vulnerable Sector Record Check in the June prior to year two of the program.

Students who are unable to present an acceptable Vulnerable Sector Record Check for any reason may be denied a placement by the partner school, the school jurisdiction or the Director of Field Experience. In the instance, the School of Education does not guarantee an alternate placement. In the event a student cannot be placed, the student will be unable to complete the program and thus will be required to withdraw from both the practicum and the program.

## CONTINUING EDUCATION

### Non-credit Courses and Programs

#### Ambrose Arts

There are several opportunities at Ambrose for non-credit involvement in music ensembles: Ambrose University Singers, Ambrose Chamber Orchestra and Ambrose Jazz Band. See [Ambrose Music Ensembles](#) for information.

#### Education Program Extended Learning

These courses are designed for practicing teachers who may be thinking about returning for a Master's degree while working or for students in teacher preparation programs who want to augment what is currently covered in program courses. These courses balance theory and practice with major assignments geared towards the teachers' own classroom work. Courses are also eligible on TQS (Teacher Qualification Service) as Senior Undergraduate Courses worth .100. See [Education Extended Learning](#) for further information.

#### Inclusive Post-Secondary Education

The Inclusive Post-Secondary Education initiative supports students with developmental disabilities to be fully included in their studies, campus life, pursuit of career aspirations, development of lifelong friendships, gaining of independence, and building of life-enriching experiences. Jointly supported by a non-profit organization, Inclusion Alberta, and the provincially-funded Persons with Developmental Disabilities (PDD) program, inclusive education opportunities are available at Ambrose University. See [Inclusive Education at Ambrose University](#) for further information.

#### School Leadership Quality Standard Certification (2 noncredit courses)

Take your personal leadership journey and realize your passion for education. Comprising two noncredit courses, the Certificate program is your opportunity to get informed, get real about yourself, get going as a school leader — and get the accreditation required to become a Principal in Alberta. See [School of Education Leadership Certificate](#) for further information.

## COURSE DESCRIPTIONS

### Alternative Course Formats

Most Ambrose University courses are offered in a semester, appropriate for the majority of full-time and part-time students. It is not possible, therefore, to complete an Ambrose University degree entirely or even substantially through alternative course formats. However, a limited number of classes are offered regularly in alternative formats. The following alternative course format opportunities are available:

#### Modular Class

A course that is offered in a compressed schedule. All class sessions are condensed into either a one-week period or two weeks of mornings or afternoons or spread over a number of weekends, with additional course work completed later. Module courses are offered in this format on campus during the winter, fall and spring semester breaks.

#### Online and Hybrid Courses

Online and hybrid courses are offered during the general time frame of regular semester classes. The start and finish dates may be outside the usual semester timetable.

### General Course Information

The following pages contain brief descriptions of the courses taught at Ambrose University. Not all courses are offered every academic year. Core courses are taught yearly, others on a two-year cycle and some offered occasionally. When specified, some courses cannot be taken unless certain prerequisites have been taken. These prerequisites are stated at the end of the course description. A passing grade will be required in order for a course to meet the requirements of a prerequisite. Students should consult the class schedule for the upcoming semester when selecting courses. Registration is completed through the Student Portal.

### Courses are numbered as follows:

#### Junior-Level Courses

- 100-level courses are open to most students, have no registration restrictions, and normally should be taken during the student's first year and before attempting higher numbered courses in the same area of study.

#### Senior-Level Courses

- 200-level courses which generally require prerequisite(s)
- 300-level courses are not normally open to first year students and require prerequisite(s)
- 400-level courses generally are open only to upper-year students with relevant prerequisite(s)

### Course Credit

The credit value for each course is listed in parentheses beside the course name and number, e.g., (3). Where a lab or tutorial is required, a second number indicates the number of hours per week required in a lab setting beyond class hours. Thus, (3–3L) means a course requires three hours per week in class and three hours per week in lab. Such a course would still have a credit value of 3.

### Course Frequency

The frequency of a course is indicated with a letter code listed after the credit value. Courses offered annually are indicated with an A, courses offered biennially (every other year) with a B, and occasional courses are indicated with an O. *Ambrose University reserves the right to cancel or revise any of the courses listed or to withdraw for the semester any course for which there is insufficient demand.*

### Cross-Leveled Courses

Cross-leveled courses\* are courses taught with both seminary and undergraduate students in the same classroom. These courses are listed in both the Undergraduate Academic Calendar and course listing, and in the Seminary Academic Calendar and course listing.

### Cross-Listed Courses

These are courses listed within either the Undergraduate or the Seminary Calendar, but in more than one discipline within that Calendar.

*\*It is possible for a course to be both cross-leveled and cross-listed.*

### Educational Travel – see Addendum 2 (page 184)

### Laboratory (Lab)

A course component in which students engage in practical projects (e.g., experiments, surveys, observations), testing and applying course concepts in a controlled and supervised setting. Labs are normally 2-3 hours in length.

### Tutorial

A course component in which students review and/or receive supplemental instruction relating to in-class learning, discussing and/or applying theories, methods, concepts, or data. Tutorials normally involve small groups of students and are normally between 60 and 90 minutes in length.

## ACCOUNTING

### **ACC 200 Introduction to Financial Accounting (3-1T) A**

This course focuses on the accounting concepts and procedures involved in recording and reporting the organization and operation of business corporations. In addition to accounting principles, students also learn how to read and interpret financial statements.

*Prerequisite: BUS 100*

### **ACC 205 Introduction to Financial Accounting II (3-1T) A**

This course builds on the concepts and skills learned in introductory accounting and prepares the student for the more conceptual approach required for Intermediate Accounting. Students learn to apply the accounting framework and further develop skills for recording transactions and events and analyzing financial statements. In addition, generally accepted accounting principles are introduced and applied. Topics include revenue recognition, long-term liabilities, partnership accounting, shareholders' equity, investments, notes to the financial statements, and the cash flow statement.

*Prerequisite: ACC 200*

### **ACC 210 Managerial Accounting (3) A**

Based on the concepts learned in ACC 200, this course explores the applications of accounting including information in the management context. Topics include: management planning and control, inventory and cost flow analysis, job order costing, standard costs and variance analysis, budgeting, break-even analysis, relevant costs and decision-making.

*Prerequisite: ACC 200*

### **ACC 301 Intermediate Financial Accounting I (3-1T) B**

This course examines current conventional accounting standards with respect to asset and liability measurement and income determination with a particular emphasis on the asset side of the balance sheet. Specific topics include case, receivables, inventories, short and long-term investments, intangible assets and capital assets.

*Prerequisite: ACC 200*

### **ACC 302 Intermediate Financial Accounting II (3-1T) B**

This course examines current accounting standards with a particular emphasis on the liability/equity side of the balance sheet and some specialized areas of financial statement presentation. Specific topics include short and long-term liabilities, statement of changes in financial position, pensions, leases, income taxes, earnings per share, and accounting changes and error corrections.

*Prerequisite: ACC 200*

### **ACC 310 Intermediate Managerial Accounting (3) B**

This course provides advanced coverage of managerial accounting concepts and the use of accounting information for management and decision making. Topics to be covered include accumulating and analyzing costs using various costing approaches and then, through case studies, exploring the application of cost data in areas such as strategy formulation, organizational performance evaluation, and pricing, revenue, and investment analysis.

*Prerequisite: ACC 210*

### **ACC 401 Advanced Financial Accounting (3) A**

This senior level accounting course analyzes the concepts and practices underlying financial reporting in complex areas such as business combinations and intercompany investments; joint ventures; translation of foreign currency transactions and financial statements; bankruptcy; partnerships; and nonprofit organizations.

*Prerequisite: ACC 301 and ACC 302*

### **ACC 403 Principles of Auditing (3) B**

Introduces students to the fundamental concepts and principles used by the Canadian auditing profession. It explores the role of the auditor, as well as the legal and ethical environment of auditing. In addition to examining the methods and procedures used in auditing and reporting with respect to financial statements, other topics to be covered include internal control and computerization, risk and materiality, and audit planning.

*Prerequisite: ACC 301 and ACC 302*

**ACC 425 Introduction to Taxation (3-1T) B**

This course provides an introduction to personal and corporate Canadian income tax systems. The impact of taxes on business decisions will be examined. Students will be required to analyze personal and business tax problems and apply the concepts learned to resolve these situations.

*Prerequisite: ACC 200*

**ACC 495 Special Topics in Accounting (3) O**

Special studies in Accounting, as announced.

*Note: this course is normally taken by students who have completed at least 18 credits in BUS or ACC.*

**ART****ART 141 Drawing I (3–3L) O**

An introduction to the formal and creative language of drawing with an emphasis on improving technical drawing skills and developing the ability to identify concepts related to visual perception and expression.

*Note: A lab fee applies to this course.*

**ART 143 Drawing II (3–3L) O**

A continuation of study of the formal and creative language of drawing with an emphasis on more advanced topics like colour theory, conceptualizing and effectively communicating ideas visually, image generating and research, and working with advanced drawing techniques.

*Prerequisite: ART 141 or permission of the department*

**ART 200 Art History: Prehistory to Early Renaissance (3) B**

This course provides a chronological and historical survey examining painting, sculpture, and architecture of Western cultures beginning with prehistory to the fifteenth century. This course will focus on significant developments in the visual arts and their connection to and reflection of the political, religious and social influences of the time. In addition, the course will consider how art can be interpreted through a Christian worldview.

**ART 201 Art History: Late Renaissance to Contemporary Art (3) B**

This course provides a chronological and historical survey examining painting, sculpture, and architecture of Western cultures beginning with the Renaissance to the present day. This course will focus on significant developments in the visual arts and their connection to and reflection of the political, religious, and social influences of the time. In addition, the course will consider how art can be understood through a Christian worldview.

**ASTRONOMY****ASTR 120 Introduction to Astronomy (3) A**

A survey of modern astronomy and current views on the Universe, Solar System, and other fundamental cosmic phenomena. This course includes out-of-class tutorials and field trips including a trip to the Rothney Astrophysical Observatory.

*Note: Students can only earn credit for one of the following: ASTR 120 or SC 120.*

**BEHAVIOURAL SCIENCE****BHS 229 Indigenous Ways of Knowing I (3) B**

Students will explore Indigenous ways of knowing, the characteristics of this knowledge, and how these understandings influence interactions with the world and others. Discussion will consider the sources of Indigenous knowledge, the Indigenous ontology, epistemology and axiology as well as related values and ethics. Comparisons will be made between Indigenous and Western forms of knowledge to consider how these platforms can be used together in helping and teaching fields.

*Prerequisite: PS 121 and SO 121*

*Note: PASS/FAIL – not included in GPA*

**BHS 240 Research Methods (3) A**

This course is an introduction to the concepts and processes of quantitative and qualitative research. Research processes include problem definition, designing a study, selection and development of theory, literature review, data collection, interpretation and analysis of data, and writing the research report. Students will develop research skills through the practical application of material covered in class and in the text readings.

*Prerequisite: Math 30-1 or Math 30-2, PS 121 or SO 121*

**BHS 299 Special Topics in Behavioural Science (3) O**

Special studies in Behavioural Science, as announced.

*Prerequisite: Permission of the department*

**BHS 304 Behavioural Science Education Travel Study (3) O**

This course provides an introduction to international community development incorporating the disciplines of community psychology and the sociology of development. It involves pre-reading assignments as well as post-travel written assignments that allow students to apply both theoretical and practical understandings of international community development. The practical component of the course involves volunteering for two weeks at a Two- Thirds World site, where students learn about community development first-hand. One of the main aims of the course is to help empower students to contribute to positive social change in both local and international communities.

**BHS 310 Quantitative Methods for Social Sciences (3-2L) A**

This course is designed to give students a basic understanding of descriptive and inferential statistics. Emphasis is placed on practical application and students will learn to analyze and interpret basic statistical research. They will also learn to use computer software (jamovi) to analyze data. Lecture and laboratory components.

*Prerequisite: BHS 240 or permission of the department*

**BHS 311 Qualitative Research (3) B**

This seminar style course examines the basic techniques for collecting, interpreting, and presenting qualitative data, drawing on research methodologies in areas such as ethnography, grounded theory, case studies, interviews, and focus groups. Special emphasis is given to the epistemological and ontological undercurrents to qualitative research methodology, and "lived experience," or the process of humans constructing meaning through social interaction.

*Prerequisite: BHS 240 and 3 credits in Sociology at the 300-level*

*Note: Students can only earn credit for one of the following: BHS 311 or BHS 415.*

**BHS 320 Field Practicum 1 (3–3L) A**

A supervised practical experience with a community or social agency closely related to the student's interest and/or future plans. Readings, written assignments and group meetings will help students reflect on and integrate knowledge with practical experience.

*Prerequisite: BHS 240. Restricted to students in BA: Behavioural Science (Concentration or Major) with a CGPA of not less than 2.0.*

*Permission of the department required.*

**BHS 329 Indigenous Ways of Knowing II (3) B**

Students will continue to develop their understanding of Indigenous knowledge, perspectives and approaches, in order to further their knowledge of how Western and Indigenous approaches can be used together to support others in a culturally appropriate manner. Discussions will expand the student's knowledge of cultural, spiritual and philosophical themes in Indigenous worldviews. Students will examine how Indigenous worldviews should inform professional practice through the discussion of historical, social, and political issues in helping and teaching fields.

*Prerequisite: BHS 229*

**BHS 350 Poverty in Western Society (3) B**

This course will provide an overview of the origins and understanding of poverty in western society from both a theoretical and theological standpoint. This will include a review of the sources of vulnerability that contribute to poverty and the psycho-social impacts of poverty on vulnerable populations and the broader society. Strategic approaches to poverty reduction will be explored along with the respective roles of the church, state and civil society in preventing, alleviating and reducing poverty.

*Prerequisite: Completion of 60 credits or permission of department*

*Note: This course is cross-listed as DVST 350*

**BHS 399 Special Topics in Behavioural Science (3) O**

Special studies in Behavioural Science, as announced.

*Prerequisite: Permission of the department*

**BHS 400 Social Sciences Capstone (3) A**

An integrative capstone seminar based on the contributions of both sociology and psychology for understanding human behaviour. The course will integrate the method, academic content, and pragmatic application of those fields of knowledge to the social context of human behaviour and explore the ways this can lead to vocation and service in the world community. A variety of methodological, theoretical,

and practical questions will be addressed.

*Prerequisite: Restricted to students in the BA: Behavioural Science (Concentration or Major) or Psychology (Major) programs in their final 15 credits of study. Permission of the department required.*

### **BHS 404 Behavioural Science Educational Travel Study (3) O**

This course provides an introduction to international community development incorporating the disciplines of community psychology and the sociology of development. It involves pre-reading assignments as well as post-travel written assignments that allow students to apply both theoretical and practical understandings of international community development. The practical component of the course involves volunteering for two weeks at a Two-Thirds World site, where students learn about community development first-hand. One of the main aims of the course is to help empower students to contribute to positive social change in both local and international communities.

### **BHS 405 Special Topics in Behavioural Science (3) O**

Special studies in Behavioural Science, as announced.

*Prerequisite: Permission of the department*

### **BHS 410 Basic Multivariate Statistics (3–2L) A**

Multivariate analysis as applied to behavioural science. Correlation, simple and multiple regression, discriminant function analysis, canonical correlation, factor analysis, theories and applications of behavioural measurement, reliability, and validity will be presented.

*Prerequisite: BHS 240 and BHS 310*

### **BHS 420 Field Practicum 2 (3–3L) A**

A continuation of the supervised practical experience placement within a community or social agency related to the student's interest and/or future plans. Seminars will focus on the relationship between ethical issues and practical issues and models of ethical decision-making as related to the behavioural sciences.

*Prerequisite: BHS 240. Restricted to students in the BA: Behavioural Science (Concentration or Major) with a CGPA of not less than 2.0. Permission of the department required.*

### **BHS 450 Intersections between Poverty and Government Policy (3) B**

This course will examine the intersection of social policy and government. Students will discover how governments work, the role of a lobbyist, how a law is formed, how a law is passed and what happens after the law is passed. The impact of a law, both positive and negative consequences, will be considered. The course will look at current Canadian social programs to determine if they empower people to move out of poverty. It will examine competing theories of anti-poverty and a range of approaches to research on poverty. Consideration will be given to welfare reform and alternative models such as Basic Income and Negative Income Tax. Students will visit the municipal council chambers to observe both council and standing policy committees. Finally, students will consider the structure of a National Poverty strategy.

*Prerequisite: Completion of 60 credits or permission of the department*

## **BIOCHEMISTRY**

### **BCH 297 Biochemistry (3-3L) A**

This course will encompass the structure and function of major biomolecules, such as carbohydrates, amino acids, proteins, lipids and nucleic acids, as well as energy transduction, enzyme mechanisms and regulation of metabolic pathways. The accompanying laboratory component will introduce some techniques commonly used in the study of biomolecules and enzymology.

*Prerequisite: BIO 131, BIO 211 and CHE 251*

### **BCH 357 Medical Pharmacology (3) B**

This course covers the physical and chemical properties of drugs, their biochemical and physiological effects, mechanisms of action, absorption, distribution, metabolism, elimination and adverse effects. With each classification of drugs covered, their mode of action, their clinical effects and side effects will be emphasized.

*Prerequisite: BCH 297*

## **BIOLOGY**

### **BIO 131 Introduction to the Cellular Basis of Life (3–3L) A**

This course will cover the fundamental principles of cellular biology including organelle structure and function, metabolism, genetics, cell division, protein synthesis, and molecular biology of eukaryotic cells.

*Prerequisite: Biology 30 or Chemistry 30*

**BIO 133 Introduction to Plant and Organismal Biology (3–3L) A**

This course will comparatively survey the diversity of the major lineages of eukaryotic organisms – including vertebrate and invertebrate animals, plants, protists, and fungi. It will also discuss the ecological principles of organismal survival and interactions.

*Prerequisite: Biology 30 or Chemistry 30*

**BIO 211 Principles of Genetics (3–3L) A**

This course examines the principles of heredity, Mendelian laws, as well as basic concepts of gene structure and function, gene regulation and genetic recombination. Principles from prokaryotes, eukaryotes and viruses will be explored. The accompanying laboratory component contains experiments and exercises to illustrate key genetic principles and molecular genetic techniques.

*Prerequisite: BIO 131*

**BIO 213 Principles of Ecology (3–3L) A**

The dynamics and maintenance of biological diversity are examined in terms of ecological processes, conservation of species, habitats, and evolutionary principles. Ecological principles and organism interactions at individual, population, community and ecosystem levels will be explored.

*Prerequisite: BIO 133*

**BIO 231 Cellular and Molecular Biology (3–1T) A**

This course examines the principles of cellular structure and function, molecular organization, regulation of cellular functions, as well as the interaction of cells with neighbouring cells and their environment.

*Prerequisite: BIO 131 and BIO 211*

**BIO 241 General Microbiology (3-3L) B**

Microbiology explores the biology of microorganisms, namely viruses, bacteria, unicellular and microscopic multicellular eukaryotes. The course will review fundamental information about the biology of these organisms and will expand this knowledge base with microbial genetics, diversity and ecology. The field of applied microbiology will also be explored in topics regarding health, industry and the environment. The accompanying laboratory component will introduce a variety of laboratory techniques to identify microorganisms.

*Prerequisite: BIO 211, CHE 101, and CHE 103*

**BIO 245 Research Methods in Biology (3) B**

An introduction to research in Biology with an emphasis on understanding the research process, including literature searches, experimental design, data collection, basic statistical knowledge, and its relationship to critical thinking.

*Prerequisite: BIO 131 and BIO 133*

**BIO 269 Nutrition (3) B**

This course covers the basics of nutrition, the processing of carbohydrates, fats, and proteins, vitamins and minerals, as well as discussing energy balance, fasting, and weight control.

**BIO 270 Introduction to Neuroscience (3) A**

An introduction to the study of neuroscience and neuropsychology. Attention is given to the foundational issues of studying neurochemistry and experimental techniques related to the structure and function of the nervous system and brain.

*Prerequisite: PS 121*

*Note: This course is cross-listed as PS 270.*

**BIO 301 Principles of Evolutionary Biology (3-1T) B**

An introduction to the evolutionary processes that shape variation, within and between, populations and species. Topics include heredity, mutation, genetic drift, natural selection and adaptation, sexual selection, speciation, macroevolution, and implications for conservation and medicine.

*Prerequisite: BIO 211 and BIO 213*

**BIO 310 Quantitative Methods for Biology (3-1T) A**

This course is designed to give students a basic understanding of descriptive and inferential statistics. Emphasis is placed on practical application and students will learn to analyze and interpret basic statistical research. Topics include collection and presentation of data, descriptive statistics, introduction to probability theory, estimation, hypothesis testing, and linear regression. Students will also learn how to use computer software to analyze data.

*Prerequisite: Math 30-1*

**BIO 320 Bioethics (3) B**

This course examines the moral concerns related to a variety of health related sciences, research programs, and medical interventions. Issues to be examined include, but are not limited to, abortion, euthanasia, genetic engineering, stem cell research, reproductive technology, commodification of organs and body tissue, patient consent, and the distribution of scarce medical resources.

*Prerequisite:* PH 125

*Note:* This course is cross-listed as PH 320. Bachelor of Science students may take this course for Science credit. Non-BSc students must take the course as PH 320.

**BIO 329 Molecular Genetics and Omics (3-3L) B**

This course will study the structure of genes and the molecular mechanisms that regulate gene expression in prokaryotes and eukaryotes. Topics include gene and chromosome structures, DNA recombination and mechanisms of DNA replication and repair, transcription, post-transcriptional RNA processing, translation, and post-translational modifications and the study of omics. Students in this course also learn the important molecular techniques, such as quantitative PCR, molecular cloning, and gene silencing.

*Prerequisite:* BIO 211, BIO 231, and BIO 241

**BIO 330 Brain and Behaviour (3) B**

An introduction to the neural basis of learning, memory, language, thought, motivation, emotion and behaviour.

*Prerequisite:* BIO 270 or PS 270

*Note:* This course is cross-listed as PS 330.

**BIO 338 Developmental Biology (3-1.5T) B**

An introduction to basic principles in vertebrate and invertebrate development. Students will study the intra- and intercellular processes that regulate cellular proliferation and differentiation. Topics include mechanisms controlling embryonic development, pattern formation, morphogenesis, and cellular differentiation in selected model organisms.

*Prerequisite:* BIO 211, BIO 231 and BCH 297

**BIO 352 Introduction to Cognitive Neuroscience (3) B**

An examination of the neural bases of higher human cognitive or mental function. Topics will include the strengths and weaknesses of current techniques for investigating mind-brain relationships and analyzing syndromes due to neurological deficits and diseases. Such techniques may include neurophysiological recording in animals, human EEG and MEG recording, structural and functional non-invasive brain imaging, and brain stimulation methods.

*Prerequisite:* PS 121 and BIO 270

*Note:* This course is cross-listed with PS 351

**BIO 404 Biology Educational Travel Study (3) O**

This course is an educational travel study.

*Prerequisite:* Permission of the department

**BIO 455 Cancer Biology (3) B**

This course will cover the manifestations of cancer types, the genetic factors that contribute to them, and the cellular response to those mutations. Cancer initiation and growth, as well as diagnostic techniques and treatments will be discussed on a biochemical, cellular, and genetic level.

*Prerequisite:* BIO 211, BIO 231 and BCH 297

**BIO 493 Independent Research Study in Biology (3) A**

This course is a one-semester research project in biology. Students will design and implement a biology experiment, conduct data analysis, and disseminate this knowledge as a formal scientific report and an oral conference presentation.

*Prerequisite:* 15 credits of relevant senior courses in Biology (BIO, BCH, ZOO)

**BIO 495 Independent Research Study in Biology I (3) A**

This course is the first course of a two-semester biology research project. Students will choose a research topic of choice, conduct a literature review, and write a research proposal identifying a new research question and describing an experimental protocol.

*Prerequisite:* 15 credits of relevant senior courses in Biology (BIO, BCH, ZOO) and a minimum cumulative GPA of 3.0

**BIO 497 Independent Research Study in Biology II (3) A**

This course is the second course of a two-semester biology research project. Students will design, implement, and conduct data analysis on the research project proposed during BIO 495, and will disseminate this knowledge as a formal scientific report and an oral conference presentation.

*Prerequisite:* 15 credits of relevant senior courses in Biology (BIO, BCH, ZOO) and BIO 495 and a minimum cumulative GPA of 3.0

**BOTANY****BOT 203 The Biology of Plants (3–3L) B**

This course focuses on the plant-person interface, examining how plants have, are and will shape our lives and society. Through this lens students will explore plant biology (anatomy, morphology and physiology) and discover how plants fulfill their many roles in health, commercial products and the natural and urban environments.

*Prerequisite:* BIO 133

*Note:* Credit in both BOT 204 and BOT 203 is not allowed.

**BUSINESS****BUS 100 Introduction to Business Administration (3) A**

This course provides an overview of business management and the business environment. It offers introduction to key functional areas in a business such as economic trends and business cycles, organization of business, human resources management, finance, and marketing. Emphasis is placed on how various functional areas are integrated to ensure a successful business operation.

**BUS 201 Business Communication (3) A**

This course focuses on communications in a business setting. Students will develop and strengthen their written and oral communication skills in preparation for their ongoing studies and careers. Students will also gain an understanding of the importance of communication skills in a business career. This is an experiential course where students will develop solid skills in writing, listening, problem-solving and presenting individually and within groups, both through digital and traditional media.

*Prerequisite:* One of the following: BUS 100, BUS 305, DVST 305

**BUS 210 Business Ethics and Corporate Governance (3) O**

This is a course in applied business ethics and corporate governance. As such, it takes concepts, theories, and moral philosophy and applies them to a broad range of issues encountered in the business context. Such issues may include: “whistle-blowing,” advertising, employee treatment, insider trading and accounting practices, product liability, corporate social responsibility, and issues in international business. Strategies to develop ethical frameworks within businesses and good corporate governance practices are examined.

*Prerequisite:* One of the following: BUS 100, BUS 305, DVST 305, PS 121 and permission of the department.

**BUS 211 Business Ethics and Sustainability (3) A**

A course applying concepts, theories, and moral decision procedures found in moral philosophy to a broad range of issues currently encountered in the business context, including: “whistle-blowing,” advertising, employee treatment, insider trading and accounting practices, product liability, corporate social responsibility and issues in international business. Strategies to develop ethical frameworks within businesses and good corporate governance practices are examined.

*Prerequisite:* one of BUS 100, BUS 305, DVST 305, PS 121

*Note:* This course is cross-listed as DVST 211. Students can only earn credit for one of the following: BUS 211 or BUS 210.

**BUS 220 Finance (3-1T) A**

This course examines the fundamental financial concepts including time value of money, cost of capital and capital structure, capital investment decisions, budgeting and financial planning, sources and forms of financing and business valuation.

*Prerequisite:* One of the following: MA 110, MA 111, MA 149 and ACC 200

**BUS 250 Organizational Behaviour (3) A**

This course introduces students to the theory of organizational behaviour (the study of people at work in organizations). It examines the behaviours of individuals working alone or in teams, and how organizations’ characteristics, management practices and other factors influence this behaviour, and ultimately organizational effectiveness. It also examines the process of organizational change.

*Prerequisite:* One of the following: BUS 100, BUS 305, DVST 305, PS 121

**BUS 261 Global Business Practices (3) O**

This course provides a survey of business practices in various regions around the world, comparing and contrasting social and cultural

differences that impact business interactions and cross-cultural communication.

*Prerequisite: Completion of 30 credits or permission of the department*

*Note: This course is cross-listed as DVST 261*

### **BUS 272 Introduction to Business Analytics (3-1.5) A**

An introduction to data and business analysis. Students will explore analytical approaches for making business decisions, including basic steps in problem solving and simple modeling. In addition, they will build quantitative skills using application software that will result in more informed and effective business decision making. Communicating and presenting quantitative data and analysis graphically will also be emphasized. Instruction will consist of lecture and tutorials.

*Prerequisite: BUS 100, MA 110, STA 210*

### **BUS 280 Marketing (3) A**

This course introduces the fundamental concepts and principles of marketing including topics such as analysis of customer behaviour, market segmentation and trend analysis. The 4 Ps (Product, Price, Promotion and Place) in the marketing mix will be introduced and various marketing strategies catering to different industries will also be examined by means of case studies.

*Prerequisite: One of the following: BUS 100, BUS 305, DVST 305*

### **BUS 290 Innovative and Entrepreneurial Thinking (3) A**

An exploration of creativity and innovation processes from ideation to problem solution and implementation. The course develops an entrepreneurial mindset through design thinking, creativity exercises, creative problem-solving strategies, and other approaches. Highly practical in nature, this course develops habits of thought that promote initiative, responsibility, and empowering passion.

*Prerequisite: Completion of 15 credits*

*Note: Students can only earn credit for one of the following: BUS 290, DVST 290, IND 290, BUS 390, or DVST 390*

*Note: This course is cross-listed as DVST 290 and IND 290*

### **BUS 299 Special Topics in Business Administration (3) O**

Special studies in Business Administration, as announced.

*Prerequisite: BUS 100 and permission of the department*

### **BUS 304 Business Travel Study (3) A**

This educational travel study offers practical, experience- based learning opportunities for students and business leaders to see first-hand how business impacts individuals and communities in various regions around the world. The focus of the course varies each year, ranging from economic development in Latin America to global business in Europe and Asia. Contact the Business program for more information about specific destinations and dates for this travel course each year.

*Prerequisite: Completion of 30 credits and permission of the department*

### **BUS 305 Management of Non-Profit Organizations (3) B**

This course is designed to provide current and future nonprofit managers and leaders with an overview of a range of nonprofit management concerns and practices. Course projects and discussions expand students' management skills, analytical tools, and knowledge. Students take the perspectives of nonprofit managers, volunteers, board members, policy makers, donors, and clients. This course is built on the assumption that students learn more if they are actively engaged with the material. Exercises and discussions allow students to test knowledge, formulate ideas and strategies, respond to management dilemmas, and get immediate feedback from classmates and the instructor.

*Prerequisite: Completion of 30 credits and permission of the department*

*Note: This course is cross-listed as DVST 305*

### **BUS 307 Sustainable Development Goals in Context (3) O**

An exploration of the global Sustainable Development Goals and their historical development, their national application, and their integration into Albertan business, government, and civil society. The course will move from a broad theoretical understanding of a United Nations framework to an applied survey of how such goals and indicators can be applied to improve society through collaboration and innovation. Instruction will consist of lectures, experienced guest speakers and co-lecturers, reflective discussion, and case studies.

*Prerequisite: BUS 100, DVST 210 or permission of the department*

*Note: This course is cross-listed as DVST 307*

### **BUS 321 Personal Financial Management (3) B**

This course examines global capital markets and relates such markets to the practical application of building a personal financial plan all

through the lens of being a Christ-follower. Wealth management is much more complex than simple stewardship rules. Money and our attitude towards finances are a litmus test of our spiritual character.

*Prerequisite: Completion of 30 credits*

### **BUS 323 Responsible and Impact Investing (3) O**

This course develops an understanding of the rationale for, principles of, and financial instruments available for responsible and impact investment. Substantial parts of the course consider the regulatory enablers and barriers to impact investing and responsible investing, the challenges involved in their expansion, analysis of alternative instruments, and the measurement of social return on investment.

*Co-requisite: BUS 220*

*Note: This course is cross-listed as DVST 323*

### **BUS 330 Human Resource Management (3) B**

Human Resource Management (HRM) has become a strategic function for both private and public organizations.

This course provides an introduction to the conceptual and practical aspects of HRM. It focuses on the personnel processes involved in the procurement, development and maintenance of human resources, including job classification and description, staffing, training and compensation. The course also includes an examination of current personnel issues and trends.

*Co-requisite: BUS 250*

### **BUS 331 Organization Development and Change (3) B**

For organizations desiring to operate effectively and remain competitive in a rapidly changing global market- place, they must adapt to these dynamic and challenging conditions. In this course, students will explore the concepts of organization theory and design, including the major organization forms, the idea of culture as a structure, the impact of environment on structure and the leadership, and the management of dynamic process, all in the context of how organizations best work in today's complex world.

*Prerequisite: BUS 250*

### **BUS 341 Leadership Theory and Practice (3) O**

This course is innovatively designed to be experiential and theory-based. The diverse delivery approach includes: online, readings, written assignments, journaling, lectures, retreats and leadership practice. The core areas of exploration include: leadership theory, functions of leadership, leadership practice, organizational approach to leadership, leadership assessment, and teamwork.

*Prerequisite: Completion of 30 credits and permission of the department*

### **BUS 342 Leadership in the Global Context (3) A**

A seminar examining leadership theories and approaches to leadership practice in various global contexts. Students will explore the ways multi-cultural influences shape non-profit and for-profit organizations. Various self-assessments will heighten students' awareness of their personality characteristics, current leadership strengths, and areas for growth. Students will develop a personal philosophy of leadership and prepare a personal leadership development plan.

*Prerequisite: Completion of 60 credits or permission of department*

*Note: Students can only earn credit for one of the following: BUS 342, DVST 342 or BUS 341*

*Note: This course is cross-listed as DVST 342*

### **BUS 350 Business Law (3) B**

An exploration of Canadian legal fundamentals and legal thinking essential for businesses, but also relevant to other organizations and individuals. Topics include the rule of law, organization of the Canadian legal system, torts, contracts, employment, business and non-profit organization and directors' liability, real and personal property and environmental issues, intellectual property, privacy, consumer protection, bankruptcy, e-commerce, international law, and business and human rights.

*Prerequisite: BUS 100 or 305 or 30 credits*

### **BUS 351 Corporate Social Responsibility and Shared Value Creation (3) O**

Businesses are facing increasing stakeholder pressure to respond to societal expectations that businesses should operate in a more environmentally friendly and socially responsible manner. This course examines corporate social responsibility (CSR) and shared value creation (SVC) from multiple perspectives. It focuses both on identifying the tensions between business and societal goals, addressing the major social responsibilities of business in the context of globalization, and on creating value through CSR and SVC strategies. Through the use of case studies and guest lecturers from CSR/SVC industry leaders, students will be exposed to issues across various industries and countries and will be expected to develop solutions for responsible management practices.

*Prerequisite: One of the following: BUS 100, BUS 305, DVST 305 and permission of the department*

**BUS 360 International Business (3) O**

This course examines how global economic, political and cultural factors affect the strategies of firms involved in international business and trade. Topics include: globalization and international business strategy, free trade and regional economic integration, foreign direct investment, currencies and exchange rates, social and cultural differences in national markets, international management and organizational structure.

*Prerequisite:* BUS 261

**BUS 362 International Microfinance (3) O**

This course will investigate the emerging field of microfinance – the provision of small loans and financial services to the poor – and its impact on addressing poverty in developing countries. Students will develop an understanding of a range of topics in the field, including the role of credit in microenterprises, lending models, sustainability and best practice for microfinance institutions (MFIs), cultural factors and regional issues. The course offers a unique mix of theory and practice as students will have the opportunity to work on projects relating to current issues and microfinance programs in various regions of the world.

*Prerequisite:* One of the following: BUS 100, BUS 305, DVST 305

*Note:* This course is cross-listed as DVST 362

**BUS 370 Management Information Systems (3) B**

This course provides an introduction and understanding of the value and uses of information systems for business operation and management decision-making. It concentrates on providing an understanding of the tools and basic terminology needed to understand information systems and their role in the business environment. Topics include information systems concepts, a review of information technology concepts, the fundamentals of e-business, planning and development of information systems, and the implementation and management of these systems.

*Prerequisite:* BUS 100 or BUS 305

**BUS 371 Operations Management (3) B**

An introduction to the nature and problems of operations and production management. Topics include the allocation and scheduling of resources, inventory management, quality control, operations layout and design, project planning and control, and improvement/innovation of business processes. The intent is to provide a broad overview of the subject material and an understanding of how operations management affects business strategy and interacts with the other functional disciplines.

*Prerequisite:* One of the following: MA 110, MA 111, MA 149 and one of the following: BUS 100, BUS 305/ DVST 305

**BUS 372 Data Analysis for Business (3-1.5T) A**

An exploration of business analytics through the use of data analysis techniques and tools to make data-driven business decisions. Students will learn how to build predictive models using spreadsheet software. Additional emphasis will be placed on the analysis of complex business problems and application of more advanced modelling techniques including simulation, optimization, decision-tree analysis, queuing theory, and forecasting. Instruction will consist of lecture and tutorials.

*Prerequisite:* BUS 272

**BUS 376 Meaning and Purpose of Work in Christian Perspective (3) O**

This course will explore the intersection of Christian faith and the world of work. In particular, focus will be given to several key theological themes which highlight the integral role our work plays within the Christian life and God's activity in the world. In addition to understanding the meaning and purpose of work, attention will be given to how a theological understanding of our work can impact how one engages the workplace and makes career decisions.

*Prerequisite:* BUS 100

**BUS 380 Marketing Research (3-1) B**

This course exposes students to the research process as related to marketing and consumer behaviour. Topics include defining the marketing problem, research design, focus group selection, market segmentation and target marketing, sample selection, instrument preparation, data collection and reduction, analysis, presentation and follow-up.

*Prerequisite:* BUS 280 and STA 210

**BUS 382 Consumer Behaviour (3) B**

This course familiarizes students with the role of individual lifestyle and personality, and cultural and social influences, in consumer decision-making. These topics are examined with the goal of enabling marketers to better understand customers and meet their needs. The course also provides a uniquely Canadian perspective on how products, services, and consumption activities shape people's social experiences.

*Prerequisite:* BUS 280

**BUS 384 Brand Management (3) O**

Building and effectively maintaining brand equity is among the top priorities of high performing companies and is a fundamental element of competitive strategy. Provides students with insights into how effective brand strategies can be created and the implications for brand management professionals. The class blends marketing theory and practice to provide perspective on corporate marketing and the brand management function.

*Prerequisite: BUS 280*

**BUS 385 Special Topics in Marketing (3) O**

Special studies in Marketing, as announced.

*Prerequisite: BUS 280 and 3 credits in Marketing at the 300-level*

**BUS 386 Marketing Communications and Societal Marketing (3) B**

An exploration of theories, concepts, and applications of integrated marketing communications. Examining ways organizations can communicate strategically with their customers and other stakeholders, the course covers advertising, sales promotion, public relations, personal selling, direct marketing, societal marketing, and digital (interactive) marketing. The course also examines the ways social media and internet-based platforms help to shape consumer behaviour, and teaches effective and professional use of those platforms.

*Prerequisite: BUS 280, BUS 305, or DVST 305*

*Note: Students can only earn credit for one of the following: BUS 386, DVST 386, or either or both BUS/DVST 381 and BUS 383.*

*Note: This course is cross-listed as DVST 386*

**BUS 392 Business Planning for Social Entrepreneurs (3) O**

This is a hands-on, new venture development course. Students learn entrepreneurial planning by developing an actual business plan for a new venture using Business PlanPro Premier software. Students learn and execute tasks such as developing an initial business model using the business model canvas design template; performing thorough customer and market analysis; producing finance and operation plans and projections; creating strategies for sustainability and triple bottom line results; and effectively presenting their business plans in written and oral presentation formats. Business plans will be entered into various business plan competitions and/or presented for financing to BDC, Futurepreneur Canada, or similar organizations.

*Prerequisite: BUS 390*

**BUS 399 Special Topics in Business Administration (3) O**

Special studies in Business Administration, as announced.

*Prerequisite: BUS 100 and permission of the department*

**BUS 404 Business Educational Travel Study (3) O**

This educational travel study offers practical, experience- based learning opportunities for students and business leaders to see first-hand how business impacts individuals and communities in various regions around the world. The focus of the course varies each year, ranging from economic development in Latin America to global business in Europe and Asia. Contact the Business program for more information about specific destinations and dates for this travel course each year.

*Prerequisite: Permission of the department*

**BUS 405 Special Topics in Business (3) O**

Special studies in Business, as announced.

**BUS 406 Special Topics in Business and Society (3) O**

Special studies in Business and Society, as announced.

**BUS 410 Advanced Strategy (3) A**

This course is a challenging advanced management course for the undergraduate business student. Students will be exposed to theories, concepts, tools and skills that are used in strategy formulation and implementation. Students will develop analytical thinking through defining core activities that a business focuses on, identifying clients/customers that a business serves, and creating value in what a business offers. Students will be challenged to integrate knowledge they have gained from other business core courses and apply their accumulated knowledge to business case studies. A holistic approach to identifying organizational problems and opportunities will be developed along with the ability to focus specifically on the functional and business levels in implementing the strategies.

*Prerequisite: Permission of department. Restricted to students in BA Business or Bachelor of Business Administration in their final year of study.*

**BUS 431 Learning and Performance Management (3) B**

This course builds upon BUS 330 and focuses on how organizations create and operate performance management systems, as well as meet their organizational learning and development needs. It presents an overview of current issues in the field, such as performance assessment for individuals and teams, needs analysis, rewards and motivation, training program design, talent management, and organizational learning.

*Prerequisite: BUS 250*

**BUS 432 Recruitment and Selection (3) B**

A key step in the human resource management (HRM) process within private, public and nonprofit sectors involves the recruitment and selection of human resources. The course provides the methods, processes, and skills to design and implement strategic recruitment and selection initiatives. Topics covered include: job analysis, legal considerations, identifying sources of applicants, screening, assessment, interviewing, and decision making.

*Prerequisite: BUS 330*

**BUS 433 Employee and Labour Relations (3) B**

An exploration of effective employee and labour relations in Canada. Specific emphasis will be given to exploring the practices of effective management: employee relations, the roles and impacts of unions in organizations, and managing conflict and diversity in organizations.

*Prerequisite: BUS 250*

**BUS 435 Special Topics in Human Resources (3) O**

Advanced studies in Human Resources, as announced.

*Note: this course is normally taken by students who have completed at least 18 credits in BUS or ACC.*

**BUS 440 Strategic Human Resource Management (3) B**

An exploration of human resource management strategies with two central themes: systematic, strategic thought about managing an organization's human assets, and practical implementation of human-resources policies to achieve competitive advantage. Adopting the strategic perspective of a general manager, the course addresses topics including reward systems, performance management, high-performance human resource systems, training and development, recruitment, retention, equal employment opportunity laws, work-force diversity, and union-management relationships.

*Prerequisite: BUS 330 and completion of an additional 6 credits in Human Resources*

**BUS 441 Advanced Leadership (3) O**

Building upon the foundation of BUS 342, this course examines in greater detail leadership theories (trans-formational, authentic, and spiritual leadership), as well as advanced leadership topics (e.g., team leadership, culture and leadership, leadership ethics, and leadership and social justice). It also explores organizational opportunities and challenges that have leader-follower interaction as a cause (such as implicit leadership, toxic leadership, among others).

*Prerequisite: BUS 342*

**BUS 445 Special Topics in Leadership (3) O**

Advanced studies in leadership, as announced.

**BUS 449 Senior Leadership Research (3) O**

Students survey the applicable literature, conduct original research, and develop an individual research project involving investigation of a leadership issue approved by the instructor. Each student writes a report suitable for publication, presentation at the Ambrose research conference or to a potential employer, or submission with an application to a graduate school. The course will also involve the use of qualitative and quantitative research methods and data analysis that leaders and consultants use in organizations. Students will conduct limited amount of quantitative research and use spreadsheet tools rather than statistical software packages for analysis.

*Prerequisite: BUS 341 and completion of 60 credits*

**BUS 470 Project Management (3) B**

This course aims to provide a comprehensive, multi-industry overview of project management, familiarizing the student with the concepts and basic functions of project management. Topics addressed will include scope, risk, resource allocation, team management and leadership, time and scheduling, cost and budgeting, and evaluation and control. Leveraging the latest project management software, the course provides a balance of hands-on practice, contemporary real-world examples and cases, and the latest theory.

*Prerequisite: 18 credits in BUS or ACC*

**BUS 471 Business in the European Union (3) O**

This course explores the business environment in Europe and the impact of European integration in a regional and global context. Topics include: history and development of the European Union, political institutions, economic integration and the single European market, monetary union, and the Euro currency, trade and foreign policy, enlargement and expansion into Eastern Europe.

*Prerequisite: Completion of 60 credits in any Business*

**BUS 472 Business Analytics (3-1.5) B**

An in-depth examination of business analytics and data analysis techniques. Students will think critically about how to frame and solve business problems, and then learn how to build predictive models using business intelligence software to address these problems. To evaluate selected cases in the fields such as, finance, marketing, and human resources, this course will teach students to apply the three dimensions of business analytics: descriptive, predictive, and prescriptive analytics. In addition, they will examine the emerging ethical guidelines that govern the use of big data. Instruction will consist of lecture and tutorials.

*Prerequisite: BUS 372*

**BUS 475 Special Topics in Management (3) O**

Special studies in Management, as announced.

*Note: this course is normally taken by students who have completed at least 18 credits in BUS or ACC.*

**BUS 480 Strategic Marketing (3) B**

An integration of all the conceptual areas in the marketing discipline. The course will explore the analytical, planning, and communication skills required of successful marketing managers amidst demanding customers, fast-changing technologies, increasing global competition, and social changes in global markets. It will emphasize practical marketing planning, along with the development and implementation of marketing strategies.

*Prerequisite: 6 credits in Marketing at the 300-level*

**BUS 485 Special Topics in Marketing (3) O**

Special studies in Marketing, as announced.

*Prerequisite: BUS 280*

**BUS 490 Independent Study (3) O**

Consists of an individual research project that investigates a problem or topic area not treated extensively in a regular course.

*Prerequisite: Permission of the department and a minimum cumulative GPA of 3.0*

**BUS 492 a/b Entrepreneurship Incubator (1.5-1.5) O**

This is a two-semester entrepreneurship practicum for teams of students starting sustainable, triple bottom line-oriented companies based on business plans previously developed in BUS 392. The practicum is focused on skill development and mentoring in startup formation, resource acquisition, business and revenue model validation, project management, debt and equity financing, and written and oral presentation of startup activities.

*Prerequisite: BUS 392*

**BUS 495 Special Topics in Entrepreneurship and Innovation (3) O**

Special studies in Entrepreneurship and Innovation, as announced.

*Note: this course is normally taken by students who have completed at least 18 credits in BUS or ACC.*

**BUS 499 Capstone Seminar in Business (3) A**

Run as an integrative capstone seminar, this course serves as an occasion for graduating students to integrate and consolidate the various dimensions of their business program. The course will explore the pragmatic application of their fields of knowledge, the ways this can lead to vocation and service in the world community, while also providing a forum to help students transition to the next season of their professional lives.

*Prerequisite: Restricted to students in BBA or BA Business Administration programs in their final year of study.*

*Permission of the department is required.*

## CHEMISTRY

### **CHE 101 General Chemistry I (3–3L) A**

Focuses on the fundamental principles and concepts necessary for understanding all aspects of chemistry. Topics include atomic and molecular structure, periodicity, bonding, basis of chemical reactions and intermolecular forces.

*Prerequisite: Chemistry 30*

### **CHE 103 General Chemistry II (3–3L) A**

Focuses on the quantitative aspects of chemistry. Topics include chemical kinetics, equilibrium, acids and bases, solubility and electrochemistry.

*Prerequisite: Chemistry 30*

### **CHE 251 Organic Chemistry I (3–3L) A**

Students apply the basic principles of chemical bonding to organic molecules, and are introduced to the concept of stereochemistry, spectroscopy and reaction mechanisms.

*Prerequisite: CHE 101 and CHE 103*

### **CHE 253 Organic Chemistry II (3–3L) A**

A continuation of Chemistry 251, this course looks at reactions of common functional groups. Topics include electrophilic addition reactions, aromaticity, electrophilic aromatic substitution reactions, radical chemistry, nucleophilic addition reactions, nucleophilic substitution reactions, enolate chemistry and synthesis.

*Prerequisite: CHE 251*

### **CHE 333 Environmental Health and Toxicology (3) B**

Focuses on the source, reactivity and environmental fates of toxic chemicals with a global perspective. Topics include environmental aquatic chemistry, environmental microbial chemistry, environmental health and toxicology, pollution and waste management. Instruction will consist of lecture, in-class activities and presentations.

*Prerequisite: CHE 251*

### **CHE 335 Introduction to Nanoscience and Nanotechnology (3) B**

An introduction to the fundamental concepts and applications of the developing field of nanoscience and technology. The underlying principles of nanoscale science, the unique properties of nano-sized particles, and the modern applications of nanoscience will be explored. Instruction will consist of lectures, supplementary readings, in-class activities, quizzes, group projects and presentations.

*Prerequisite: CHE 251*

### **CHE 405 Special Topics in Chemistry (3) O**

Special studies in Chemistry as announced.

*Prerequisite: CHE 101 or CHE 103*

### **CHE 440 Advances in Green Chemistry (3) B**

An environmental sustainability course focused on applying green chemistry principles. This course will explore how chemistry can help address global human health and environmental issues. Chemistry knowledge will be applied to develop appropriate solutions using green chemistry approaches.

*Prerequisite: CHE 251*

### **CHE 493 Independent Research Study in Chemistry (3) O**

This course is a one-semester research project in chemistry. Students will design and implement a chemistry experiment, conduct data analysis, and disseminate this knowledge as a formal scientific report and an oral conference presentation.

*Prerequisite: 15 credits of senior courses in Science with a minimum of 9 credits in Chemistry (BCH, CHE)*

### **CHE 495 Independent Research Study in Chemistry I (3) O**

This course is the first course of a two-semester chemistry research project. Students will choose a research topic of choice, conduct a literature review, and write a research proposal identifying a new research question and describing an experimental protocol.

*Prerequisite: 15 credits of senior courses in Science with a minimum of 9 credits in Chemistry (BCH, CHE), and minimum CGPA of 3.0*

**CHE 497 Independent Research Study in Chemistry II (3) O**

This course is the second course of a two-semester chemistry research project. Students will design, implement, and conduct data analysis on the research project proposed during CHE 495, and will disseminate this knowledge as a formal scientific report and an oral conference presentation.

*Prerequisite: CHE 495 and minimum CGPA of 3.0*

**COMMUNICATIONS****COM 105 Introduction to Media Communications (3) O**

This course will examine many types of media and their uses in communicating a message. These media types should assist us as tools in effective communication, allowing us to meet our goals and purposes in business, teaching, self-expression, and church ministry. We will examine many different mediums and their use, including software, hardware, technology, aesthetics, theory and research in order to gain the knowledge, understanding and ability to use them to our advantage.

**COMPUTER SCIENCE****CS 100 Introduction to Computers (3-1T) B**

An introduction to computing concepts, computer hardware, operating systems, software and the Internet. Applications in areas such as word processing, presentations, spreadsheet and database use are included.

**CS 115 Introduction to Computer Programming (3-1T) B**

This course is an introduction to algorithm design and implementation using a structured programming language (C++). Discussion of, and practice with, elementary programming techniques with emphasis on good style.

**DANCE****DA 103 Dance Fundamentals (3) A**

A praxis and lecture-based introductory dance class open to all students. This course will explore classical, contemporary, and jazz dance techniques. The training includes barre work, centre-practice, across-the-floor, and improvisation. Students will also be introduced to basic skeletal and muscle anatomy and health. Classroom work will focus on a holistic understanding of dance genres and dance history. Studio work will emphasize rhythm, theme, and musical interpretation as applied to improvisation and choreography.

**DA 203 Ballet Technique I (1.5) B**

Explores the vocabulary and movement range of classical ballet technique at the intermediate level. Attention will be given to body placement, balance, flexibility and strength. Emphasis will be placed on integrated movement, alignment, classical ballet vocabulary, and artistic expression. Attendance at one assigned ballet performance is mandatory.

*Prerequisite: DA 103 or TH 203*

**DA 204 Ballet Technique II (1.5) B**

Part II of Ballet Technique deepens the vocabulary and movement range of classical ballet technique at the intermediate level with a focus on more complex adage and allegro work. Further attention will be given to body placement, balance, flexibility and strength. Emphasis will be placed on integrated movement, alignment, classical ballet vocabulary, and artistic expression. Attendance at one assigned ballet performance is mandatory.

*Prerequisite: DA 203*

**DA 213 Modern Technique I (1.5) B**

An introduction to the technique and philosophy of modern dance based on Limón, Graham, Horton, Cunningham and various release techniques. Students will develop a vocabulary of modern dance movements, musicality and expression. Studio based learning will grow students' overall technical skill and understanding of modern dance. Attendance at one modern dance performance is mandatory.

*Prerequisite: DA 103 or TH 203*

**DA 214 Modern Technique II (1.5) B**

Part II of Modern Technique further develops modern dance technique and philosophy based on Limón, Graham, Horton, Cunningham and various release techniques. Students will expand their vocabulary of modern dance movements, musicality, alignment and expression. Studio based learning will grow students' overall technical skill and understanding of modern dance. Attendance at one modern dance performance is mandatory.

*Prerequisite: DA 213*

**DA 230/231/232/330/331/332 Dance Practice I/II/III/IV/V/VI (1) O**

Students assume responsibility for a specific dance performance role in a program production as designated by the director, choreographer, or department or program director. Students can take up to three credits per year for a maximum of six elective credits.

*Prerequisite: DA 103*

**DA 303 Selected Styles (3) A**

An exploration of specific dance styles outside the domain of ballet and modern technique courses. The work will be practical and include elements of theory as it pertains to the particular dance style. The course will include at least two distinct dance forms which will vary by given term, such as Hip Hop, Jazz, Musical Theatre, Acro, Aerial, Flamenco, or others. Attendance at two dance performances as assigned by the instructor.

*Prerequisite: DA 103 or TH 203*

**DA 322 Introduction to Choreography (3) B**

An introduction to the principles and application of choreography that combines both theory and praxis. Students will explore basic compositional skills and understanding through improvisational and structural approaches to choreography. Students will create original work utilizing source material, existing individual movement vocabulary, compositional structures, theme, and the revision process. Students will develop their capacities for critique through observation and articulation of each other's work. Pieces will be presented at the annual dance showcase.

*Prerequisite: 6 credits in Dance*

**DA 423 Variations in Contemporary Choreography (3) B**

In this performance-based course, advanced-level dance students will have the opportunity to work as an ensemble rehearsing and preparing a series of choreographic works created and taught by professional choreographers. Choreography will be curated by the program director and shaped around an annual showcase theme. Rehearsals outside of class time may be required.

*Prerequisite: 9 credits in Dance or permission of the department*

**DEVELOPMENT STUDIES****DVST 210 Introduction to Community Development (3) A**

This course offers an introduction to community development theory and practice with a focus on real world experience and theory applications (both domestic and international), and the corresponding impact on local communities. Definitions, principles and approaches to community development will be discussed, with an emphasis on holistic transformation of individuals and communities from a Christian perspective. This course will also review best practices and relevant issues in the field of community development including poverty, employment, homelessness, literacy, health, environment, gender, and business development.

**DVST 211 Business Ethics and Sustainability (3) A**

A course applying concepts, theories, and moral decision procedures found in moral philosophy to a broad range of issues currently encountered in the business context, including: "whistle-blowing," advertising, employee treatment, insider trading and accounting practices, product liability, corporate social responsibility and issues in international business.

*Prerequisite: one of BUS 100, BUS 305, DVST 305, PS 121*

*Note: This course is cross-listed as BUS 211. Students can only earn credit for one of the following: DVST 211 or BUS 210.*

**DVST 261 Global Business Practices (3) O**

This course provides a survey of business practices in various regions around the world, comparing and contrasting social and cultural differences that impact business interactions and cross-cultural communication.

*Prerequisite: Completion of 30 credits or permission of the department*

*Note: This course is cross-listed as BUS 261*

**DVST 290 Innovative and Entrepreneurial Thinking (3) A**

An exploration of creativity and innovation processes from ideation to problem solution and implementation. The course develops an entrepreneurial mindset through design thinking, creativity exercises, creative problem-solving strategies, and other approaches. Highly practical in nature, this course develops habits of thought that promote initiative, responsibility, and empowering passion.

*Prerequisite: Completion of 15 credits*

*Note: Students can only earn credit for one of the following: BUS 290, DVST 290, IND 290, BUS 390, or DVST 390*

*Note: This course is cross-listed as BUS 290 and IND 290*

**DVST 299 Special Topics in Development Studies (3) O**

Special studies in Development Studies, as announced.

*Prerequisite: Permission of the department*

**DVST 301 Intermediate Domestic Community Development (3) B**

This course provides a multi-disciplinary overview of domestic community development. It will address theories and strategies of domestic community development in a variety of domestic contexts, as well as the causes and consequences of poverty and lack of development in a Canadian context such as low-income employment; lack of community engagement; inequitable access to financial services and resources; poor health and education; and hopelessness, among others. In particular, issues such as not addressing poverty and its impact on local economies, collective impact strategies, as well as engaging with non-traditional partners such as businesses and social enterprises will also be explored. Opportunities will also be provided to interact and collaborate with local community development organizations.

*Prerequisite: DVST 210*

*Note: Students can only earn credit for one of the following: DVST 301 or BUS 301.*

**DVST 302 Intermediate International Community Development (3) B**

This course provides a multi-disciplinary overview of international community development. It will address theories and strategies of community development using a variety of contexts in the developing world, as well as the causes and consequences of poverty such as: environmental degradation; insufficient food production; inequitable access to land and related resources; injustice; poor governance; civil war and other types of conflict.

*Prerequisite: DVST 210*

*Note: Students can only earn credit for one of the following: DVST 302 or BUS 302.*

**DVST 304 Development Studies Travel Study (3) A**

This educational travel study offers cross-cultural, experience-based learning opportunities for students and development workers to see first-hand how international development impacts individuals and communities in various regions around the world. The focus of the course varies each year, covering aspects of community and economic development in Latin America, Africa and Asia.

*Prerequisite: Completion of 30 credits*

**DVST 305 Management of Non-Profit Organizations (3) B**

This course is designed to provide current and future nonprofit managers and leaders with an overview of a range of nonprofit management concerns and practices. Course projects and discussions expand students' management skills, analytical tools, and knowledge. Students take the perspectives of nonprofit managers, volunteers, board members, policy makers, donors, and clients. This course is built on the assumption that students learn more if they are actively engaged with the material. Exercises and discussions allow students to test knowledge, formulate ideas and strategies, respond to management dilemmas, and get immediate feedback from classmates and the instructor.

*Prerequisite: Completion of 30 credits or permission of the department*

*Note: This course is cross-listed as BUS 305*

**DVST 306 Working with Vulnerable Persons (3) B**

This course will focus on basic skills and practice when working with individuals who are vulnerable and/or experiencing homelessness. It will explore the challenges faced by individuals who are vulnerable and homeless, such as lack of education and job skills, poor mental and physical health, and addictions. It will also address the importance of case management, its components, and effectiveness. The course is meant to prepare students interested in working with at-risk persons in this population to provide competent and client-centered help.

*Prerequisite: PS 121 or SO 121*

*Note: This course is cross-listed as PS 306*

**DVST 307 Sustainable Development Goals in Context (3) O**

An exploration of the global Sustainable Development Goals and their historical development, their national application, and their integration into Albertan business, government, and civil society. The course will move from a broad theoretical understanding of a United Nations framework to an applied survey of how such goals and indicators can be applied to improve society through collaboration and innovation. Instruction will consist of lectures, experienced guest speakers and co-lecturers, reflective discussion, and case studies.

*Prerequisite: BUS 100, DVST 210 or permission of the department*

*Note: This course is cross-listed as BUS 307*

**DVST 323 Responsible and Impact Investing (3) O**

This course develops an understanding of the rationale, principles and financial instruments for responsible and impact investment. Substantial parts of the course consider the regulatory enablers and barriers to both impact investing and responsible investing, the challenges involved in expanding these areas, analysis of alternative instruments, and the measurement of social return on investment.

*Co-requisite: BUS 220*

*Note: This course is cross-listed as BUS 323*

**DVST 342 Leadership in the Global Context (3) A**

A seminar examining leadership theories and approaches to leadership practice in various global contexts. Students will explore the ways multi-cultural influences shape non-profit and for-profit organizations. Various self-assessments will heighten students' awareness of their personality characteristics, current leadership strengths, and areas for growth. Students will develop a personal philosophy of leadership and prepare a personal leadership development plan.

*Prerequisite: Completion of 60 credits or permission of department*

*Note: Students can only earn credit for one of the following: BUS 342, DVST 342 or BUS 341*

*Note: This course is cross-listed as BUS 342*

**DVST 350 Poverty in Western Society (3) B**

This course will provide an overview of the origins and understanding of poverty in western society from both a theoretical and theological standpoint. This will include a review of the sources of vulnerability that contribute to poverty and the psycho-social impacts of poverty on vulnerable populations and the broader society. Strategic approaches to poverty reduction will be explored along with the respective roles of the church, state and civil society in preventing, alleviating and reducing poverty.

*Prerequisite: Completion of 60 credits or permission of the department*

*Note: This course is cross-listed as BHS 350*

**DVST 362 International Microfinance (3) O**

This course will investigate the emerging field of microfinance – the provision of small loans and financial services to the poor – and its impact on addressing poverty in developing countries. Students will develop an understanding of a range of topics in the field, including the role of credit in microenterprises, lending models, sustainability and best practice for microfinance institutions (MFIs), cultural factors and regional issues. The course offers a unique mix of theory and practice as students will have the opportunity to work on projects relating to current issues and microfinance programs in various regions of the world.

*Prerequisite: One of the following: BUS 100, BUS 305, DVST 305*

*Note: This course is cross-listed as BUS 362*

**DVST 386 Marketing Communications and Societal Marketing (3) B**

An exploration of theories, concepts, and applications of integrated marketing communications. Examining ways organizations can communicate strategically with their customers and other stakeholders, the course covers advertising, sales promotion, public relations, personal selling, direct marketing, societal marketing, and digital (interactive) marketing. The course also examines the ways social media and internet-based platforms help to shape consumer behaviour, and teaches effective and professional use of those platforms.

*Prerequisite: BUS 280, BUS 305, or DVST 305*

*Note: Students can only earn credit for one of the following: DVST 386, BUS 386, or either or both BUS/DVST 381 and BUS 383.*

*Note: This course is cross-listed as BUS 386*

**DVST 399 Special Topics in Development Studies (3) O**

Special studies in Development Studies, as announced.

*Prerequisite: Permission of the department*

**DVST 402 Human Trafficking (3) B**

This course will critically examine and contextualize the prevalent global crime of human trafficking and consider effective modes of prevention and response. It will examine the history, roots, and development of various forms of human trafficking internationally and domestically using several frameworks. In addition, it considers a variety of responses such as addressing related social and development issues, legal responses and system reform.

*Prerequisite: 3 credits in Sociology or Development Studies at the 200-level*

*Note: This course is cross-listed as SO 402*

**DVST 404 Development Studies Educational Travel Study (3) A**

This educational travel study offers cross-cultural, experience-based learning opportunities for students and development workers to see first-hand how international development impacts individuals and communities in various regions around the world. The focus of the course varies each year, covering aspects of community and economic development in Latin America, Africa and Asia.

*Prerequisite: Completion of 30 credits*

**DVST 405 Special Topics in Development Studies (3) O**

Special studies in Development Studies, as announced.

*Prerequisite: Permission of the department*

**ECOLOGY****ECOL 235 Introduction to Environmental Science (3-1T) A**

This course will provide students with an overview of Environmental Science, including environmental testing, resource use by humans, pollution, biotechnology, conservation methods, industry standards, and environmental guidelines within Canada.

**ECOL 319 Terrestrial Communities and Ecosystems (3-3L) B**

This course will explore patterns and processes that influence biotic interactions in terrestrial systems. Topics including succession, productivity, diversity, disturbance, and nutrient dynamics will be discussed as they relate to conservation and management.

*Prerequisite: BIO 213 and BIO 310*

**ECOL 351 Conservation Biology (3) B**

This course will focus on applications of ecology to conservation and sustainability. Emphasis will be placed on human-environment interactions and their implications for biodiversity, natural resource management, and endangered ecosystems and species.

*Prerequisite: BIO 213, or BIO 133 and permission of the department*

*Note: Students can only earn credit for one of the following: ECOL 351 or BIO 351.*

**ECOL 383 Animal Behaviour (3) O**

This course explores the biological basis of animal behaviour using key principles from the fields of ethology and behavioural ecology. Placed within an evolutionary framework, the unifying principles of natural and sexual selection are used to investigate the driving forces that have shaped the remarkably diverse and often strange suite of behaviours in animals that enable them to survive harsh climates, find mates, care for young, migrate across diverse landscapes, and learn to survive in their environment.

*Prerequisite: BIO 213*

**ECOL 389 Field Course in Ecology (3) B**

This course combines educational travel, cross cultural experiences, study and reflection to examine a variety of tropical ecosystems and conservation issues. Destinations will vary from year to year.

*Prerequisite: BIO 133*

*Note: Students can only earn credit for one of the following: ECOL 389 or BIO 389.*

**ECONOMICS****ECO 100 Introductory Microeconomics (3-1T) A**

The determination of consumption, production, and distribution in the economy, and the behaviour of firms under various market structures. Microeconomics is the study of the choices that individuals and businesses make, the way those choices interact in markets, and the influence of governments – it attempts to understand the decision-making behaviour of smaller units within society.

*Note: Students can only earn credit for one of the following: ECO 100 or ECO 110*

**ECO 101 Introductory Macroeconomics (3-1T) A**

Macroeconomics is a study of economic ideas and the operation of the economy on a national scale. Topics of study include aggregate performance and policy, the determinants of national income, employment and the price level, the role of monetary and fiscal policies in stabilizing the economy and promoting economic growth.

*Prerequisite: ECO 100 or ECO 110*

*Note: Students can only earn credit for one of the following: ECO 101 or ECO 120*

**ECO 202 Intermediate Microeconomics (3) O**

The study of the theories and techniques of price theory and its practical applications. Building on the principles covered in ECO 100, topics covered include price, production, and distribution theories, the theory of the firm, risk and uncertainty, game theory, and the analysis of public goods provision and its impact on efficiency.

*Prerequisite: ECO 100*

**ECO 203 Intermediate Macroeconomics (3) O**

Building on the basic principles covered in ECO 101, this course explores the national economy in terms of the determination of national output, the general price level, the rate of interest, and employment. The course also analyzes the effectiveness of fiscal and monetary policies in achieving their stated goals.

*Prerequisite: ECO 101*

**ECO 299 Special Topics in Economics (3) O**

Special studies in Economics, as announced.

*Prerequisite: Permission of the department*

**ECO 310 Development Economics (3) O**

This course focuses on the economic aspects of the development process in low-income countries. Students will develop an understanding of development disparity in both economic and social terms, as well as methods of promoting growth and development. Issues such as population growth, urban migration, labour markets and income and asset inequality will be discussed. Economic development policy concerns, structural problems and the broader social and cultural context will also be considered.

*Prerequisite: ECO 100 and ECO 101*

**ECO 340 Money and Banking (3) O**

This course provides an institutional approach to finance and monetary economics. It analyzes the operation of the financial markets, the principles of money creation, interest rate determination, central banking, and the role of macroeconomic policy relating to the financial markets and the banking industry.

*Prerequisite: ECO 203*

**ECO 350 Economics of Taxation and Public Spending (3) O**

This course will examine the institutions behind, and economic rationale for, Canadian government policy relating to public expenditures and taxation. Topics include the history and present structure of government spending and taxation, the effects of personal taxation, the budgetary process, issues related to budget deficit, inter-jurisdictional issues, and public spending program design.

*Prerequisite: ECO 100, ECO 101 and ECO 203*

**ECO 399 Special Topics in Economics (3) O**

Special studies in Economics, as announced.

*Prerequisite: Permission of the department*

**ECO 405 Special Topics in Economics (3) O**

Special studies in Economics, as announced.

*Prerequisite: Permission of the department*

## EDUCATION

Please note: Only students enrolled in the Bachelor of Education program are eligible to take courses under the Education section of Course Descriptions.

### Curriculum Design and Program Development

**CDPD 500 Introduction to the Principles and Practices of Curriculum Design and Program Development (6) A**

Explore introductory ideas and practices for designing learning experiences for children (K-6). Students will work extensively from the Alberta Program of Studies to understand its structure the essence of each subject discipline. They will consider the variables that exist in Alberta classrooms while developing lesson plans and simple assessments that use feedback as a learning tool.

**CDPD 600 Understanding and Application of Principles and Practices of Curriculum Design and Program Development (6) A**

Building on the general principles of CDPD 500, students will use backwards design to build units of study across the various disciplines in the Alberta Program of Studies. Students will identify “big ideas” and “essential questions” in curriculum. They will make understanding and skill development visible through formative and summative assessments, create rubrics, design performance assessments, and practice reporting.

*Prerequisite: CDPD 500*

**CDPD 700 Synthesis of Principles and Practices in Curriculum Design and Program Development (6) A**

How do teachers create and nurture an authentic narrative of curriculum and teaching over the course of a year? Using this question as a frame, students will consolidate and integrate knowledge about curriculum design and program developments drawn from CDPD 500 and 600 and apply learning theory from LTA 600 to design and present a comprehensive framework for learning that encompasses school, home and community with an emphasis on literacy and assessment practices.

*Prerequisite: CDPD 600*

**Field Experience****FE 500 Introduction to Field Experience (3) A**

Intended for pre-service teachers to deepen and broaden their understanding of the lives of students, teachers and principals in Alberta public schools through school visits, dialogue and novice action research. The developmental focus of the seminar will be on the interconnectedness of schools and classrooms with learners, teachers, curriculum and society. Students will visit several school sites in the Calgary area as case studies for this course.

**FE 600 An Understanding and Application of Field Experience (3) A**

Intended to deepen and broaden pre-service teachers’ understanding of teaching practices in Alberta public schools. Through seminar dialogue, case study development, and novice action research rooted in their field experience, pre-service teachers will unpack instructional strategies that foster relationships with students and help identify and meet student needs in inclusive classroom environments.

*Prerequisite: FE 500*

**FE 700 A Synthesis of Field Experience (6) A**

Intended to support pre-service teachers as they design learning tasks for field experience that meet diverse student needs in inclusive public school classrooms and to prepare pre-service teachers for increased pre-service teaching responsibility. Students will engage in comprehensive learning task design and engage in a professional inquiry to foster deep thinking for identity formation.

*Prerequisite: FE 600*

**Learning Theory and Application****LTA 500 Introduction to the Principles and Applications of Learning Theory (6) A**

An introduction to foundational theories of learning, drawn from cognitive and behavioural sciences, and their application to educational practices. In the first of three courses in the Learning Theory and Application stream, preservice teachers will learn how to design engaging learning experiences, creating conditions so that diverse learners can maximize their learning. The course participants will examine the relationships between learning and children’s growth and development, human behaviour and assessment practices in elementary schools.

**LTA 600 An Understanding and Application of Learning Theory (6) A**

Examination of foundational and current learning theories that inform teacher practice in Alberta Schools. Learning norms, exceptionalities, and executive function will be critically examined to foster understanding of strategies for differentiation and inclusive practices in elementary classrooms. Preservice teachers will critically review methodologies used to design and implement learning experiences in elementary school classrooms.

*Prerequisite: LTA 500*

**LTA 700 A Synthesis of Learning Theory (6) A**

An examination, in particular and in greater detail, of the variety of learning requirements of children and youth with diverse needs and from diverse cultural backgrounds, including First Nations learners. Students will consider the literature and practices of educators working in inclusive, multi-cultural, and cross-cultural classrooms. High-stakes, norm-based assessment is addressed. Preservice teachers will practice communicating their understanding of the complexities of students and learning environments, including how they will apply their understanding to design of learning experiences that foster student success.

*Prerequisite: LTA 600*

## **Society and Culture: Methodology and Practices**

### **SCMP 500 An Introduction to Society and Culture: Methods in Practice (6) A**

An introduction to the ways in which society, culture, and policy shape education. In this course students will survey a wide range of influences and consider how they can build understanding and challenge thinking in the development of future teaching practice. Of specific focus, students will develop a foundation to move forward in a journey of leading reconciliation with Indigenous Peoples.

### **SCMP 600 An Application of Society and Culture: Methodology and Practices (3) A**

A historical and philosophical examination of the ways in which society, culture and education intersect and influence teaching practice and methodology in today's classrooms. Students will build upon, integrate, and apply understanding of teachers and teaching with an emerging personal philosophy and worldview.

*Prerequisite: SCMP 500*

### **SCMP 700 A Synthesis of Society and Culture: Methodology and Practices (3) A**

A synthesis of the how the impact of past and current practices in Education have informed trends in schooling. Students will examine topics in multiculturalism, technology, and Indigenous pedagogies culminating in a personal philosophy of teaching that anchors values, beliefs, and conceptualizations of teaching.

*Prerequisite: SCMP 600*

## **Education Program Extended Learning**

Education Program Extended Learning. These courses are designed for practicing teachers who may be thinking about returning for a Master's degree while working. Also, for students in teacher preparation programs who want to augment what is currently covered in program courses. These courses balance theory and practice with major assignments geared towards the teachers' own classroom work. Courses are also eligible on TQS (Teacher Qualification Service) as Senior Undergraduate Courses worth .100. For more information, please contact [enrolment@ambrose.edu](mailto:enrolment@ambrose.edu) or call 403-410-2900.

### **CDPD 400 Strategizing for Numeracy in the Elementary Classroom (3) A**

For practicing educators, an examination of numeracy pedagogy connecting research to present day instructional practices. Students will build personal and common understandings of how children in schools engage with quantitative or spatial information to create meaning in the K-6 classroom. Instruction will build on a model of co- construction which will culminate with the development of a numeracy plan for use in their classrooms. Topics include visible numeracy practices that promote number conservation, problem-solving skills, mathematical relationships, geometrical thinking, and differentiation and assessment.

*Prerequisite: One of the following: Completion of a post-secondary degree, a practicing teacher, enrolled B.Ed. student*

### **CDPD 401 Design Thinking in the Elementary Classroom (3) A**

An introduction to the theory and practical application of design thinking - interpretation, ideation, experimentation, research, and evolution of thinking - to creative instructional practice. Participants will consider the potential of design thinking strategies to foster student inquiry. Instruction will provide concrete, collaborative strategies for the application of design thinking stages resulting in the creation of classroom inquiries and tasks.

*Prerequisite: One of the following: Completion of a post-secondary degree, a practicing teacher, enrolled B.Ed. student*

### **CDPD 402 Strategizing for Literacy in the Elementary Classroom (3) A**

For practicing educators, an examination of literacy pedagogy, connecting research to present day instruction for educators. Students will build personal and common understandings of how children in the K-6 classroom acquire, construct and communicate the meaning of texts. Instruction will build on a model of co-construction which will culminate in students' development of a literacy plan for use in their classrooms. Topics will include Balanced Literacy, Guided Reading, Guided Writing, Literacy Centres, and Differentiation and Assessment.

*Prerequisite: Those eligible must possess a post-secondary degree, be a practicing teacher, enrolled B.Ed. current student*

### **CDPD 403 Strategizing for Numeracy in the Middle School Classroom (3) B**

An examination of numeracy pedagogy for middle school educators that connects research to instruction. Topics include the progression of the math curriculum, numerical problem-solving, mathematical relationships, geometrical thinking, differentiation, and assessment. Instruction will employ co-construction that culminates in students' application of higher order thinking in numeracy in their classrooms.

*Prerequisite: Practicing teachers or pre-service teachers with permission*

**LTA 400 Leading and Supporting Inclusionary Practices in the Elementary School (3) A**

Designed to engage practicing teachers who wish to pursue leadership roles that support diversity and learning differences for students in the K-6 setting. Participants will learn how to construct school-wide strategies for ensuring that all students receive meaningful learning experiences. Instruction will build on a model of co-construction of knowledge that draws from a variety of sources resulting in students' creating a school-wide plan that addresses student success in their context. Topics will align to the Alberta Education Policy on Inclusion addressing, "regardless of race, religious belief, colour, gender, gender identity, gender expression, physical disability, mental disability, family status or sexual orientation, or any other factor(s), have access to meaningful and relevant learning experiences that include appropriate instructional supports."

*Prerequisite: One of the following: Completion of a post-secondary degree, a practicing teacher, enrolled B.Ed. student*

**ENGLISH****EN 100 Introduction to Creative Writing (3) O**

This course is an introductory workshop course in the writing of poetry and short prose fiction, emphasizing the centrality of reading and revision to successful literary composition. Students will engage in regular writing assignments and discuss the craft of creative writing. The class will also develop students' literary analytical skills through discussion of both students' own work and that of published authors. There may also be additional in-class writing exercises.

*Note: This course can fulfill a Fine Arts elective in all programs. This course is not a prerequisite for upper level EN courses except EN 200.*

**EN 130 Introduction to English Literature (3) A**

An introduction to university English studies through the exploration of poetry, fiction, drama, and the literary essay. Students will learn strategies for the close reading and analysis of texts and for writing about literature.

*Note: Students can only earn credit for one of the following: EN 115 or 130.*

**EN 200 Intermediate Creative Writing (3) O**

An intermediate workshop course in creative writing that develops the reading and revision acquired in EN 100. Students will engage in intensive writing assignments and discuss detailed aspects of the craft of creative writing. The class will also further students' literary analytical skills through discussion of both students' own work and that of published authors. Genres taught may include poetry, short fiction, and/or the novel. Contact the instructor for further information about each year's focus.

*Prerequisite: EN 100 or portfolio*

*Note: This course can fulfill a Fine Arts elective in all programs.*

**EN 204 English Educational Travel Study (3) O**

This course combines educational travel, study, and reflection to examine one or more topics related to English. Destinations vary from year to year.

*Prerequisite: Permission of the department*

**EN 210 The Bible in Literature (3) O**

Few books have had greater impact on the idioms, images, and structures of English literature than the Bible. This course will examine the ways in which the language, stories, themes, and characters of the Bible, influence and inhabit centuries of English literature.

*Prerequisite: 3 credits in English*

**EN 221 English Literature to 1800 (3) A**

A foundational course in literary studies, this class provides an introduction to a wide range of literary works in English from the eighth century to the late eighteenth century. The course introduces students to the breadth of genres that comprise the English literary tradition. Significant attention will be given to critical reading skills and further development of writing skills.

*Prerequisite: 3 credits in English (Co-requisite for English major students)*

*Note: Students can only earn credit for one of the following: EN 221 or EN 220a.*

**EN 222 English Literature from 1800 (3) A**

This course extends the examination, begun in EN 221, of the English literary tradition as it spreads to North America and other English-speaking nations. EN 222 starts with the Romantic period, approximately the 1780s, and carries its analysis of literature to the present day. A continued emphasis will be placed on improving reading and writing skills.

*Prerequisite: 3 credits in English (Co-requisite for English major students)*

*Note: Students can only earn credit for one of the following: EN 222 or EN 220b.*

**EN 230 The Short Story (3) O**

An overview of short stories from various cultures, this course provides a focus on the short story, one of the most condensed and forceful literary genres. Emphasis will be placed on interpreting plot, character, tone, theme and imagery, yet equal attention will be given to writing about the reading experience.

*Prerequisite: 3 credits in English*

**EN 232 Reading Poetry (3) B**

An introductory survey of the various kinds of poetry written in English, with examples from the fourteenth to the twentieth centuries, this course develops the basic principles of formal poetic analysis through the close readings of poems.

*Prerequisite: 3 credits in English*

*Note: Students can only earn credit for one of the following: EN 232 or EN 330.*

**EN 235 Tragedy and Comedy (3) O**

The dramatic genres of tragedy and comedy originated in Ancient Greece, yet they continue to occupy theatre stages and screens to our time. This course will survey the long history of these genres by studying seminal representatives of each and important theoretical accounts of the literary conventions that define them.

*Prerequisite: 3 credits in English*

**EN 240 Children's Literature (3) O**

A survey of children's literature, this course aims to teach students how to read literature for children from a critical perspective. The course will examine a variety of genres, such as adaptations from traditional myths, legends, folklore, fantastic literature, verse, and nursery rhymes.

*Prerequisite: 3 credits in English*

**EN 245 C.S. Lewis, J.R.R. Tolkien, and the Inklings (3) B**

A study of the major literary works, themes, and ideas of C.S. Lewis, J.R.R. Tolkien, and their friends, the group known as the Inklings. It examines themes such as the use of myth to explore problems of modernity, the relationship between Christian faith and art, as well as the debates over literary versus popular fiction.

*Prerequisite: 3 credits in English*

**EN 295 Advanced Writing Skills (3) B**

An advanced course meant to further develop students' writing ability. Building on skills taught in introductory writing courses, it will give detailed consideration to grammar and syntax and to sentence and paragraph construction. It will also introduce students to various non-academic, professional forms of writing through a wide range of writing assignments.

*Prerequisite: 3 credits in English*

**EN 299 Special Topics in English Literature (3) O**

Special studies in Literature, as announced.

*Prerequisite: Permission of the department*

**EN 300 Canadian Literature (3) B**

A study of English Canadian literature from the early eighteenth century to the present. Students will read a wide variety of Canadian authors: settler, Indigenous, and contemporary, with a diverse spectrum of topics pertinent to Canadian writing, for example, our status as a postcolonial nation. The discussion will also contextualize Canadian writing in relation to major literary movements and trends outside and within Canada.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

**EN 304 English Educational Travel Study (3) O**

This course combines educational travel, study, and reflection to examine one or more topics related to English. Destinations vary from year to year.

*Prerequisite: Permission of the department*

**EN 335 Ancient Myth and Literature (3) O**

An exploration of the classical backgrounds of English literature through readings in Greek and Roman mythology, drama, epic, and poetry and continues through to the Renaissance. Students will study selections and entire works from Homer, Ovid, Virgil, and other

major classical authors.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

### **EN 338 The Renaissance Imagination (3) B**

A survey of the literature of the sixteenth and early seventeenth centuries. Situating this literature in its historical and theological contexts, this course will consider examples of poetry, drama, and prose that are by turns profound, beautiful, devout, and witty. Authors will include the Sidneys, Spenser, Donne, Jonson, Wroth, and Herbert, among others, and will exclude Shakespeare and Milton.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

### **EN 350 Shakespeare (3) B**

This course studies thoroughly Shakespeare's drama: the tragedy, romance, comedy, historical play, and problem play. Shakespeare's works are placed in the context of the history and culture of the Elizabethan era.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

*Note: This course can fulfill a Fine Arts elective in all programs.*

### **EN 360 The Nineteenth-Century Novel (3) O**

Many contemporary ideas about the individual, political economy, psychology, gender, faith, creativity, science, and art took shape during the Victorian period. The novel of the nineteenth century displays and distills the cultural and intellectual ferment that defined this remarkably prolific period in English literature. Representative novels by the major, minor, and, occasionally, quirky writers of the period will be covered.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

### **EN 363 The Twentieth-Century Novel (3) B**

An overview of twentieth-century prose, this course divides the century into two periods – pre- and post-World War II – to facilitate the study of novels by representative writers such as Virginia Woolf, J.D. Salinger, Ian Fleming, Kazuo Ishiguro, and Michael Ondaatje.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

*Note: Students can only earn credit for one of the following: EN 363 or EN 290.*

### **EN 365 Modern World Literature (3) O**

This course examines the major literary works of the world from approximately 1800 to the present by studying these texts in English translation. The course places world masterpieces of literature in their historical and cultural contexts to trace the trends or influences exerted by these works.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

### **EN 370 American Literature (3) B**

This course undertakes the study of nineteenth- and twentieth-century poetry, drama, short stories, and novels by representative American writers. The categories of culture, history, gender, and race will be examined with special attention to the ways in which they define and contest the concept of nation and a national literature.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

### **EN 371 Professional Editing (3) O**

A course in the skills and standards of professional editing. Professional editors have a role in producing documents that serve a wide range of audiences and purposes, from instructions on how to play a game to novels that influence how we see the world. Students will learn the fundamentals of professional editing and the first steps needed to develop their own careers as freelance editors. The standards, skills, and tools of editing taught here will build on the principles of clear, consistent, grammatically correct writing learned in junior English courses.

*Prerequisite: 3 credits in English*

### **EN 380 Romanticism (3) O**

Wordsworth's and Coleridge's Lyrical Ballads (1798) began the Romantic period in English literature, a period that witnessed changes to the perception of the role of the artist and art, the effects of which are still experienced today. The Romantic phenomenon continued for the next four decades; the works of the above two poets, those of Byron, P.B. Shelley, Keats, and several less well-known writers will be studied in the context of the diverse historical, social, intellectual, and artistic climate of the period.

*Prerequisite: 6 credits in English or three credits in English and HUM 201*

**EN 389 Early Literary Theory (3) B**

A seminar course that examines seminal ideas from the classical era to the late nineteenth century about the nature and effect of literature. Charting a middle course between readings of particular literary texts and broader theories of art and aesthetics, we will consider the writings of Plato, Aristotle, St Augustine, Dante, Sidney, Wordsworth, and Arnold, among others.

*Prerequisite:* 6 credits in English or three credits in English and HUM 201

*Note:* Students can only earn credit for one of the following: EN 389 or EN 391.

**EN 390 Modern Literary Theory (3) A**

This course introduces and examines the various theories of literary interpretation. We will begin the course by studying the history of modern literary theory and criticism. By examining major theoretical movements such as Deconstruction, Reader-Response, and Feminism the course aims to equip students with the tools of critical analysis.

*Prerequisite:* 6 credits in English or three credits in English and HUM 201

**EN 399 Special Topics in English Literature (3) O**

Special studies in Literature, as announced.

*Prerequisite:* Permission of the department

**EN 404 English Educational Travel Study (3) O**

This course combines educational travel, study, and reflection to examine one or more topics related to English. Destinations vary from year to year.

*Prerequisite:* Permission of the department

**EN 405 Special Topics in English (3) O**

Special studies in literature, as announced.

*Prerequisite:* Permission of the department

**EN 421 The Medieval Imagination (3) B**

This course considers the diverse literary forms of the Middle Ages, both in Britain and Europe. Works considered will range from the close of antiquity through to the dawn of the Renaissance. Authors may include Boethius, Dante, and Chaucer, along with texts like Beowulf, The Song of Roland, Roman de la Rose, and various Arthur narratives.

*Prerequisite:* 3 credits of English at the 300-level

*Note:* Students can only earn credit for one of the following: EN 421 or EN 321

**EN 452 Milton (3) B**

An advanced course on the works of John Milton (1608-74). Milton's writing uniquely combined formidable learning and literary genius with Christian devotion and political advocacy. This course focuses on his major poetry, particularly Paradise Lost, but also considers his political prose, both of which are situated in their biographical, historical, and theological contexts.

*Prerequisite:* 3 credits of English at the 300-level

*Note:* Students can only earn credit for one of the following: EN 452 or EN 340.

**EN 489 Field Placement in English (3) O**

A field placement to be arranged with a local business, non-profit agency, or other community partner, in which students apply their literary knowledge and/or writing skills in the workplace.

*Prerequisite:* Permission of the department

**EN 490 Independent Research in English (3) O**

Independent Study consists of an individual research project that investigates a problem area or topic not treated extensively in a regular course.

*Prerequisite:* Permission of the department

**EN 491 Advanced Literary Theory (3) B**

A continuation of EN 390, this course will explore more deeply several late twentieth- and twenty-first-century theories, including feminism, intersectionality, ecocriticism, postcolonialism, and indigenous and race theories. All theories will be taught in conjunction with readings from literature.

*Prerequisite:* EN 390

## FIELD EDUCATION

The intent of the Field Education courses (FE) is to produce reflective practitioners who are able to integrate the art of theological reflection with professional ministry practice. While there is active ministry engagement in a practicum site, the purpose is to learn to reflect on experience, making theological and biblical connections in class and then going back into the practicum site to improve ministry practice. *Please note: FE courses may not be taken for audit. FE credits can only fulfill degree requirements in Faculty of Theology undergraduate programs.*

### **FE 200 Practicum and Reflection I (1.5) A**

Practice in theological reflection: The use of classroom knowledge and skills to assess ministry and other life experiences. Students will assess calling and vocation, and consider the relation of spiritual life and the professional practice of ministry.

### **FE 201 Practicum and Reflection II (1.5) A**

*This course is a continuation of FE 200. Prerequisite: FE 200*

### **FE 300a/b, FE 320a/b, FE 340a/b, FE 360a/b, FE 365a/b Internship (6) A**

Internship is an integral part of preparation for ministry. It provides the intern with an extended, in-depth practice of ministry for the purpose of integrating classroom study with field experience. In addition, Internship provides interns with a working relationship with another person in ministry. The intern is exposed to all forms and facets of the ministry but the primary focus in an internship experience is on the intern as a disciple in development and on the pastor-mentor as a teacher-leader. Students must have completed 75 credits to be eligible for Internship. Care must be taken to register for the correct internship for one's degree program. Prerequisites for Internship are listed below. For more detailed information about Internship please see The Internship Program.

#### **FE 300a/b Church Ministry Internship (6) A**

*Prerequisites: FE 201, PST 212, PST 301*

#### **FE 320a/b Children and Family Ministry Internship (6) A**

*Prerequisites: FE 201, PST 212, PST 321*

#### **FE 360a/b Intercultural Ministries Internship or FE 365a/b Cross-Cultural Experience**

*Prerequisites: FE 201, ICS 202, ICS 205, PST 161, PST 212*

#### **FE 380a/b Worship Arts Internship (6) A**

*Prerequisites: FE 201, PST 212, PST 382*

#### **FE 340a/b Youth Ministry Internship (6) A**

*Prerequisites: FE 201, PST 212, PST 341*

### **FE 390 Ministry Coaching (6) A**

This course, which is an alternative to Internship, is designed for those who already have extensive ministry experience as determined by the Coordinator of Field Education. The intent of this course is for a student to seek and build an intentional relationship with a ministry mentor for the purposes of personal and theological reflection on the practice of ministry and mutual accountability. The student will engage in evaluation with the mentor. For more detailed information about Internship please see The Internship Program.

*Prerequisite: Approval of the Coordinator of Field Education*

### **FE 400 Transition to Vocational Ministry (3) A**

Clarification and integration of a personal philosophy of ministry upon completion of internship, including consideration of calling, giftedness, personal health, social trends and current practices in the contemporary church.

*Prerequisite: Completion of the Internship appropriate to a student's program*

## FINE ARTS

### **FA 120 Fine Arts (3) O**

This course is an introduction to three areas of the visual arts: art history of the nineteenth century to the present, art fundamentals, and art criticism. These aspects will be explored through a combination of lectures by the instructor, student presentations, simple hands-on studio activities and exposure to art and art ventures through visits to a variety of galleries and museums.

### **FA 240 Aesthetics (3) B**

This course introduces students to the philosophical issues related to art and the apprehension of beauty. A variety of metaphysical and epistemological concerns will be addressed: What is art? What is beauty? Is art artificial or can it be natural? What is the nature and the

role of the artist? Do works of art have meaning and if so, how are these meanings derived? Objectivism, formalism, subjectivism, and expressivism will be explored.

*Note: This course is cross-listed as PH 240*

## GEOGRAPHY

### **GEOG 120 Physical Geography (3) A**

An introduction to the science of spatial pattern, variation, process, and interrelationship of Earth's major surface systems along with their influence on human habitat and human interdependence with the planet, including elements of atmosphere, waters, landforms, soils, and biotic communities.

## GEOLOGY

### **GEO 109 Introduction to Geology (3) A**

This course looks at the composition and structure of the Earth – surface and internal processes, rocks and minerals. This course includes out-of-class tutorials and field trips including a trip to the Royal Tyrrell Museum.

## HISTORY

### **HI 140 Themes in World History (3) A**

An introductory, thematic, global overview of human history from the ancient era to the recent past. This course examines the rise of civilizations, the development and fragmentation of empires, the modern trend towards globalization, and the many points of contact between diverse peoples. Topically, it will explore questions related to power, culture, religion, environment, and society.

*Note: Credit for HI 140 and either HI 141 and 142 will not be allowed.*

**HI 363 History of Evangelicalism (3) O**

A seminar course on the ways in which Evangelicals have shaped and have been shaped by the social, political, economic, and religious culture of Britain, Canada, and the United States. Attention will be given to subjects such as revival, social reform, missions, gender, secularization and the relationship between evangelicalism and capitalism.

*Prerequisite: 3 credits in History*

*Note: This course is cross-leveled as CH 613*

**HI 370 Public History (3) B**

A seminar course studying the ways in which history is put to “public” use. Attention will focus on ways representations of the past are marshalled to create and reproduce “usable” meanings and how these meanings have come into conflict. Students will also be involved in a public history project applying their skills and knowledge in a community-based research initiative.

*Prerequisite: 3 credits in History*

**HI 380 Applied Research in History (3) B**

An advanced, project-based research course. Topics and projects will vary from year to year. Normally, students and faculty will work collaboratively on research projects designed to serve the needs of local museums, historical sites, and historical societies.

*Prerequisite: HI 280*

**HI 399 Special Topics in History (3) O**

Special studies in History, as announced.

*Prerequisite: Permission of the department*

**HI 404 History Educational Travel Study (3) O**

This course combines educational travel, study, and reflection to examine one or more historical periods or themes. Destinations vary from year to year.

*Prerequisite: Permission of the department*

### **HI 405 Special Topics in History (3) O**

Special studies in History, as announced.

*Prerequisite: Permission of the department*

### **HI 412 Canada During the World Wars (3) B**

A study of social, cultural, and political developments in an era of rapid urbanization, industrialization, international turmoil and economic depression.

*Prerequisite: 3 credits in History at the 300-level*

### **HI 422 Nazi Germany (3) B**

A seminar course examining the rise and rule of the Nazi Party as well as aspects of the Second World War, the Holocaust, the German Church Struggle, and the German Resistance.

*Prerequisite: 3 credits in History at the 300-level*

### **HI 432 The Fall of Rome and the Collapse of Complex Societies (3) B**

A seminar course examining historical and anthropological scholarship on how and why some societies collapse. The course focuses on the collapse of political and economic complexity in the Western Roman Empire – the so-called “Fall of Rome” (4th-6th centuries A.D.) – but also compares other collapses across history, from the cities of the Maya to the shores of Rapa Nui/Easter Island.

*Prerequisite: 3 credits in History at the 300-level*

### **HI 480 Field Placement in History (3) O**

A field placement to be arranged with a local museum, historical society, or archive, in which students apply their historical knowledge and skills in the workplace.

*Prerequisite: Permission of the department*

### **HI 495 Independent Research in History (3) O**

An advanced research course consisting of the production of a single, substantial research paper. After the completion of a research proposal, the final paper will be based substantially on primary sources and include a detailed historiographical discussion.

*Prerequisite: Permission of the department and a minimum cumulative GPA of 3.0.*

## **HUMANITIES**

### **HUM 101 Reading and Writing for University (3) A**

A themed introduction to critical reading and writing for university students. This course combines a systematic consideration of the elements of expository and argumentative writing, training in active reading strategies that facilitate that writing, and instruction in the fundamentals of English grammar and sentence structure.

### **HUM 201 Reading and Writing in the Christian Intellectual Tradition (3) A**

An intermediate critical reading and writing course that introduces students to seminal texts and ideas from the Christian intellectual tradition. This course further considers the elements of active reading and academic writing introduced in HUM 101 while also instructing students in library and research skills, the research paper-writing process, and strategies to improve writing style and formal oral communication.

*Prerequisite: HUM 101*

### **HUM 485 Humanities Capstone Seminar (3) A**

An integrative senior seminar course designed to give students the opportunity to reflect on, deepen, and consolidate the disciplinary knowledge gained in the course of their degree together with other students in Humanities programs (Christian Studies, English, History, and General Studies), in light of the university mission to be “a community of transformative Christian higher education with a vision for the welfare of our city and our world,” and “to prepare men and women for wise, joyful and redemptive engagement in the church, society, and the created order.”

*Prerequisite: 75 credits completed for students in three-year degrees; 105 credits completed for students in four-year degrees*

## INDIGENOUS STUDIES

### INDG 101 Introduction to Indigenous Studies (3) O

A survey course of Indigenous peoples and issues from their origins in North America to the contemporary period, highlighting the central place of Indigenous peoples and issues within historic and contemporary Canada. Utilizing Indigenous and non-Indigenous literature, research, and theory, this course will explore Indigenous cultures in Canada, including Indigenous histories, worldview, knowledge and belief systems, subjectivities, and identities, as well as concepts including post-Indigeneity, Indigenous experience in everyday life, cultural production, culture as socially constructed, and performativity. In addition, the course will examine the impact of colonization, including residential schools, intergenerational trauma and healing, wellbeing, lifeways, and cultures.

## INTERCULTURAL STUDIES

### ICS 202 Cultural Anthropology (3) B

Introduction to cultural anthropology including the concepts of culture, language, status and role, marriage and the family, kinship, legal systems, social groups. Students learn about participant-observation methods using cultural locations in and around Calgary.

### ICS 204 Intercultural Studies Travel Study (3) O

Travel study provides experiential learning about issues in intercultural studies. Preparatory reading and post-travel written assignments are required. The location will depend on the expertise of the instructor.

*Prerequisite: Completion of 60 credits and permission of the Dean*

### ICS 205 Intercultural Competence (3) A

Foundational principles and necessary skills for effective communication between people based on an understanding of culture and worldview. Attention will be given to the impact of culture on the shaping of worldview, communication, thinking, values and verbal and non-verbal behaviour and the important role of social, cultural and historical contexts in human interactions.

### ICS 299 Special Topics in Intercultural Studies (3) O

Special studies in Intercultural Studies, as announced.

*Prerequisite: Permission of the Dean*

### ICS 303 Global Forms of Violence Against Women (3) B

A study of theoretical explanations of violence against women in the Majority World and Western societies, including Female Genital Mutilation (FGM), infanticide, female foeticide, honour-killings, early child-marriage, prostitution, and Gender Based Violence (GBV). Particular attention will be given to the ways in which Christianity has been used to legitimate and counteract violence against women.

*Prerequisite: REL 105 or REL 161*

### ICS 304 Intercultural Studies Travel Study (3) O

Travel study provides experiential learning about issues in intercultural studies. Preparatory reading and post-travel written assignments are required. The location will depend on the expertise of the instructor.

*Prerequisite: Completion of 60 credits or permission of the Dean*

### ICS 305 Intercultural Studies Practicum (6) A

This 7-12-month practicum provides the student with immersion into another culture for the purpose of integrating classroom input with experience in a cross-cultural setting using a number of formal, informal and non-formal learning activities. The student is involved in an opportunity that complements his/her degree. The student will experience life with a local family for at least a few weeks of their time in the nation, and will engage in intentional culture and language learning. The primary focus is on the student and on the international worker-mentor as a teacher-leader.

*Prerequisite: FE 200, FE 201, ICS 202, ICS 205*

### ICS 306 Reading Through the Eyes of the Majority World (3) B

An intercultural studies methods course focused on reading biblical and other cultural texts. The course will introduce students to various interpretive methods used by Majority World scholars, examining how post-colonial readers have re-read biblical texts to bring life to those being exploited and abused.

*Prerequisite: ICS 205*

### ICS 308 Applied Intercultural Competence (3) B

An advanced course that builds on the major concepts covered in ICS 205 and equips students with the theory and skills required to

practice intercultural competence in a variety of sectors including business, psychology, health, and education. This course will give attention to frameworks and proficiencies that lead to both intercultural flourishing and degradation, and examine ways in which students can actively cultivate intercultural competencies in order to participate in a globalized society.

*Prerequisite: ICS 205*

### **ICS 346 Language, Culture, and Communication (3) O**

Introduces cultural theory in relation to interpersonal communications theory about language and how it is used in everyday life. This provides groundwork for discussing how bridging cultures is possible and the importance of developing awareness about one's own culture.

*Prerequisite: 3 credits in Psychology at the 200-level or ICS 205*

*Note: This course is cross-listed as PS 346.*

### **ICS 354 Culture and Human Development (3) B**

Explores how basic human phenomena that are often taken as personal (e.g., emotion, values, morality, perception, cognition, and consciousness) can result from culture. Attention will be directed to the way that children are shaped to perform such phenomena in culturally constituted ways.

*Prerequisite: PS 121 or ICS 205*

*Note: This course is cross-listed as PS 354.*

### **ICS 402 Psychology of Immigration (3) O**

An exploration of transmigration and the tensions it raises in pluralistic societies. Students will gain insight into transmigration and adjustment by discussing how culture is a meaningful part of life that cannot be reduced to trivial tokens. This course will also introduce students to the practicalities of overcoming barriers to adjustment.

*Prerequisite: ICS 205 or 3 credits in Psychology at the senior level*

*Note: This course is cross-listed as PS 402.*

### **ICS 404 Intercultural Studies Travel Study (3) O**

Travel study provides experiential learning about issues in intercultural studies. Preparatory reading and post-travel written assignments are required. The location will depend on the expertise of the instructor.

*Prerequisite: Completion of 60 credits and permission of the Dean*

### **ICS 399 Special Topics in Intercultural Studies (3) O**

Special studies in Intercultural Studies, as announced.

*Prerequisite: Permission of the Dean*

### **ICS 405 Special Topics in Intercultural Studies (3) O**

Special studies in Intercultural Studies, as announced.

*Prerequisite: Permission of the Dean*

### **ICS 490 Independent Study (3) O**

Independent Study consists of an individual research project which investigates a problem area or topic not treated extensively in a regular course.

*Prerequisite: Permission of the Dean with a minimum cumulative GPA of 3.0*

## **INTERDISCIPLINARY STUDIES**

### **IND 201 Leadership Development (3) A**

An experiential student leadership course which starts in the spring and includes two subsequent semesters. The course includes an online and outdoor adventure education component. Readings, assignments, journaling, seminars, and practical experiences will help students reflect on and integrate theory with practical experience to enhance leadership development.

*Prerequisite: Restricted to students who hold an approved Ambrose student leadership or club position and permission of the instructor required.*

### **IND 287 Science and Faith (3) B**

This course explores the complex relationship between science and Christian faith, with a particular focus on evolutionary biology. Topics include: models of science-faith interactions; science and religion as ways of knowing; and Christian interpretations of evolution. The bulk

of the course will be spent on discussing the four main contemporary Christian perspectives: Young Earth Creationism, Old Earth Creationism, Intelligent Design, and Theistic Evolution. These perspectives will be placed in their historic and contemporary contexts, and will be compared and contrasted for their theological understandings of Creation, Fall, Flood, image, and human origins.

*Prerequisite: 3 credits in REL*

*Note: Bachelor of Science students only may use this course as a senior REL course*

### **IND 288 Art and Faith I (3) A**

This course explores the historical relationship between the Christian Church and visual and performing arts until 1899. Historical and biographical sources will be used alongside musical, dramatic, and visual art to examine this relationship. Topics may include early Christian symbols, early liturgical use of music and theatre, the secularization of musical and dramatic presentation, the impact of the Reformation on art creation, and the shift from the patronage system to the "Artist as individual." Students will be asked to consider how artistic trends are incorporated into worship arts, the value of arts creation outside of a worship environment, and the examination of student faith traditions relating to art.

*Prerequisite: REL 105 or REL 161*

*Note: This course can apply as a Fine Arts elective in any program but cannot apply as a senior REL course*

### **IND 289 Art and Faith II (3) A**

This course explores the historical and contemporary relationship between the Christian Church and visual and performing arts from 1827 to the present. Historical and biographical sources will be used alongside musical, dramatic, and visual art to examine this relationship. Topics include Romanticism and the dissolution of patronage, World War I and the response of modernist artists, Post-modernism, boundaries in art creation and consumption, and artists in the contemporary Church. Students will be asked to consider how artistic trends are incorporated into worship arts, the value of arts creation outside of a worship environment, and the examination of student faith traditions relating to art. Finally, students will be asked to engage in some form of artistic praxis with their home or local church community in an agreed upon artistic collaboration.

*Prerequisite: REL 105 or REL 161*

*Note: This course can apply as a Fine Arts elective in any program but cannot apply as a senior REL course.*

### **IND 290 Innovative and Entrepreneurial Thinking (3) A**

An exploration of creativity and innovation processes from ideation to problem solution and implementation. The course develops an entrepreneurial mindset through design thinking, creativity exercises, creative problem-solving strategies, and other approaches. Highly practical in nature, this course develops habits of thought that promote initiative, responsibility, and empowering passion.

*Prerequisite: Completion of 15 credits*

*Note: Students can only earn credit for one of the following: BUS 290, DVST 290, IND 290, BUS 390, or DVST 390*

*Note: This course is cross-listed as BUS 290 and DVST 290*

### **IND 405 Special Topics (3) A**

An exploratory interdisciplinary course designed to provide senior Ambrose students with the opportunity to reflect critically and from diverse perspectives upon one of life's enduring concerns. Professors from five academic disciplines will collaborate to teach this course through individual lectures, discussion, and debate. The topic will vary from year to year, but potential topics include death and dying, friendship, conflict and resolution, suffering, and the passing of time.

*Prerequisite: completion of 60 credits*

## **KINESIOLOGY**

### **KIN 101 Fundamentals of Court-Based Sports (3) B**

An introduction to court-based sports, with a focus on basketball, futsal, a selection of racquet sports, and volleyball. Topics include rules of the game, fundamental skills, tactics used in game situations, as well as principles of biomechanics, motor learning, detection and correction of errors and safety considerations in playing, teaching and/or coaching court-based sports.

*Notes: This course does not fulfill a Science elective in any program. This course can only apply as Open Elective in any program.*

### **KIN 201 Introduction to Kinesiology (3) A**

This course will introduce students to the mechanics and physiology of movement, as well as the short and long term benefits of exercise. It will also discuss the role of exercise in health, disease, and physical therapy.

### **KIN 205 Sociology of Sport (3) B**

This course examines sport in modern societies, with special emphasis on sport in Canada. Emphasis will be given to how sport is

socially constructed and the diverse meanings that different groups associate with sport. Attention will also be given to the relationship between sport and social problems and inequality.

*Prerequisite:* SO 121

*Note:* This course is cross-listed as SO 205

### **KIN 241 Introduction to Coaching (3) B**

This course will provide the student with a foundation on which to establish their coaching skills. The course will touch on foundational topics and skills in coaching including but not exclusive to: recruitment and team selection, practice- planning and drill selection, technical skill instruction and skill error detection/correction, biomechanics, nutrition, skill acquisition, and safety management. This course will also provide some practical experience of coaching sessions and qualify students for NCCP Level #1 accreditation.

*Notes:* This course does not fulfill a Science elective in any program. This course can only apply as Open Elective in any program.

### **KIN 255 Growth and Development (3) B**

This course will cover human development from fertilization to senescence, with a focus on how physiology, anatomy, pathophysiology, and physical therapy changes with age.

*Prerequisite:* BIO 131 and BIO 133

### **KIN 334 Sports Psychology (3) O**

Sport psychology is the scientific study of people involved in sport and exercise activities. In this course, students will learn about how factors such as personality, motivational and emotional states can affect sport performance and exercise. Topics covered will include: sport and exercise environments, group processes, performance improvement, enhancing health and well-being, and facilitating psychological growth and development. Students will also learn how to effectively apply the latest knowledge and theories into various real life situations. Sport psychology is a foundational course for students who plan on pursuing a career in coaching, sport and exercise psychology, as well as kinesiology.

*Prerequisite:* PS 121

*Notes:* This course cannot fulfill a Science elective for students in a Behavioural Science or Psychology program. This course is cross-listed as PS 334.

### **KIN 335 Sports Injuries and Rehabilitation (3-1T) O**

This course will be a combination of lectures, directed study, and practical work. It can be completed over one term or two. Lectures will include topics such as the physiology of sports injuries, injury prevention and rehabilitation, and training methods. Directed study will enhance these topics and include the most up-to-date research in these areas. Hands-on practical work and tutorials will include training methods and injury rehabilitation (e.g. taping methods and rehabilitative exercises, etc.)

*Prerequisite:* KIN 201

### **KIN 367 Exercise Physiology (3-3L) B**

This course will cover the physiological changes seen with exercise and fitness, with special focus on the muscular, nervous, cardiovascular, and respiratory systems. It will also focus on the effects of physical conditioning and training.

*Prerequisite:* MED 263

### **KIN 385 Biomechanics (3-3L) B**

This course will cover the biomechanical properties of tissues and organs and will discuss the effects of these properties on function. Methods for the analysis of deformational mechanics will be introduced as they apply to biological tissues including bone, muscle, and connective tissues. Analysis of movement will also be discussed at a biomechanical level.

*Prerequisite:* PHY 111 and MED 263

## **LANGUAGES - ANCIENT**

### **GR 100 New Testament Greek I (3) B**

The first half of an introduction to the grammar, syntax, and vocabulary of the Greek New Testament that is completed in GR 201.

### **GR 201 New Testament Greek II (3) B**

A continuation of GR 100 that introduces grammar, syntax, and vocabulary not covered in GR 100. Principles of translation are introduced as New Testament passages from the gospels, Pauline epistles and 1 John are translated.

*Prerequisite:* GR 100

**GR 300 New Testament Greek III (3) B**

A reading course involving extensive reading in the Greek New Testament and further study of grammar, syntax, and vocabulary.

*Prerequisite: GR 201*

**HEB 200 Biblical Hebrew I (3) B**

An introduction to the grammar, syntax and vocabulary of biblical Hebrew taught inductively from the Book of Esther.

**HEB 201 Biblical Hebrew II (3) B**

A continuation of HEB 100. Basic principles of exegesis are introduced.

*Prerequisite: HEB 200*

**HEB 300 Biblical Hebrew III (3) B**

A reading course involving extensive reading in Biblical Hebrew and further study of grammar, syntax, and vocabulary.

*Prerequisite: HEB 201*

**LANGUAGES - MODERN****FRE 101 Introductory French: Beginners' Level I (3–2L) O**

Designed for students with no previous knowledge of French, this course introduces basic grammar, conversation, reading, and writing in French.

**FRE 103 Introductory French: Beginners' Level II (3–2L) O**

A continuation of FRE 101, or for those learners who possess some knowledge of the French language. It is designed to further basic grammar, conversation, reading, and writing skills in French. Placement tests available.

*Prerequisite: FRE 101 or French 20*

**FRE 201 First-Year University French I (3–2L) O**

A continuation of Beginners' French with a focus on building upon the basics of the French language. This will include further development of grammar, reading, comprehension, and composition skills, as well as an introduction to French literature. Placement tests available.

*Prerequisite: French 30, or FRE 103, or equivalent*

**MATHEMATICS****MA 110 Introduction to Mathematics for Business (3-1T) A**

Basic concepts in mathematics with applications in business. Topics include linear systems, quadratics, sequences, exponential and logarithmic functions. Applications include compound interest, annuities, and linear programming.

*Prerequisite: Math 30-1 or Math 30-2*

*Note: This course is not intended for students majoring in Biology.*

**MA 111 Linear Algebra (3–1T) B**

This course teaches linear equations, matrices, and vectors with elements and applications to coordinate geometry.

*Prerequisite: Math 30-1*

**MA 149 Introductory Calculus (3–2T) B**

This course teaches functions and graphing, integrals and derivatives as well as exponential, trigonometric and logarithmic functions.

*Prerequisite: Math 30-1*

**MEDICAL SCIENCE****MED 231 Medical Terminology (3) O**

This course will introduce students to the general terms, prefixes, and suffixes used in medical terminology – a valuable tool for the medical fields.

*Prerequisite: BIO 133*

**MED 261 Human Anatomy and Physiology I (3-3L) A**

A systems approach to human anatomy and physiology. Basic biochemistry and cell biology as well as, integumentary, skeletal, muscular, nervous, and endocrine systems will be covered. Structure and function will be emphasized in both lecture and laboratory components.

*Prerequisite: BIO 131*

*Note: Students can only earn credit for one of the following: MED 261 or [ZOO 261 and ZOO 265].*

### **MED 263 Human Anatomy and Physiology II (3-3L) A**

A systems approach to human anatomy and physiology. The cardiovascular, lymphatic, immune, respiratory, digestive, urinary, and reproductive systems will be covered. Structure and function will be emphasized in both lecture and laboratory components. This is a continuation of MED 261.

*Prerequisite: MED 261*

*Note: Students can only earn credit for one of the following: MED 263 or [ZOO 263 and ZOO 265].*

### **MED 275 Health and Wellness (3) B**

This course will cover the aspects of health and wellness and the importance of a healthy lifestyle. The course content includes physical fitness, stress management, nutrition, and a positive self-image. It will also address health problems related to aging, obesity, substance abuse, stress, STD's, and socio-economic status.

*Prerequisite: One of the following: BIO 133, KIN 201*

### **MED 327 Medical Genetics (3) B**

An exploration of the principles of genetics in human medical context. The topics include Mendelian and multifactorial inheritance, linkage and gene mapping, pedigree analysis, molecular basis of diseases and screening, cytogenetics and developmental genetics, genomic imprinting, population and cancer genetics, gene therapy, and ethical issues.

*Prerequisite: BIO 211*

*Note: Students can only earn credit for one of the following: MED 327 or BIO 327.*

### **MED 361 Pathophysiology (3) B**

This course covers the diseases and dysfunction of each body system, at the cellular, organ, and system level.

*Prerequisite: MED 263*

*Note: Students can only earn credit for one of the following: MED 361 or ZOO 361.*

### **MED 399 Special Topics in Molecular Health Science (3) O**

Special studies in Molecular Health Science, as described, which are not otherwise covered in-depth in regular courses.

*Prerequisite: MED 263 or permission of the department*

### **MED 450 Foundations of Molecular Medicine (3) B**

This course provides an in-depth analysis of the current advances in molecular medicine. Topics include organization and regulation of the human genome, basic principles of molecular medicine, inherited diseases and molecular aspects of major common diseases, applications of molecular diagnostics and therapeutics, drug development and the use of stem cells and organoids, biomedical ethics, and personalized medicine.

*Prerequisite: MED 261*

*Corequisite: One of BIO 329, BIO 338, or MED 327*

### **MED 469 Current Topics in Health and Medicine (3) O**

This seminar course will discuss current topics, applications, and controversies in the medical field. It will include journal paper reviews and student presentations.

*Prerequisite: MED 263*

## **MUSIC**

### **MU 016 Rudiments of Music Theory (non-credit) A**

This introductory 6-lesson directed study in basic music theory prepares students for future studies in the elements of Western art music. Course components include music notation, scales, intervals, key signatures, time signatures, chords, cadences, and rudimentary concepts of harmony and analysis.

*Prerequisite: Permission of the Department*

### **MU 036 Rudiments of Music Theory (non-credit) A**

This introductory 12-lesson directed study in basic music theory prepares students for future studies in the elements of Western art music. Course components include music notation, scales, intervals, key signatures, time signatures, chords, cadences, and rudimentary concepts of harmony and analysis.

*Prerequisite: Permission of the Department*

### **MU 100 Introduction to Music (3) B**

An introductory survey of the history, genres, and composers of Western art music from the medieval era to the present. This course includes the study of musical vocabulary, musical elements, and the development of musical style in its cultural contexts. Students will encounter key musical works through regular exercises in focused listening. The development of film music, jazz, and pop will also briefly be considered. Prior musical training is not required.

### **MU 120/121/220/221/320/321/420/421 Applied Music (3) A**

Private lessons in voice, instrument, conducting, or composition; 60 minutes per week for one semester.

*Note: Applied Music courses must be taken in numerical succession.*

*Note: Applied Music does not satisfy the Fine Arts credit requirement for non-music majors.*

*Pre-requisite: Permission of the Department. Applied Composition at the 320-level requires a pre-requisite of MU 237 and permission of the department. Upper level composition courses are normally offered to students in Bachelor of Arts: Music or the Bachelor of Music programs.*

### **MU 124 Aural Skills I (1.5–1.5L) B**

This course is devoted to the development of basic musical skills related to the comprehension and performance of tonal music. Skills covered include rhythm and conducting patterns in simple meters, intervals, triads, scales, sight-singing non-modulating tonal melodies, and dictation of basic harmonic progressions and melodies.

*Prerequisite: MU 036 or Level 8 RCM Theory*

*Note: Students can only earn credit for one of the following: MU 124 or MU 125a.*

### **MU 125 Aural Skills II (1.5–1.5L) B**

This course is devoted to the further development of basic musical skills related to the comprehension and performance of tonal music. Skills covered include two-part rhythms in simple and compound meters, intervals, triads and inversions, scales and modes, sight-singing non-modulating tonal melodies; and dictation of longer harmonic progressions and melodies.

*Prerequisite: MU 124*

*Note: Students can only earn credit for one of the following: MU 125 or MU 125b.*

### **MU 136 Music Theory I (3-1L) B**

An introduction to the elements of Western art music and their notation with application to the design of musical lines and texture. The course will focus primarily on diatonic harmonic function and will include an introduction to species counterpoint. Students will practice complementary piano proficiency skills in an additional 1-hour lab.

*Prerequisite: MU 036 or level 8 RCM theory*

*Note: Students can only earn credit for one of the following: MU 136 or MU 126.*

### **MU 140/141/240/241/340/341 Applied Music (1.5) A**

Private lessons in voice, instrument, conducting, or composition; 30 minutes per week for one semester.

*Prerequisite: Permission of the department*

*Note: Applied Music courses must be taken in numerical succession.*

*Note: Applied Music does not satisfy the Fine Arts credit requirement for non-music majors.*

### **MU 147/148/247/248/347/348/447/448 Small Instrumental Ensemble - Classical/Jazz (1.5) A**

Participation in small instrumental ensemble. Students explore representative literature and styles, while developing musicianship and collaboration abilities.

*Note: Ensembles must be taken in numerical order.*

### **MU 157/158/257/258/357/358/457/458 Large Instrumental Ensemble – Chamber Orchestra/Jazz Big Band (1.5) A**

Participation in large instrumental ensemble. Students explore representative literature and styles, while developing musicianship and collaboration abilities.

*Note: Ensembles must be taken in numerical order.*

### **MU 185 Music as Vocation I (1.5) A**

A personal formation course focused on vocation. The course includes an overview of professions in music and the varied career paths leading from a music degree. In addition to career discernment, the course will address matters of personal mission, character formation,

service, community engagement, and effective collaboration. To be taken in the first year of study.

*Prerequisite: Student must be registered in a Music Degree*

### **MU 190/191/290/291/390/391/490/491 Large Vocal Ensemble – University Singers (1.5) A**

Participation in large vocal ensemble. Students explore representative literature and styles, while developing musicianship and collaboration abilities.

*Note: Ensembles must be taken in numerical order.*

### **MU 195/196/295/296/395/396/495/496 Small Vocal Ensemble – Ambrose University Voices (1.5) A**

Participation in small vocal ensemble. Students explore representative literature and styles, while developing musicianship and collaboration abilities.

*Prerequisite: An audition is required for MU 195.*

*Note: Ensembles must be taken in numerical order.*

### **MU 203 Music History to 1825 (3) B**

A survey of Western music history and style from the Medieval era to 1825. This course situates musical genres and concepts in their historical, social, and artistic contexts, and focuses on the development of listening, critical thinking, research, and communication skills.

*Prerequisite: REL 105*

**REL 348 Luke-Acts and the Mission of God (3) O**

A thematic exploration of Luke and Acts in their historical, literary, and social contexts, in which the former records the words and deeds of the Spirit-filled Jesus who ministers to “the sinners and tax collectors” and the latter records those of Spirit-filled early Christians who bear witness to the exalted Christ. The course focuses on distinct themes of the Luke-Acts narrative that relate to the mission of God for Jew and Gentile, including salvation for all, social justice, Spirit baptism, signs and wonders, and religious persecution.

*Prerequisite: REL 105*

**REL 350 The Book of Revelation (3) O**

An exegetical study of the Book of Revelation with attention given to historical and social context, literary form, critical issues, and theological significance.

*Prerequisite: REL 105*

**REL 352 The Gospel and Letters of John (3) O**

An exegetical study of the Gospel of John, and 1, 2, and 3 John with attention given to historical and social context, literary form, critical issues, and theological significance.

*Prerequisite: REL 105*

**REL 353 Gospel of Mark (3) O**

Originally, the Gospel of Mark was not read but rather heard by early Christians in the form of a dramatic re-telling. This influences how contemporary students of Mark should interpret his text. Additionally, Mark’s audience would have had a keen understanding of the Old Testament which would enable them to appreciate Old Testament terms and themes which Mark applies to Jesus. Employing the methods of aurality (Mark written for the listener) and intertextuality (Mark’s use of the Old Testament), this course is an exegetical study of Mark’s Gospel. From this analysis, the course will touch on contemporary issues such as suffering, servant leadership, and the end times.

*Prerequisite: REL 105*

**REL 354 Romans (3) O**

An exegetical study of the Epistle to the Romans with attention given to historical and social context, literary form, critical issues, and theological significance.

*Prerequisite: REL 105*

*Prerequisite: REL 161*

*Notes: This course can fulfill a senior theology elective for ministry students. This course is cross-leveled as TH 669.*

### **REL 370 Theology and Practice of Worship (3) A**

A study of the key biblical, theological, historical and philosophical dimensions of Christian corporate worship in which students will be given opportunity to consider these aspects through the lens of various Christian traditions. Attention also is given to the planning and leading of worship gatherings and to the role that music in particular plays in the experience of community worship.

*Prerequisite: REL 161*

### **REL 372 Christian Ethics (3) B**

A study of influential ethical models current in contemporary moral philosophy. An evaluation of these models provides material for the construction of a Christian ethic based on the Scriptures and the moral teaching of the church.

*Prerequisite: REL 161*

*Note: This course can fulfill a senior theology elective for ministry students.*

**REL 373 Wesleyan Theology (3) O**

Through an exploration of the historical and social background of the eighteenth century and, more particularly, the lives, writings, and legacies of John and Charles Wesley, this course will investigate the implications of the Wesleyan theological heritage in respect to the nature of God and humanity, salvation and sanctification, spiritual growth, church life, worship, and social witness.

*Prerequisite: REL 161*

*Note: This course can fulfill a senior theology elective for ministry students.*

**REL 375 Theology of Mission (3) O**

This course is the exploration of the theological issues pertaining to the mission of God. It will begin by exploring the mission of God in Christ continued by the Holy Spirit through the Church. After examining the Scriptural basis for mission, it will turn to consider the historical development of a theology of mission and, finally, the continuing significance of mission for today.

*Prerequisite: REL 161*

**REL 377 Theology and Popular Culture (3) O**

An exploration of contemporary culture for the reception of biblical literature and theological themes. Particular attention will be given to popular media like film and television, popular music, graphic novels, and mass-market books, but some attention may also be given to more consciously artistic forms of expression dating back to the mid-twentieth century. This course will be conducted as a discussion-based seminar, requiring significant preparation and engagement from students.

*Prerequisite: REL 105, REL 161*

**REL 378 Global Missiology (3) B**

An exploration of mission theologies and practices from Latin America, Africa, East and South Asia. Students will be exposed to scholars and mission practices from locations in the world where the church is thriving, and equipped with relevant skills for appropriate and effective relationships in our increasingly globalized world.

*Prerequisite: REL 161*

**REL 380 Political Theology (3) O**

This course surveys ancient and modern political systems and moral philosophies and examines them theologically, setting them in conversation with a theological and pastoral ethics of forgiveness and reconciliation. It thus provides a framework which sheds light on ecological, economic, relational, and social justice concerns.

*Prerequisite: REL 161*

This course is an examination of youth culture in Canadian society. Drawing on various theoretical and historical perspectives, topics in this course include the shifting relationship between Canadian teenagers and social institutions such as the family, religion, education, state, and market. In addition, this course addresses the social construction and prolongation of adolescence, 21st century youth marginalization, emerging adulthood, positive youth development, and possible models of social justice for youth.

*Prerequisite: SO 121*

### **SO 307 Sociology of Health (3) O**

An introduction to the theoretical and empirical approaches commonly used by sociologists to study health and illness. The content reflects two broad themes pursued by medical sociologists: social inequalities in health and illness, and the social processes that shape the experience of health and illness.

*Prerequisite: SO 121*

*Note: Students can only earn credit for one of the following: SO 307 or SO 207.*

### **SO 310 Classical Social Theory (3) A**

This course is a survey of classical theories and theorists of the late 18th Century to the early 20th Century. It will involve examining the role of classical theorists and social theory in the social sciences in their application to social research, contemporary issues, and topics of concern.

*Prerequisite: SO 121 and 3 credits in Sociology at the 200-level*

### **SO 311 Contemporary Social Theory (3) O**

Building on Classical Social Theory, this course examines the contributions of contemporary social theorists to social theory since about 1940. Among other theories, this course emphasizes development in functionalist, conflict, social interactionist, social exchange, and post-modernism thought.

*Prerequisite: SO 310*

**SO 320 Sociology of Religion (3) B**

This course is an introduction to the theories and concepts utilized by sociologists to interpret religious behaviour and the organization of religion. The intent is not to judge truth claims made concerning religion, but to investigate how religion contributes to social life.

*Prerequisite: SO 121 and 3 credits in Sociology at the 200-level*

**SO 325 Sociology of Deviance (3) B**

This course examines how society regulates behaviour, how individual groups are labeled as deviant, and the consequences of such a social behaviour. Topics to be explored include crime, risky delinquent behaviour, appearance issues, sexual deviance, mental illness, and substance abuse.

*Prerequisite: SO 121 and 3 credits in Sociology at the 200-level*

**SO 395a Preparation for Independent Research in Sociology I (1.5) O**

Research project under the direction of a faculty member. Consists of conducting a literature review on a topic not treated extensively in a regular course, in preparation for a subsequent research project. Weekly seminar with instructor.

*Prerequisite: 3 credits in Sociology at the 300-level. Restricted to Behavioural Science majors with a minimum cumulative GPA of 3.0 and the permission of the instructor.*

**SO 395b Preparation for Independent Research in Sociology II (1.5) O**

Research project under the direction of a faculty member. Building on the SO 395a literature review, consists of completing a research project proposal, and if applicable, a submission for ethical review for research. Weekly seminar with instructor.

*Prerequisite: SO 395a and a minimum cumulative GPA of 3.0 and the permission of the instructor.*

**SO 399 Special Topics in Sociology (3) O**

Selected themes in Sociology, as announced. May be repeated for credit if the topic is different.

*Prerequisite: SO 121 and 3 credits in Sociology at the 200-level*

**SO 402 Human Trafficking (3) B**

Human trafficking gained considerable attention in the early 21st century when it was cast alongside terrorism, arms dealing, and the drug trade as one of the most prevalent crimes in the world and the second most profitable form of organized criminal activity. Yet understandings of human trafficking remain highly contested and explanations are frequently polarized by debates concerning morality, justice, citizenship, and sexuality. Using a sociological lens, this course is designed to help students critically examine and contextualize conflicting understandings of human trafficking and to consider effective modes of prevention and response.

*Prerequisite: 3 credits in Sociology or Development Studies at the 200-level*

*Note: This course is cross-listed as DVST 402*

**SO 403 Global Criminology (3) O**

This course examines global criminal activities by considering crimes such as human trafficking, drug trafficking, arms dealing, international terrorism, piracy, and resource conflicts. The course will also analyze justice mechanisms and the organizations of global governance that seek to control or respond to such global crimes, such as the International Criminal Courts and the Council of Europe's Group of Experts on Action against Trafficking in Human Beings (GRETA).

*Prerequisite: SO 121 and 3 credits in Sociology at the 300-level*

**SO 404 The Canadian Criminal Justice System (3) O**

An introduction to the Canadian criminal justice system, looking at its structure, guiding philosophy and function. This course will highlight elements within the Canadian criminal justice system, including the police, courts and corrections. Students will also explore the ways that certain groups (e.g. women, racialized Canadians, people living in poverty) have negative experiences in the Canadian criminal justice system.

*Prerequisite: SO 203 and 3 credits in Sociology at the 300-level*

**SO 405 Special Topics in Sociology (3) O**

Selected themes in Sociology, as announced. May be repeated for credit if the topic is different.

*Prerequisite: SO 121 and 3 credits in Sociology at the 300-level*

**SO 410 Religious Diversity in North America (3) O**

This course examines the growing prevalence of religious diversity in North America, including similarities and differences between the Canadian and American approaches and responses to religious diversity. Emphasis is given to how non-Christian groups adapt and

negotiate their religious beliefs and practices, how Christian groups respond to religious diversity, and how the larger society responds to religious diversity in North America.

*Prerequisite: SO 121 and 3 credits in Sociology at the 300-level*

### **SO 413 The Sociology of Youth Crime and Deviance (3) B**

An investigation of youth deviance and crime in Canada. The course will explore the history, correlates, and theories of youth crime. We will also consider various legislations around and responses to youth crime, including an observation of the youth court process and discussion of restorative justice.

*Prerequisite: 6 credits in Sociology*

*Note: Students can only earn credit for one of the following: SO 413 or SO 303.*

### **SO 440 Religion and Culture in Canada (3) B**

This course explores the relationship between religion and culture in Canada from a sociological perspective. This examination will include a look at the past, present, and potential future relationship between religion and culture in Canada.

*Prerequisite: 6 credits in Sociology*

*Note: Students can only earn credit for one of the following: SO 440 or SO 340.*

*Note: This course is cross-leveled as CS 620.*

### **SO 480 Flourishing Congregations Internship (3) O**

Students complete a research-based internship of 120 hours with the Flourishing Congregations Institute. This course includes a range of hands-on research training and application experiences, such as conducting literature reviews, designing testing instruments, gathering empirical data, analyzing empirical data, and communicating research data and analyses.

*Prerequisite: BHS 310, nine credits in Sociology and permission of the Director of the Flourishing Congregations Institute.*

### **SO 495a Independent Research in Sociology I (1.5) O**

Research project under the direction of a faculty member. Building on the SO 395b research project proposal, consists of gathering, and if applicable, analyzing data. Weekly seminar with instructor.

*Prerequisite: SO 395b and a minimum cumulative GPA of 3.0 and the permission of the instructor.*

### **SO 495b Independent Research in Sociology II (1.5) O**

Research project under the direction of a faculty member. Building on SO 495a data collection, consists of analyzing and disseminating (written and oral) research findings. Weekly seminar with instructor.

*Prerequisite: SO 495a and a minimum cumulative GPA of 3.0 and the permission of the instructor.*

## **STATISTICS**

### **STA 210 Introduction to Business Statistics I (3-1.5T) A**

This course is designed to give students a basic understanding of descriptive and inferential statistics. Emphasis is placed on practical application and students will learn to analyze and interpret basic statistical research. Topics include collection and presentation of data, descriptive statistics, introduction to probability theory, estimation, hypothesis testing, and linear regression. Students will also learn to use computer software to analyze data.

*Prerequisite: Math 30-1 or Math 30-2*

### **STA 220 Introduction to Business Statistics II (3-1.5T) A**

Students will deepen their skills in data analysis and decision making under uncertainty using quantitative methods. Emphasis centers on regression analysis, modeling, time series forecasting, nonparametric methods, and statistical process control. Optimization modeling, simulation modeling, and data mining will also be introduced. These tools will be used in the context of business data and examples.

*Prerequisite: STA 210, or BHS 310, or BIO 310*

## **THEATRE**

### **TH 100 Introduction to the Theatre (3) B**

This course provides an introduction to the nature and potential of theatre. It examines theatre as a living art form with the objective of enhancing students' enjoyment of the theatre experience. The course allows the student to identify dramatic elements found in plays and provides a fundamental understanding of the techniques of the theatrical arts. It is designed to introduce students to the work of creating theatre, to the cultural importance of theatre, including historical importance, and to the relevance of theatre in society. Through field trips students will view live theatre during the course.

## Addendum 1 - Behavioural Science Practicum Policy

(Approved August 2022)

### Preamble

All students in the Behavioural Science Concentration and Major at Ambrose University are required to complete a practicum. The purpose of this policy is to detail:

- entrance requirements and preparations for students to enrol in BHS 320 Field Practicum 1 and BHS 420 Field Practicum 2;
- expected professional conduct for students during their practicum; and
- circumstances that could warrant removing a student from practicum;

### Practicum Entrance Requirements and Preparations

Unless the Department grants permission in rare circumstances, students who wish to complete BHS 320 or BHS 420 must first meet the following minimum requirements by the noted deadlines. With the exception of the final step (Learning Goals), students can only register for BHS 320 once all of these steps are completed.

- Completed BHS 240 Research Methods
- CGPA of not less than 2.0 (confirmed by Social Sciences Program Coordinator following Winter semester, prior to students registering for the course);
- Criminal record check, vulnerable sector search, and child intervention record check (if working with minors) (**applications due May 30 ... actual checks due August 1**). The student is responsible for the cost of obtaining such documentation. Social Sciences Program Coordinator will receive these checks.
  - Note that a practicum placement may be denied to students who are unable to provide these checks. In this event, the student will be unable to complete the degree and thus will be required to withdraw from both the practicum course and the program. Students may explore transferring their credits to another program should they wish.
  - If something is flagged in the background checks, students are required to either withdraw their practicum application in more extreme circumstances (e.g., abuse of vulnerable individuals) (and thus switch programs) or, with department permission, disclose the details of the background checks to the practicum agency who will decide if they are willing or not to proceed with the placement. If a practicum agency declines to work with a practicum student in these circumstances, students may seek out a different practicum agency under the terms noted in the previous sentence, until a practicum site is secured.

In preparation for BHS 320, students are required to complete the following steps and associated timelines **prior to July 1**, two months before formally beginning their practicum. Failure to do so may mean that students are denied entrance into a practicum placement in a given year.

- Attend a two-part workshop (approximately 90 minutes each) related to “Self-Awareness, Self-Care, and Work Competency” (typically offered in **January**)
- Resumé (**January 31**) – submitted to the Social Sciences Program Coordinator
- *Recommended* (not required) LinkedIn Profile and Update (**January 31**) – submitted to the Social Sciences Program Coordinator
- Attend Practicum overview workshop (**late January or early February**)
- Attend Social Sciences Career and Practicum Fair (**mid-February**)
- Meet with Social Sciences Program Coordinator to determine potential practicum sites (**February 28**)
- Three interviews with possible practicum agencies (**May 15**), with Fall placement confirmed upon discussion and verbal approval of practicum site choice from the Social Sciences Program Coordinator and course instructor (**May 30**). Even if a practicum placement is secured with fewer than three interviews, all three interviews must be completed.
  - Following the interview stage, students are expected to follow up with each agency to thank them for their time, and if a practicum offer is extended to a student, to convey the decision to accept or reject that offer.
- Confirm Fall placement upon discussion and verbal approval of practicum site choice from the Social Sciences Program Coordinator and course instructor, and then submit all paperwork (including proposal form with signature from practicum site, student contract, and applications background checks) (**May 30**)
- Applications for criminal record check, vulnerable sector search, and child intervention record check (if working with minors) (**May 30**)
- Criminal record check, vulnerable sector search, and child intervention record check (if working with minors) completed and received (**August 1**)
- Learning Goals (**September 1**) – co-created and agreed upon between the supervisor and student

Though students are able to complete their practicum in two separate locations in the Fall and Winter semesters, this is the exception and not the norm. In very rare cases, students might encounter a scenario where they may wish/need to break a contract with an agency (e.g., signed on for the full 8th months, but decided in October or November to shift to a new practicum agency for the Winter semester). In these circumstances, students should first discuss the scenario with the course instructor and Social Sciences Program Coordinator, and if deemed appropriate to make a change by these parties, the student should then speak to their practicum supervisor and make related arrangements no later than November 15.

### **Professional Conduct during Practicum**

Professional conduct among students in practicum is of utmost importance. Students represent Ambrose University, the Behavioural Science program, the practicum agency, as well as themselves in job preparation and possible future job prospects. All practicum students are expected to follow these areas of professional conduct in all practicum contexts. There are no exceptions.

- Initiative and Responsibility – students should show maximum effort in all practicum tasks, taking responsibility for their own learning and having an active role in the practicum setting.
- Respect the Agency – students should always uphold professional attire, language, attitudes, and behaviours in the practicum setting. This includes respecting and adhering to the policies of the agency; asking questions and requesting help with unsure about policies, procedures, and expectations; maintaining attendance and punctuality (notifying the site supervisor and Social Sciences Program Coordinator of all expected absences); respecting all clients, colleagues, and supervisors; managing time effectively; and seeking and accepting feedback from the site supervisor and the Social Sciences Program Coordinator.
- Dual relationships – to protect clear personal and professional boundaries, students cannot complete their practicum in an agency where family members, friends, or romantic partners are employed or are clients. In addition, students are prohibited from attending off-site social events during practicum (i.e. staff party at a restaurant or private home).
- Sharing Personal, Identifying Information – to protect clear personal and professional boundaries, unless approved by the practicum setting/program, students should not share personal, identifying information with clients, including but not limited to phone number, personal social media accounts, address, workplace, church, etc.
- Cell phones – students should not use their cell phones while on site at practicum.
- Substance use – students cannot be under the influence or using alcohol or recreational drugs at practicum
- Driving – clients cannot be driven by practicum students, nor can students drive a practicum agency staff member (however practicum agency staff members can drive a student to a practicum event).
- Ethics – students must function as an ethical and competent practitioner. This includes working in areas of training and not overstating their abilities/training as higher than they are; clearly identifying as a practicum student in all professional activities related to the practicum; keeping accurate and reliable records if or as needed by the practicum agency; monitoring personal emotional and physical well-being, and notifying the agency supervisor and instructor should any conditions arise that might adversely affect the student's ability to serve their client or practicum agency; and maintaining the confidentiality of their clients and peers within the practicum class except in the case of legal requirements to breach ethics for the safety of others, or in accordance with practicum site policies. Part of being an ethical practitioner also entails caring for one's own wellbeing during practicum. Services are available through Ambrose (e.g., counselling, crisis support, peer health educators, online support) as well as through many external organizations. Students are strongly encouraged to reach out to the Ambrose Student Life Office for assistance and guidance if/as appropriate.
- Health & safety – students must abide by all health and safety policies of the practicum site, including those related to COVID-19 (e.g., vaccine and/or masking requirements), if or where applicable.

### **Grounds for Practicum Termination**

In extreme circumstances, students may be asked by the practicum agency, course instructor, and/or the Department Chair to terminate their practicum placement. Depending on the circumstance, this termination may mark the end of a student's time in the Behavioural Science program (and thus would need to transfer to another program), or a deferral on practicum completion to the following year (or later). Below are the conditions that would warrant a student being asked to terminate their practicum placement:

- the student has violated any part of the professional conduct standards, outlined in the section above;
- the student is unable to carry out the responsibilities of that practicum;
- the student has jeopardized client safety at the practicum agency; or
- the student has failed to maintain coursework requirements (e.g., class attendance, participation, assignments) associated with the practicum course.

Students whose practicum placements have been terminated will be informed of the reasons in writing, plus will meet with the Department Chair and Social Sciences Practicum Coordinator to explore next steps to possibly re-take the Practicum course at a later point or transfer into another program. If plans are to re-take the Practicum course at a later point, a student will be required to formulate and act upon a

clear set of measurable activities and goals customized to the student/situation in play (e.g., closer work with the Student Academic Success Office, counselling), as deemed appropriate by the Chair and Practicum Coordinator in consultation with the student.

If a circumstance arises where a student believes a practicum site has unfairly dismissed them, the Department Chair and Social Sciences Program Coordinator will convene to assess the situation and determine next steps, if any. There is no appeal process for a terminated Practicum.

## **Addendum 2 – Educational Travel**

*(Revised August 2022)*

Educational travel study means any trip (e.g., a Travel Study or other similar trip) offered for educational credit at Ambrose or otherwise offered by an academic program or sanctioned by Ambrose, involving Ambrose students, and including at least one overnight stay. This policy applies both to international and domestic educational travel.

Educational Travel does not include:

- a) Travel related to Internship programs
- b) Research-related travel with a faculty member
- c) Athletic team travel and student leadership travel

Further information is available from the [Office of the Registrar](#).
