Text : Biology: Concepts and Connections, Fourth Edition
Campbell, NA, LG Mitchell, and JB Reece,
Prentice- Hall

Note: An earlier edition of Campbell, Mitchell and Reece will be perfectly adequate for the course.

Learning Objectives:

Students will gain a greater understanding of biological principles and be able to apply these principles to animal and human systems. Students will achieve a greater appreciation for life sciences and current knowledge in the field.

Mark Distribution :

Term Test I	25%
Term Test II	25%
Assignments	10%
Final Exam	40%

The term tests and final exam will be a combination of multiple choice questions, as well as short and long answer questions. While most questions will be based on lecture material, the textbook reading will absolutely help in the understanding of this material. There will be assignments given to help work through the material (these may or may not be marked for credit). Attendance at lectures will help ensure success on course exams and assignments.
