Address: Ambrose University, 150 Ambrose Circle SW, Calgary, AB T3H 0L5

Location

Ambrose University is located at 150 Ambrose Circle SW in Calgary, Alberta. Our city of over one million people is established in the rolling foothills of the Canadian Rockies, just a few hours from the U.S. border. The Calgary International Airport is Canada's third busiest airport. Calgary is known for its blue skies, and Alberta has more hours of sunshine in a year than any other province in Canada. A unique phenomenon called a Chinook wind can raise temperatures more than 20 degrees in one day, turning winter days into spring. Calgary offers world-class facilities for winter sports, having hosted the Winter Olympics in 1988, and the nearby Rocky Mountains provide exhilarating skiing and other recreational opportunities. The "Stampede City" is also known for its western culture, beautiful pathways along the Bow River, symphony orchestra and professional football and hockey teams.

Facilities

The Ambrose University campus sits on a ridge in southwest Calgary and offers unobstructed views west to the Rocky Mountains. The heart of the campus is the Academic Centre, with its central gathering place. The building features three science labs, student lounges, classrooms, faculty and administrative offices, plus places for group and silent study. A modern library offers students online access to global resources as well as more traditional reference sources. The Ambrose Athletic/Performing Arts Centre boasts a full-size gym and sound system to accommodate up to 1000 people. Banquet facilities, locker rooms and a weight room round out the building. Ambrose University's Music Department enjoys a dedicated choir room, practice rooms and a music lab space. There are two Residence buildings, including one that houses both our Acting and School of Education programming. A School of Business with classrooms and office space opened during the 2024-25 academic year.

Library

Ambrose Library supports the educational programs of Ambrose University by serving student and faculty learning, teaching, and research activities. The library is a bright and welcoming space with areas for quiet reading and interactive group work, and students have access to a diverse collection of print and electronic resources. Library resources and staff serve students' academic needs, whether on or off campus, including students who are studying at a distance. The library expands its offerings through partnerships with other libraries across Canada, including reciprocal borrowing privileges at some local institutions such as the University of Calgary. The Ambrose Archives, which includes records from The Christian and Missionary Alliance in Canada and the Church of the Nazarene Canada, is housed in the Ambrose Library.

Institutional History

Educating young men and women for service in the church and in overseas mission fields has always been an important emphasis for The Christian and Missionary Alliance in Canada (The Alliance Canada) and the Church of the Nazarene in Canada. The Alliance Canada's commitment to higher education dates back to the vision of its founder, Dr. A. B. Simpson, who established North America's first Bible school in New York. This educational emphasis resulted in the addition of two educational institutions in Canada during the 1920s.

A fuller expression of these values led to the founding of Canadian Bible Institute (CBI) in 1941, with an initial class of 50 students meeting in the lower auditorium of the Alliance Tabernacle in Regina, Saskatchewan. Under the direction of the first president, Rev. Blackett, CBI commenced its primary task of training men and women for worldwide ministry and Christian living.

Nazarene University College traces its roots to the Calgary Bible Institute, which was established on January 3, 1921, in the basement of the Calgary First Church of the Nazarene, with an initial class of 29. In 1927, the school relocated to Red Deer, under the leadership of Rev. Charles Thomson, where it became known as Alberta School of Evangelism, and then Northern Bible College (NBC). The purpose of the school was to provide a stream of workers for the Nazarene churches in western Canada and overseas. An accredited residential high school was also established to serve Christian families in rural communities.

In 1940, NBC changed its name to Canadian Nazarene College (CNC) and in 1957 CBI became Canadian Bible College (CBC). Both institutions persevered and became established with purpose-built facilities and the accreditation of Bachelor of Theology degrees. Canadian Theological College (CTC) was formed in 1970 as a graduate school of theology changing its name to Canadian Theological Seminary (CTS) in 1982. Both CNC and CBC/CTS fulfilled their mandates of training workers for ministry and soon alumni from both campuses were serving across Canada and around the globe.

As the new millennium dawned, the paths of CBC/CTS and CNC converged in an unprecedented way. The goal of both institutions was to provide trained workers for the church and mission fields. Both institutions saw the opportunity for a Christian-based alternative to public universities.

The next phase of maturation saw both CBC/CTS and CNC develop relationships with Canadian universities for the purpose of expanding offerings beyond Bible and theology into the arts and sciences. In 1960, CNC was relocated to Winnipeg to become the official school of the Church of the Nazarene in Canada. CNC also became an approved teaching centre of the University of Manitoba. In that same decade, CBC/CTS developed an educational relationship with the University of Regina.

During the 1990s, Dr. George Durance, President of CBC/CTS, Dr. Riley Coulter, President of CNC, and their boards looked to Alberta, where legislation existed to accredit Christian university colleges.

CNC relocated to Calgary in 1995, became a university in 1999, and changed its name to Nazarene University College (NUC). In 2003, CBC/CTS moved to Calgary, joined NUC on its downtown campus, received provincial accreditation in 2004 and adopted the name Alliance University College (AUC) forming the educational partnership AUC-NUC. In May 2007, AUC and NUC became a single institution, Ambrose University, the official Canadian school of both The Alliance Canada and the Church of the Nazarene Canada.

In July 2014 the province of Alberta approved Ambrose University College to be designated as Ambrose University. The change brings Ambrose in line with comparable institutions across Canada, and benefits students who may wish to pursue further opportunities nationally or globally, as well as faculty in their research endeavours.

History of the Seminary at Ambrose University

Ambrose graduate education began in 1970 in Regina, Saskatchewan with the creation of Canadian Theological College, renamed Canadian Theological Seminary (CTS) in 1982. In May 2007 Ambrose University College was formed through an educational partnership between The Alliance Canada and the Church of the Nazarene Canada. CTS was folded into the Faculty of Theology of Ambrose University College as the Seminary Division and is known as Ambrose Seminary.

Ambrose Seminary education is rooted in a dynamic heritage that combines a vision for carrying out the Great Commission with a passion for a deep and authentic spirituality. This legacy is very much alive in our seminary programs today. The community displays a firm commitment to the global growth of the Church and a conviction that those who have a vital relationship with God through Christ and who are empowered by the Holy Spirit make lasting contributions to the Kingdom. Ambrose Seminary is the official seminary educational institution for The Alliance Canada.

AMBROSE INSTITUTES

Ambrose Institutes are dedicated to research that simultaneously contributes to current academic discussions and directly benefits external stakeholders, organizations, industries and communities that intersect with our scholarly work. The Institutes draw together internal and external scholars and practitioners with a view to strengthen and enhance teaching and research, while also extending the value and reach of Ambrose to communities and resources outside the university. Further, our Institutes are premised on providing students with first-hand research training and experience.

Ambrose's three institutes are engaged in key functions of universities which include knowledge creation and knowledge dissemination in their particular area of excellence: the global mission of the church (Jaffray Centre), initiatives to address poverty (Canadian Poverty Institute), and factors encouraging parish life to thrive (Flourishing Congregations). All three Institutes attract notable funding dollars through grants and awards.

Canadian Poverty Institute

The Canadian Poverty Institute is an interdisciplinary Institute housed within Ambrose University that seeks to overcome poverty through research and teaching. Established in 2014, it is the only national academic institute dedicated to the elimination of poverty in Canada.

AMBROSE STATEMENT OF FAITH

We believe:

1. There is one God, who is infinitely perfect, existing eternally in three persons: Father, Son and Holy Spirit.
2. Jesus Christ is true God and true man. He was conceived by the Holy Spirit and born of the Virgin Mary. He died upon the cross, the Just for the unjust, as a substitutionary sacrifice, and all who believe in Him are justified on the grounds of this shed blood. He arose from the dead according to the Scriptures. He is now at the right hand of the Majesty on high as our great High Priest. He will come again to establish His kingdom of righteousness and peace.
3. The Holy Spirit is a divine Person, sent to indwell, guide, teach and empower the believer, and to convince the world of sin, of righteousness and of judgment.
4. The Old and New Testaments, inerrant as originally given, were verbally inspired by God and are a complete revelation of His will for the salvation of the people. They constitute the divine and only rule of Christian faith and practice.
5. Humankind, originally created in the image and the likeness of God, fell through disobedience, incurring thereby both physical and spiritual death. All people are born with a sinful nature, are separated from the life of God, and can be saved only through the atoning work of the Lord Jesus Christ. The destiny of the impenitent and unbelieving is existence forever in conscious torment, but that of the believer is everlasting joy and bliss.
6. Salvation has been provided only through Jesus Christ. Those who repent and believe in Him are united with Christ through the Holy Spirit and are thereby regenerated (born again), justified, sanctified and granted the gift of eternal life as adopted children of God.
7. It is the will of God that in union with Christ each believer should be sanctified thoroughly, thereby separated from sin and the world and fully dedicated to God, receiving power for holy living and sacrificial and effective service toward the completion of Christ's commission. This is accomplished through being filled with the Holy Spirit, which is both a distinct event and a progressive experience in the life of the believer.
8. Provision is made in the redemptive work of the Lord Jesus Christ for the healing of the mortal body. Prayer for the sick and anointing with oil as taught in the Scriptures are privileges for the Church in this present age.
9. The universal Church, of which Christ is the Head, consists of all those who believe in the Lord Jesus Christ, are redeemed through His blood, regenerated by the Holy Spirit and commissioned by Christ to go into all the world as a witness, preaching the Gospel to all nations. The local church, the visible expression of the universal Church is a body of believers in Christ who are joined together to worship God, to observe the ordinances of Baptism and the Lord's Supper, to pray, to be edified through the Word of God, to fellowship and to testify in word and deed to the good news of salvation both locally and globally. The local church enters into relationships with other like-minded churches for accountability, encouragement and mission.
10. There shall be a bodily resurrection of the just and the unjust; for the former, a resurrection unto life; for the latter, a resurrection unto judgment.
11. The second coming of the Lord Jesus Christ is imminent and will be personal and visible. As the believer's blessed hope, this vital truth is an incentive for the holy living and sacrificial service toward the completion of Christ's commission.

STUDENT ACADEMIC SUCCESS

Accessibility Services

Ambrose University celebrates diversity and welcomes the contributions, experiences and full participation of students experiencing disabilities as valued members of our community.

Academic accommodation is provided to Ambrose students with disabilities in accordance with the Alberta Human Rights Act and the Canadian Charter of Rights and Freedoms. Provision of academic accommodation does not lower the academic standards of the university nor remove the need for evaluation and the need to meet essential learning outcomes.

[Accessibility Services](#) at Ambrose serves the university and students experiencing disabilities and requesting academic accommodation in creating an accessible learning environment that encourages full participation in academic courses.

Reasonable accommodations are tailored to the individual student, are flexible, and are determined by considering the barriers within the unique environment of a postsecondary institution. It can take time to organize academic accommodations and funding for disability-related services. Students with a disability who wish to have an academic accommodation are encouraged to contact the [Accessibility Services](#) as early as possible to ensure appropriate planning for any needs that may include accommodations. Staff can then meet with students to determine areas to facilitate success, and if accommodations are required, ensure those accommodations are put in place by working with faculty.

Learning Services

[Learning Services](#) offers support in two primary areas:

1. **research and communication skills**, including academic reading, writing, listening, and public speaking; and
2. **subject-specific skills**, including numeracy skills and discipline-specific knowledge, especially in high-demand fields like business, chemistry, statistics, philosophy, and theology.

Throughout the academic year, students can meet with a research and communication tutor or a subject-specific tutor for personalized support, or they can attend a variety of workshops offered by Student Academic Success. All of these services are free to students currently enrolled at Ambrose University.

Career Services

Our [Career Services](#) team supports students in all fields – business, the arts, ministry, health sciences, education, and more – as they pursue their calling for redemptive engagement in the world. Students can meet with a career counsellor for help with, among other things:

- career planning,
- feedback on a resume or cover letter, and
- job searches,
- networking strategies (informational interviews, social media, etc.)

We also host a job board and run frequent workshops throughout the year. Our services are free to current students and recent graduates (within six months of graduation).

Academic Accountability

Students can also meet with an academic coach for help with setting and meeting their academic goals. Our coaches help students identify their unique strengths and areas for improvement and choose strategies and resources that work for them. Academic coaches can also support students with time management and study skills.

We especially encourage students to meet with an academic coach near the beginning of the term, but we also invite students to meet with a coach throughout the semester to track their success. This type of support is open to all current students but may be especially helpful to student athletes, as they balance many demands on their time, and those struggling academically.

Seminary 101

Seminary 101 courses are intended to help students entering Ambrose Seminary to learn essential skills in writing, critical thinking, information literacy, and research, which they need in order to succeed in graduate level courses. Seminary 101 achieves this by embedding skill-training and resourcing within core Seminary courses in consultation with Ambrose Library and Student Academic Success.

Student Information and Confidentiality

Information about Ambrose students that has come to the attention of Student Life and Student Academic Success professionals is confidential; however, limits to confidentiality include three exceptions: 1) if you or another person is at risk of serious harm, 2) if your information is subpoenaed in a court of law, 3) if disclosure to other persons is reasonably necessary to care for, support and provide interventions for a student.

ACADEMIC INFORMATION AND POLICIES

As a student, you are responsible to familiarize yourself with all academic policies. Acceptance into Ambrose constitutes your agreement to comply with all academic policies. You are responsible for all financial and academic policies and penalties as listed in this Academic Calendar. The Academic Calendar (including official errata and addenda) is the official authority on all course and program requirements.

If you have questions about these policies, want to apply for an exception to a policy or need to ask for judgment on a situation not covered by these policies, talk to someone in the [Office of the Registrar](#).

DEFINITIONS

Audit

This refers to pedagogical outcomes and fee structures. Only credit courses may be audited. There is not evaluative component, therefore, no credit is granted for completion of the course.

Core Course

This is a course, or course component, which a student takes to fulfill the mission of the University and that is designed and listed as part of the principal requirements of the University's curriculum. Courses taken to satisfy this component of the program may also be used to satisfy requirements in either of the other categories (i.e., program requirements, electives).

Course

A course is an academic unit of instruction that has a credit weight, typically with a credit value of three (3), but could have a value from 1 – 6. A course may be repeated only once with the highest grade used for grade calculations, academic standing and determining eligibility to graduate.

Course Level

Courses considered as junior level are those which have a course number in the 100s. Senior level courses are those numbered at the 200, 300 or 400 level. Courses in the 500 level are foundational in Education and the Seminary. Courses numbered 600 and 700 develop student learning within the discipline and lead to synthesis of the subject matter.

Credit

This refers to the value assigned to a course that counts toward program completion. Credit is determined by teaching mode, hours of instruction and length of semester or equivalent. The expectation is that undergraduate courses require 30 – 40 hours of academic effort per credit and Seminary courses require 40 hours of academic effort per credit, where academic effort includes class time (e.g., lectures, labs, studios, tutorials, etc.), experiential or blended components and all independent study (e.g., essays, assignments, readings, preparation, study, reflection, etc.). Education classes use a modified schedule condensing course delivery based on credit hours per course.

Cross-leveled courses

These are courses taught with both seminary and undergraduate students in the same classroom. The courses are listed in both the Undergraduate Academic Calendar and course listing, and in the Seminary Academic Calendar and course listing. It is possible for a course to be both cross-levelled and cross-listed.

Cross-listed courses

These are courses listed within either the Undergraduate or the Seminary Calendar, but in more than one discipline within that Calendar. It is possible for a course to be both cross-levelled and cross-listed.

Directed Study

A directed study is a privilege for students enrolled in a degree program whereby they may attempt a course which is either not currently offered, or is offered but for which they cannot register due to unavoidable circumstances. Directed studies will be considered when the student has a) a cumulative GPA of 2.0 or higher; b) completed 50% of a degree program, c) the course is a required course in the degree program (i.e., elective courses are not normally eligible), and d) the course has been unavailable due to unavoidable circumstances.

Educational Travel Study

Educational travel study means any trip (e.g., a Travel Study or other similar trip) offered for educational credit at Ambrose or otherwise offered by an academic program or sanctioned by Ambrose, involving Ambrose students, and including at least one overnight stay. This definition applies both to international and domestic educational travel. This applies to all Ambrose sanctioned educational travel study, offered through academic programs, with the exception of:

- Travel related to Internship programs

- Research-related travel with a faculty member
- Athletic team travel and student leadership travel

Experiential Learning

Experiential Learning at Ambrose is defined as learning by doing. Knowledge is translated into action and with critical reflection these experiences transform perspectives, capacities and dispositions. The experiences are intentionally designed and assessed. Experiential learning includes work-integrated learning, co-curricular learning activities, research-based learning, culminating senior experiences and travel study. We measure experiential learning using the National Survey of Student engagement (NSSE) survey which describes these as high-impact practices. All Ambrose degrees include at least one element of experiential learning.

High-Impact Practices (HIPs)

This is an overarching term used by NSSE to describe learning activities such as service learning, learning communities, research with faculty, internship, field experience, study abroad and culminating senior experiences which share the following traits:

- demand considerable time and effort,
- facilitate learning outside of the classroom,
- require meaningful interactions with faculty and students,
- encourage collaboration with diverse others, and provide frequent and substantive feedback.

Independent Study

This is an individual research project which investigates an area or topic not treated extensively in a regular course. It is designed in consultation with the instructor who supervises the independent study. A maximum of 6 credits in this type of study may be undertaken in a degree program. Students must have completed half of the degree program before undertaking this type of study. This is a privilege for students enrolled in a degree program who meet the minimum GPA degree requirements.

Modular class

A course that is offered in a compressed schedule.

Program requirements

This is a set of prescribed courses within a program that defines the primary area of study or major.

Semester

The major semesters are Fall and Winter. Each of these semesters is 13 weeks plus reading week and additional days for final exams. Spring semester is flexible in terms of length, occurring between graduation and July 31.

Tutorial

A course component in which students review and/or receive supplemental instruction relating to in-class learning, discussing and/or applying theories, methods, concepts, or data. Tutorials normally involve small groups of students and are normally between 60 and 90 minutes in length.

Withdrawal from Courses

A formal application through the Office of the Registrar to be removed from a course prior to the Withdrawal deadline (see [Academic Schedule](#)) with the exception of students in the School of Education who must obtain approval from their faculty to withdraw from a course. Students who withdraw from more than 30 credits attempted at Ambrose University will be required to withdraw from their program.

Time Limitation for Completion of Credits

1. Normally, there is no time limitation for the application of credit toward an Ambrose credential for any Course completed at Ambrose or at any recognized accredited post-secondary institution.
2. Time limitations (stale dating) may be imposed if the Course content is particularly time-sensitive. Any such time limitations must be approved by the Dean of the appropriate Faculty upon recommendation from the Chair.
3. All graduation requirements for a baccalaureate degree must be completed within eight (8) years of admission to the program. Exemptions may be granted.
4. All graduate requirements for a master's degree must be completed within ten (10) years of admission to the program. Exemptions may be granted.
5. There is no limit on the number of years for completion of a certificate or diploma.

Students unable to complete a credential within the stated time limits will be removed from the program and be required to apply for readmission.

RECORDING LECTURES

The recording of lectures or any other classroom academic activity, other than an audio recording as an accommodation, is prohibited except at the discretion of the instructor. Any use other than that agreed upon with the instructor constitutes academic misconduct and may result in suspension or expulsion. Permission to allow a lecture recording is not a transfer of any copyrights, so such recordings may be used only for individual or group study with other students enrolled in the same class and may not be reproduced, transferred, distributed or displayed in any public or commercial manner. Student must destroy recordings in any, and all formats at the end of the semester in which they are enrolled in the class. All students recording lectures, must sign the Permission Form to audio record lectures which is available through the Registrar's Office.

CLASS ASSIGNMENTS

1. All assignments due dates are listed in individual course syllabi.
2. Each professor will establish a policy for late work, for the duration of each course, in the course syllabus.
3. You are required to write assignments to give evidence of your familiarity with the course subject and of your thoughtful interaction with the sources. As you advance in your Seminary career, you are expected to demonstrate an increasing ability to critically appraise your reading and to show careful reasoning in arriving at judgments.
4. Good English composition and grammar, correct spelling and punctuation, and careful proofreading are required.
5. Unless otherwise stated by the course instructor, *A Manual for Writers of Term Papers, Theses, and Dissertations* (6th Edition) by Kate L. Turabian is the approved style manual for all papers.
6. Plagiarism or any form of cheating is viewed as academic dishonesty and will lead to disciplinary action such as failure of an assignment, failure of a course, or dismissal from the Seminary.

PROGRAM INFORMATION

Certificate Credentials

Credit Certificate: Generally, this credential will be a minimum of 5 courses (15 credits) in length. The program may include program requirements, core and elective courses.

Credit-free Certificate or Designation: Programs of this type must have a minimum of 50 instructional hours.

Diploma Programs

Graduate programs will have a minimum of 10 courses (minimum 30 credits).

Master Degree Programs

A master degree is a program of no less than 60 credits. The type of courses in each degree may vary because of accreditation requirements.

Change of Program

Students currently enrolled in an Ambrose Seminary program (e.g Certificate or Diploma), who wish to change their academic program, may do so by submitting a Change of Program Application (see ambrose.edu/registrar/request-forms) prior to the Add/Drop deadline (see [Academic Schedule](#)), meet any applicable program admission requirements and receive the approval of the Registrar. These changes may include moving from a sixty credit Masters to the Master of Divinity.

You should be aware of differences in core courses and program requirements before you transfer from one program to another. We advise you to consult the Finance Office concerning your student loans before submitting your Change of Program Application.

Please note that:

- Any completed courses that satisfy your new program's requirements will be applied to the new program.
- Not all courses previously completed will meet your new program's requirements, and therefore, be aware that transferring to a new program may extend the time needed to complete your degree, especially if you haven't completed the new program's core or prerequisite courses. If you have completed relevant course work at other institutions, you can request it to be re-evaluated for transfer credit in light of the new program requirements.

Students who have graduated, should follow the Application for Admission process.

Earning a Second Degree

You can earn up to a maximum of two master's degrees at Ambrose Seminary. To earn a second degree, you must apply to the Office of the Registrar and meet the following conditions:

- The admission requirements of the second degree
- The completion of requirements of both degrees
- The second degree must have a different specialization from the first degree
- No more than one-half of the credits required for the subsequent degree can be applied from a degree previously granted (i.e., a maximum of forty-five credits from the Master of Christian Studies are transferrable to the Master of Divinity)
- Both degrees must meet the criteria established by the Association of Theological Schools to retain the integrity of each degree offered

REGISTRATION

Registration is the process of selecting and enrolling in classes for upcoming semesters. You must pay a non-refundable deposit before registration (see [General Information and Policies](#)). This deposit will be applied toward tuition fees for the current academic year. The deposit must be paid in the first semester in which you are registered. You become registered in a class only after the non-refundable deposit is received and your registration is submitted through the Student Portal. Only students who are registered will be permitted to attend class and receive a grade for the course.

All registration for courses must be submitted through the Student Portal. If the class is full, you will be notified through the Student Portal that you are on the waitlist for that class. If a spot becomes available in the class, you will be notified through the Student Portal and you will have the option of accepting the registration at that time.

Course Selection

You are responsible for ensuring that the courses you take are appropriate for your program, that they do not have any scheduling conflicts, that they have the necessary prerequisites and that they meet all degree requirements. Information about course prerequisites may be found in the Course Descriptions. Not all courses are offered every year, so select your courses carefully. Check the course description to see how often a course is offered.

You will be assigned a faculty academic advisor who will assist you in understanding academic requirements and course selection. You are strongly encouraged to meet with your advisor early and often in your academic career. Additional assistance may be obtained from the Office of the Registrar.

Directed Study

See [Definitions](#). To undertake a Directed Study, you must submit a completed application form to the Office of the Registrar by 4 pm on the Wednesday of the second week of classes in which the Directed Study will be attempted. The Directed Study course will not be officially registered until all necessary approvals, signatures and a course syllabus have been obtained.

Independent Study

See [Definitions](#). Independent Study application forms are available from the Office of the Registrar. The Independent Study course will not be registered until all necessary approvals have been obtained. Directed Studies and Independent Studies are only open to Ambrose students who are enrolled in a degree program.

Auditing a Class

See [Definitions](#). You may audit individual classes with the approval of the Office of the Registrar, in consultation with the course instructor. You must attend class but will not be required to complete assignments. No credit is granted for such courses. Your assignments and exams will not be graded, although reading may be required. If you do not attend an audited class regularly, an audit-fail (AUF) final grade will be assigned. Audit courses will be noted as such on your transcript. If you take 15 or more credit hours in any semester you may audit one class free of charge in that semester, subject to the approval noted above. To audit a class, submit a Request to Audit form to the Office of the Registrar.

Full-time/Part-time Classification

Graduate students registered in thesis-based master's programs will be considered full-time.

Graduate students in course-based credentials (i.e., certificates, diplomas or master's degrees) will be considered full-time if they enrol in 9 credits or more per term during each of the Fall and Winter semesters and 6 credits or more per term during each of the Spring semester.

Graduate students enrolled in course-based credentials (i.e., certificates, diplomas or master's degrees) are considered part-time when they register in fewer than 9 credits per term in the Fall and Winter semesters or fewer than 6 credits per semester in the Spring semester.

Course Overloads

The Registrar may grant approval of loads in excess of 15 credit hours per semester to students who have demonstrated superior ability. Your cumulative GPA will be a factor in determining permission to exceed this limit. To request approval for an overload, submit a Request for Course Overload form to the Office of the Registrar.

Registration Period

Once you are admitted to an Ambrose program and after the official Course Offerings schedule is published for the semester you may register for courses through the Student Portal. If you want to register for a course without being admitted to a program, submit a Registration for Individual Courses form to the Office of the Registrar.

Once you are admitted to Ambrose, you'll be sent a username and password for the Student Portal, enabling you to log in and submit your registration through the portal. If you do not receive your login information, contact the Ambrose IT Helpdesk to arrange for a username and password. Prior to the Registration Revision deadline, we cannot accept revisions by phone or email.

Changes to the course schedule, including cancellation of classes, may be made without prior notice. If a change is made, your timetable will be amended accordingly and you will be notified by email.

Class Attendance

You are expected to attend all classes in which you are registered. An instructor may determine and include in the syllabus an attendance policy appropriate to the particular course.

Participation in Community Life

Although attendance is not taken outside of class, participation in other Seminary gatherings is strongly encouraged. These gatherings are an important part of your learning and of building our community. Through out-of-class Seminary activities, you'll build group identity, engage in theological and spiritual reflection, and face spiritual challenges in community.

Repeating a Course

Students may repeat a course only once. The course for each attempt is noted on the student transcript. Only the higher grade awarded is used to determine the cumulative and semester GPA, eligibility to graduate and academic standing. The original attempt will appear with the final grade 'FR' (failed, repeated) or 'R' (passed, repeated), as appropriate.

Special permission by the Office of the Registrar for a third attempt may be considered. Should permission for a third attempt of the same course be granted the earned grade on the second and third attempts will show on the transcript and be used in the calculation of the grade point average (GPA).

Withdrawal from Courses

A formal application through the Office of the Registrar to be removed from a course prior to the Withdrawal deadline (see [Academic Schedule](#)) with the exception of students in the School of Education who must obtain approval from their faculty to withdraw from a course.

Prior to the Add/Drop deadline: through the student registration system whereby course(s) will be removed with no academic or financial penalty.

After the Add/Drop deadline and until the Withdrawal deadline: through submission of the 'Withdrawal from Course' form whereby course(s) will remain on the permanent academic record/transcript with the symbol 'W'.

Students who withdraw from more than 30 credits attempted at Ambrose University will be required to withdraw from their program. Students considering withdrawing from courses are encouraged to discuss with their Faculty Advisor and/or the Office of the Registrar questions relating to their withdrawal decision specifically relating to financial assistance, study permit requirements, prerequisites for subsequent courses, readmission, and/or graduation timeline.

Students who do not formally withdraw from a course are still considered registered in the course, even if they are no longer attending classes. In this case, students will be assigned a grade based on coursework completed as per the course syllabus and are responsible to pay the tuition and fees assessed for the course. Under extenuating circumstances, students may request from the Office of the Registrar a course(s) withdrawal after the Withdrawal deadline and until the last day of classes.

Extenuating circumstances typically consider situations such as medical emergencies, compassionate grounds, or unforeseen conditions/situations beyond the students' control that arise after the start of the semester and are considered on a case-by-case basis. Supporting documentation from a physician or Registered Health Professional must accompany this request.

Withdrawal from Ambrose

To withdraw from Ambrose Seminary, you should ensure you are not registered in classes and notify the Office of the Registrar. The Finance Office is able to make monetary adjustments to your account only if you are eligible for a refund and only after receiving notification. See Financial Information for further details.

Failure to Withdraw

You are liable for tuition and fees for all courses in which you are registered. If you register and decide not to attend, but do not cancel your registration before the Add/Drop deadline, you will be charged tuition and compulsory fees according to the Ambrose Seminary fee assessment schedule listed under Financial Information. If you intend to withdraw from a course, but fail to do so by the applicable date, you will receive the grade you earn in the course, in accordance with the course syllabus.

CATEGORIES OF EXPERIENTIAL LEARNING EXPERIENCES

Work-Integrated Learning (WIL)

Built by Ambrose, these kinds of activities introduce students to the world of work as part of their post-secondary program. This is a model and process of curricular experiential learning which formally and intentionally integrates a student's academic studies within a workplace or practice setting. WIL experiences include an engaged partnership of at least: an academic institution, a host organization and a student. WIL can occur at the course or program level and includes the development of learning outcomes related to employability, personal agency and life-long learning. WIL activities include internships, coaching, mandatory professional practice, field experience, field placements, service learning, and community and industry research projects (CIRPS). (This definition is consistent with Alberta Advanced Education's definition published 9 November 2020.)

Internship

Supervised, structured work experience, typically lasting a semester or more, at or near the end of a study program.

This is a term for a full-time extended learning experience in a ministry location, usually several months in duration, supervised by a practitioner whom the institution has approved and for whom the institution has provided orientation. In the intercultural studies programs, the internship is cross-cultural, and this is sometimes an international experience. This WIL experience is guided by procedures in the Field Education Handbook.

Coaching

Ministry Coaching is an alternative to Internship for students who are already in ministry roles, to encourage further development of skills. Guided by procedures in the Field Education Handbook, Ministry Coaching involves project work, reflection on practice, and interaction with both the ministry coach in the field and faculty member on campus. Either Internship or Coaching is considered integral to professional ministerial formation in the Seminary.

Mandatory Professional Practice

Supervised work arrangement required for a professional license or designation. These experiences are under the supervision of an experienced registered or licensed professional.

This refers to Clinical Psycho-spiritual Education (CPE) courses connected to chaplaincy.

Field Placement

Work-related experiences that prepare students for professional or occupational fields, but are not required for a professional license. Field placement courses give students opportunities to apply their growing knowledge and skills in diverse workplace settings, under the guidance of a faculty member and the supervision of a workplace mentor.

Community Service Learning

Activities designed by Ambrose to achieve specific community goals. Combines classroom instruction and critical reflection to enrich the learning experience and strengthen communities. Students work in partnership with a community-based organization to address a challenge identified by the community.

Community and Industry Research Project

Activities within courses in which students apply their growing knowledge and skills to solve real-world problems, serving partners in business, industry, the non-profit sector, or the community.

Research-Based Learning

Students whose career plans involve professional research work with a faculty member on a research project (independent research or student-faculty collaborative research) within a mentorship model that includes structured learning outcomes (Master of Theology Studies thesis). When an external partner is involved, these experiences may include a WIL component.

Indigenous and Land-Based Learning

Learning experiences undertaken in collaboration with Indigenous partners. When an external partner is involved, these experiences may include a WIL component.

Culminating Senior Experience

Capstone course, senior project or thesis, comprehensive exam, Personal Growth Portfolio, etc. When an external partner is involved, these experiences may include a WIL component.

Travel Study/International Travel Program/Study Abroad

Several programs offer opportunities to travel as part of the experience of education at Ambrose. This experiential learning experience is guided by course syllabi. When an external partner is involved, these experiences may include a WIL component.

RECOGNITION OF PRIOR LEARNING

Formal Prior Learning is assessed through the process of Transfer Credit for individual courses, institutional agreements that recognize transfers of a block of courses, and Letters of Permission.

At the present time, Ambrose University does not have the capacity to recognize Informal Prior Learning.

The application for recognition of prior learning is made to the Office of the Registrar, who will bring a recommendation to the appropriate Academic Affairs committee. There is a fee for this assessment (see **Error! Reference source not found.**).

Transfer Credit

New students are evaluated for transfer credit for previous graduate-level studies at recognized accredited institutions. The Office of the Registrar, in consultation with the relevant faculty as needed, will evaluate the application for transfer credit and official transcripts upon a student's admission to a program. The student is responsible to provide Ambrose with an official English translation of a transcript and course syllabus.

To be considered for transfer, a course must be equivalent or near to the equivalent of a degree requirement, or fit within the maximum number of elective credits allowed in a degree. The earned grade in the transferring course must meet the minimum grade requirements of the degree. While there is no limitation to the age of courses accepted for transfer credit, older course content may be assessed to be out of date, rendering certain courses inadmissible for transfer credit.

Courses used as credit for a previous graduate program cannot be transferred into an Ambrose program, however, may be considered for Advanced Standing with Credit.

Letters of Permission

A current degree-seeking student may apply for a Letter of Permission, which permits them to take a course at other accredited institutions for transfer into an Ambrose degree program. Such permission is subject to approval by the Office of the Registrar. To be eligible for a Letter of Permission, a student must have earned at least 15 credits at Ambrose, with a minimum cumulative GPA of 2.7. Students under Academic Probation are not eligible for Letters of Permission.

In any given semester, a student may not enroll in more credits as a visiting student in other institutions than they do at Ambrose University without special permission.

Conditions of Transfer Credit and Letters of Permission

Credit is given for formal prior learning at accredited institutions through transfer credit or letters of permission subject to the following limitations:

- A student must meet Ambrose's residency requirements to graduate from Ambrose: complete a minimum of 30 credits for all 60 credit Master's degree programs and 45 credits for Master of Divinity programs at Ambrose Seminary;
- All transfer credit evaluations are program specific. A change of degree program may therefore result in changes to transfer credits awarded;
- Earned a grade of no less than 'B' (according to the Ambrose grade scale) in the course being transferred;
- Experiential learning courses such as practicums, internship, and field placements may be considered as specialized or open electives only, but not as practicum, internship or coaching credit;
- Transfer credits will not be awarded towards any Seminary certificate or diploma program;
- Letters of Permission will not be granted during the final Winter semester of study;
- Grades from transfer credits are not noted on transcripts and are not considered when calculating the student's GPA or cumulative GPA.

Recognition of Prior Learning: Advanced Standing without Credit

Advanced Standing provides for the recognition of prior course work that overlaps significantly with the content of required courses in a degree program. Assessments are completed by the Office of the Registrar in consultation with relevant faculty as needed. Credit is not granted for previous course work, but a higher level course may be used as a substitution for the required course. Substitutions are done with the approval of the Registrar. When awarding Advanced Standing without Credit, consideration is given to the previous course's content and level of study, the grade achieved, and the date of study. If enrolment in an Ambrose program is not continuous, the Advanced Standing status will be re-evaluated upon re-admission to the program.

Recognition of Prior Learning: Advanced Standing with Credit

Advanced Standing with Credit may be considered if the student can demonstrate completion of equivalent work in a non-formal educational setting, or in the case of graduate programs, from undergraduate programs. Such considerations will typically be made on a course-to-course basis. Recognition for unaccredited programs or non-credit courses may be sought with documentation of the courses. The conditions of recognition are evaluated in consideration of the course description and learning outcomes of the syllabus of the most recent offering of the equivalent Ambrose course. When awarding Advanced Standing with Credit, consideration is given to the previous course's content and level of study, the grade achieved, and the date of study. If enrolment in an Ambrose program is not continuous, the Advanced Standing status will be re-evaluated upon re-admission to the program.

Ambrose Bachelor of Arts Christian Studies and Master of Divinity

Students who complete the 90-credit (concentration) or 120-credit (major) Bachelor of Arts Christian Studies at Ambrose University will receive 30 credits of Advanced Standing with Credit in the Master of Divinity at Ambrose Seminary.

Arrow Leadership Program

Students who complete the graduate level of the Arrow Leadership Program, will be assessed and may receive up to 12 credits as electives in ED, MI, PT and/or Open Electives.

Master of Theological Studies in Chile

Ambrose Seminary is offering the Master of Theological Studies (MTS) at The Seminario Teológico Alianza (STA), located in Temuco. STA supports the educational goals of The Christian and Missionary Alliance (C&MA) Church in Chile, in which there are a cohort of students who are currently seeking an academic research degree from an accredited Seminary affiliated with The C&MA. Ambrose Seminary does not intend to establish a satellite campus or have an on-going presence in Chile. Ambrose Seminary offers its MTS curriculum through STA in the native language of Spanish to support one cohort of students seeking an MTS degree. Tutoring and library services are available in Spanish through STA (with additional access to the digital resources available through Ambrose's Library).

Nazarene Modular Course of Study

Students who complete the entire Nazarene Modular Course of Study [MCoS] program will receive 24 credits of Seminary Advanced Standing with Credit in the Master of Divinity, Master of Leadership and Ministry, Master of Intercultural Ministries, and Master of Christian Studies.

Recognition of Prior Learning: Life and Work Experience

At present, Ambrose University does not have the capacity to recognize experiential learning acquired through life and work experience. The mature student admission policy for Ambrose Seminary facilitates the demonstration of academic skills equivalent to an undergraduate degree. Although similar in function to such a policy, it is not an informal prior learning recognition process.

ACADEMIC RECORDS

Student academic history records, known as transcripts, are maintained by the Office of the Registrar and are considered confidential. The transcript is a permanent record of the student's complete academic history at Ambrose including courses, grades, program of enrolment and/or conferred, academic standing and probation will appear and remain permanently on your transcript. Partial transcripts will not be issued.

You are responsible for ensuring the accuracy and completeness of your transcript. Queries regarding errors or omissions must be made as soon as possible.

Official Transcripts

Official academic transcripts bear the signature of the Registrar and the University seal, and are printed on security paper. They are issued by the Office of the Registrar. Official academic transcripts include the terms in which registration took place and the associated grades or grade symbols that were assigned. The academic transcript also includes the student's current or most recent program degree(s), major(s), minor(s), concentration(s), and specialization(s), as appropriate.

Official copies of your transcript will be provided upon written request from you, but only when all of your fees and outstanding amounts have been paid in full. Official transcripts may be issued to you personally or to an institution you designate in writing.

Transcripts cannot be issued on the basis of a telephone or email request.

Official transcript requests are usually processed within 5 business days but may be up to 10 business days during peak academic seasons from the time of the request, provided the student's account has been paid in full and payment received. Incomplete forms may result in a delay in processing. Requests are processed in the order in which they are received.

Unofficial Transcripts

Unofficial transcripts are similar in content to official transcripts; however, they are not printed on security paper and do not bear the Registrar's signature or the University seal. Current students may access and print unofficial transcript through their Student Portal.

Note: As part of the admissions transfer credit process we may collect transcripts from other institutions and keep them on your student file, but legally we cannot release transcripts from another institution.

Withholding of Documents

Official and unofficial academic transcripts will not be issued if the student has any outstanding financial obligations to the University.

Retention of Student Records

Academic Records, including all information appearing on a Transcript, are retained indefinitely. Notations of student discipline are retained according to the terms of the penalty imposed. Materials supporting applications for admission, correspondence and transcripts from other institutions and similar material may be destroyed five years after a student's last registration. Other material may be destroyed sooner.

COURSEWORK EXTENSIONS

Should a request for a time extension on coursework exceed the end of the term, a Coursework Extension Application must be completed and submitted to the Office of the Registrar. The extension (if granted) will be recorded on the student record. Extensions are granted at the discretion of the instructor and are normally granted for 30 days beyond the last day of the term.

Normally, Time Extension Applications will be considered only when all of the following conditions are met:

- the quality of prior course work has been satisfactory;
- circumstances beyond your control, such as an extended illness or death of a family member, make it impossible for you to complete the course work on time; and
- you submit a Coursework Extension Form to the Office of the Registrar on or before the deadline specified in the Academic Schedule.

If granted, time extensions do not excuse you from a final examination where one has been scheduled for the course.

A temporary grade of TX will be assigned until a final grade is submitted in accordance with the new deadline. A final grade of F will apply to:

- all course work submitted after the end of the semester unless a time extension has been granted; and
- all course work submitted after the revised due date provided by an approved extension to coursework

ACADEMIC ACCOMMODATIONS

Ambrose recognizes its legal duty to provide reasonable academic accommodation to the point of undue hardship. This duty arises from human rights legislation, and failure to provide reasonable academic accommodation to a student with a documented disability may amount to discrimination under the [Alberta Human Rights Act, RSA 2000, C A-25.5](#). Students with a disability who wish to have an academic accommodation should contact Accessibility Services in the Student Academic Success office without delay.

See Accommodations and Accessibility Policy.

FINAL EXAMINATIONS

Assessments and Examinations

Scheduling

All final examinations (except modular and spring semester courses) must be scheduled by the Office of the Registrar except in the case of take-home examinations, oral examinations, or term projects. Modular or alternative courses offering final examinations are scheduled by the instructor.

Take-home examinations must start on or after the first day of final exams and not extend beyond the last day of final exams. Instructors must provide a 72-hour time for completion.

All other in-person assessments must be scheduled within regular class time. In-person assessments may not be held on non-instructional days (e.g. fall or winter breaks) or after the last day of classes, as indicated in the academic schedule, except in those special cases where prior approval has been obtained from the Dean of the faculty member offering the course.

Limitations

In the final 14 calendar days of class, instructors should not carry out examinations (or assessments that could reasonably be interpreted as a replacement) that total more than 15% of the final grade, except in the case of laboratory or oral testing, presentations, or summative projects/papers.

Scheduling of Final Examinations

The dates for Final Examinations are noted in the Academic Schedule. Students and instructors must be available for examinations up to the last day of the examination period. You are advised not to make travel plans outside of Calgary before the end of the Final Examination Period. The Examinations Timetable for Fall and Winter semesters will be published in a timely manner. Final examinations must be taken at the time specified in the official Examinations Timetable.

Re-scheduling Examinations

If you need to write a final examination at a time other than the scheduled final examination, and you meet the criteria below, you must file a Revised Exam Request form no later than one month prior to Final Examination week. This date is noted in the Academic Schedule.

A request to defer your exam will normally only be considered in one of the following circumstances:

- The scheduled final examination slot conflicts with another examination; or
- The scheduled final examination slot results in three consecutive examination periods.

Travel plans will not be considered an appropriate reason to request a revised final examination.

If you miss a final examination due to unforeseen circumstances, you must apply for a deferred final examination within 48 hours of the missed examination. If you are prevented from writing a final examination by illness or other extreme circumstances, you must apply to the Registrar for an alternate examination timeslot. Individual examinations are scheduled by the Registrar. All requests for deferral of a final examination due to health reasons must be accompanied by a letter from a physician.

Late applications for a re-scheduled examination due to examination time slot conflicts will not be accepted. If you have two examinations in one time, you will be provided with an alternate date and time at the end of the final examination period.

Final Examination Papers

After grading, all final examination papers will be retained by the Academic Office for a period of twelve months after the release of official grades. During this time, you may request to see your final examination for educational purposes. You will not, however, be permitted to remove or copy your examination papers. After twelve months, all final examination papers, as well as any unclaimed assignments, will be destroyed.

FINAL GRADES AND GRADE POINT AVERAGES

Grade Reports

Upon completion of each semester, you may view grades for courses in which you were officially registered through your Student Portal. You are responsible to ensure the accuracy of this information.

Grade Point Averages

Satisfactory progress toward completion of a degree program is judged on the basis of cumulative grade point average. The grade point average (GPA) is calculated on a semester basis by adding the quality points earned in each course and dividing by the number of credit hours in which you are enrolled. Pass/fail credit hours are not used in calculating GPA or cumulative GPA. Similarly, grades from transfer credits are not considered when calculating your GPA or cumulative GPA. The cumulative GPA (CGPA) is the average calculated by adding the total quality points you have earned in all courses and dividing the total by the sum of all attempted credit hours in which you have been enrolled at Ambrose University.

Letter Grade and Grade Point Average

The grading system used at Ambrose University is the Alberta Common Grading Scale, also known as the Alpha 4.00 Grading Scale. Grades have the following meanings:

Grade	Interpretation	Grade Points
A+	Mastery: Comprehensive understanding of subject matter	4.00
A		4.00
A-		3.70
B+	Proficient: Well-developed understanding of subject matter	3.30
B		3.00
B-		2.70
C+	Basic: Developing understanding of subject matter	2.30
C		2.00
C-		1.70
D+	Minimal Pass: Limited understanding of subject matter	1.30
D		1.00
F	Failure: Failure to meet course requirements	0.00
AE	Aegrotat	No grade points
AU	Audit	No grade points
AUF	Audit Fail	No grade points
FR	Failed Repeat	No grade points
P	Pass	No grade points
R	Repeat	No grade points
TX	Time Extension	No grade points
W	Withdrawal	No grade points

Because of the nature of the Alpha 4.00 system, there can be no uniform university-wide conversion scale. The relationship between raw scores (e.g. percentages) and the resultant letter grade will depend on the nature of the course and the instructor's assessment of the level of each class, compared to similar classes taught previously.

Aegrotat Grade

The Academic Affairs Committee may authorize a final grade of 'Aegrotat' when course requirements are not met due to prolonged illness or other circumstances beyond a student's control. Students are permitted to continue in their program with an AE grade.

Students on Academic Warning will be contacted by the Student Academic Success office to engage in learning supports.

Academic Warning is not noted on a student's official transcript.

Students on Academic Probation are required to meet with the Student Academic Success team to develop a learning plan. Seminary students will also be required to meet with the Dean.

Academic Probation is permanently noted on a student's official transcript. Students are required to achieve a minimum 2.0 semester GPA in the next or they will be eligible for academic suspension.

Academic Suspension

Students are reviewed for Academic Suspension when:

- they have been on Academic Probation and
- their cumulative GPA is less than 2.0, and
- they did not demonstrate a semester GPA of 2.0 while on Academic Probation;

or

There is an appeal process for Academic Suspension (Refer to Academic Appeals).

Credential-seeking students with a minimum 3.5 semester GPA on a minimum of twelve graded credits in a semester at Ambrose will be placed on the Dean's List for that semester.

Students assessed by the Accessibility office to be equivalent to full-time studies will be considered for the Dean's List.

Placement on the Dean's List is permanently noted on the student's official transcript.

ACADEMIC MISCONDUCT AND MISCONDUCT IN THE LEARNING ENVIRONMENT

Academic misconduct is taken seriously at Ambrose University as it undermines our academic standards and affects the integrity of each member of our learning community.

1. The University expects Students to conduct Academic Activities with integrity and intellectual honesty and to recognize the importance of pursuing and transmitting knowledge ethically.
2. Students who participate in, or encourage the commission of, Academic Misconduct will be subject to disciplinary action in accordance with this policy.
3. Students are expected to cooperate in investigations of allegations of Academic Misconduct. Obstructing an investigation may result in penalties under the Student Non-Academic Misconduct Policy.
4. The Registrar maintains exam regulations for all examinations administered by the Registrar's Office. Exam invigilators or proctors are proxies for the course instructor. A Student's failure to comply with these regulations will be investigated as an appeal of a Final Grade.
5. Instructors will clearly communicate their expectations regarding conduct required of Students completing academic assessments in their courses. A Student's failure to comply with those expectations will be investigated as potential Academic Misconduct.
6. In the Learning Environment (e.g., classroom setting), Students are responsible to conduct themselves in a manner that enhances, respects, and does not disrupt or bring harm or disrepute to Ambrose or Members of the University Community.
7. Standards of behaviour in the learning environment are understood to apply to all environments where learning activities occur (e.g., laboratories, classrooms, field trips, practicum settings). Learning is an active and interactive process, a joint venture between Student and instructor and between Student and Student. Some topics covered within a class may lead to strong reactions and opinions. It is important that Students understand that they are entitled to hold contradictory beliefs and that they should be encouraged to engage with these topics in a critical manner. Committing to this type of "active learning" significantly increases the learning experience for both teacher and Student, and reflects the Christian imperative to pursue truth, which lies at the heart of the Ambrose educational experience. However, active discussion of controversial topics will be undertaken with respect and empathy, which are the foundations of civil discourse in the learning environment.

Students who have been found responsible for committing Academic Misconduct or Misconduct in the Learning Environment may appeal the decision, and in some cases the sanctions, in accordance with the Academic Appeals Policy. However, sanctions requiring attendance at educational seminars and sanctions that are simply written warnings may only be appealed if the Student is also appealing the decision that they committed Academic Misconduct or Misconduct in the Learning Environment.

If an appeal is unsuccessful the original date of Suspension or Expulsion may take effect. If the Academic Appeals Committee decides that the original date is the appropriate one for a Suspension or Expulsion to take effect, the Student will not receive credit for Academic Activities completed pending the appeal decision.

Definitions

Academic Activities means critical inquiry, research and learning in the pursuit of official recognition at the University. Examples include:

- course or program requirements;
- examinations, tests, or quizzes; and interactive online tutorials, or other computer-assisted instruction.

This may include the assignment of grades, credit or fail designations, assessments of professional behavior in accordance with a course syllabus or outline, requirements to withdraw, and any other matter where the measurement of achievement, or academic progress, is not directly connected to an instance of Academic Misconduct.

Academic Misconduct refers to all instances of academic dishonesty. It includes any behaviour that undermines the University's ability to evaluate fairly students' academic achievements, or any behaviour that a student knew, or reasonably ought to have known, could gain them or others unearned academic advantage or benefit. Whether or not a student intended to commit academic misconduct is not relevant for a finding of academic misconduct. (Examples: plagiarism, cheating, accessing unauthorized assistance, buying or otherwise obtaining term papers or assignments, contributing to academic misconduct, falsifying, fabricating, misrepresenting, or forging an academic record or document, damaging, tampering or interfering with the scholarly environment, misrepresentation of personal identity or performance, unauthorized use of intellectual property, violations of specific course requirements, failure to comply with exam regulations applied by the Registrar.)

Cheating

Cheating is a serious form of academic dishonesty. It means trying to give or gain an improper advantage in Academic Activities. Some examples of Cheating include:

- copying from another Student's work;
- conversing with another Student (or other Students) during an examination;
- having, using, or attempting to use unauthorized materials or devices for assistance in completing Academic Activities;

- sitting for an examination by surrogate or acting as a surrogate; and
- tampering or attempting to tamper with examinations, grades or class records.

- bully and/or harass Members of the University Community;
- neglect or recklessly endanger the well-being of individuals, whether Members of the University Community or not, that are a part of, or affected by, the classroom setting;
- damage or otherwise interfere with the physical learning environment; or violate the ethical standards of one's intended profession (e.g., clinical settings, practice, directed field studies, internship, etc.).

Plagiarism occurs when a Student presents the ideas, expression of ideas or work of another individual as the Student's own. Plagiarism is a serious academic offence and is considered fraud or theft. Some examples of Plagiarism include:

- using all or a portion of someone else's work in an assignment or for other Academic Activities, without appropriate acknowledgement, which includes using someone else's words without quotations marks around those words, inappropriate paraphrasing, or referencing someone else's idea without appropriate attribution;
- purchasing, or otherwise acquiring work and submitting it as the Student's own original work;

- submitting the Student's prior work for evaluation in another course, or in a subsequent attempt of the same course, without the express approval of the Instructor teaching the second course, or subsequent attempt;
- using text written by a generation system as one's own (e.g., entering a prompt into an artificial intelligence tool and using the output in your work); and conducting any act that defrauds the academic process.

Procedural Fairness means the opportunity to be heard by an unbiased decision maker and to be made aware of the evidence considered by the decision maker. Procedural Fairness is about the procedures used to make a decision, not the actual outcome of the decision.

Required Withdrawal refers to a student in the School of Education that is not permitted to participate in academic activities due to academic achievement decision or academic misconduct.

Rescission of credit or credential results from fraudulent documentation or academic misconduct. The Dean (or designate) of the appropriate Faculty may make the recommendation for rescission to the Vice President Academic. The original conferring of a degree, diploma or certificate may be permanently deleted from the student's academic record. A notation of "<Degree/Diploma/Certificate> Rescinded" and the date of rescission will appear permanently on the student transcript.

Student means an individual registered in a University course or program of study, or an individual who is no longer registered at the University and is alleged to have committed Academic Misconduct while they were registered in a course or program of study at the University. A Student who has been suspended, expelled or banned is referred to as a "Respondent".

Student Record means information about a Student's University activities maintained by the Registrar.

Transcript means the official summary of a Student's permanent academic record at the University.

Unauthorized Assistance means cooperating, collaborating, or otherwise giving or receiving assistance in completing Academic Activities without the Instructor's permission.

Please consult the Academic Misconduct and Misconduct in the Learning Environment policy for more information.

ACADEMIC APPEALS

A Student may appeal a decision made in response to final grades, academic misconduct, misconduct in the learning environment, academic probation or suspension on one or more of the following grounds:

- there is evidence available that was not considered in the decision and that may have otherwise affected the decision being appealed; or
- the decision being appealed was made in a procedurally unfair way; or
- the appropriate process, as outlined in the Academic Calendars, was not followed; or
- the decision contained an error in the application of the relevant Academic Regulations.

In general, Final Grade decisions and decisions regarding Academic Misconduct, or Misconduct in the Learning Environment, or Academic Progression Matters should be made as close as possible to the level at which the academic competence resides.

Dissatisfaction with a decision or with a University, Faculty or School policy, procedure, regulation, or standard is not a Ground of Appeal.

In general, events or academic performance that occur after the date of the decision being appealed are not considered to be relevant new information.

A Student must exhaust all decision making and appeal processes at each level before submitting an appeal to the Academic Appeals Committee.

Appeal of Final Grade

There are two levels to a final grade appeal. The first level is adjudicated on the academic merit of a students' work. The second level of the appeal process is based solely on the process by which the academic appeal decision was reached.

Before commencing an appeal for change of final grade, the Student should contact the course instructor within 5 business days of receiving notification of the final grade. If the instructor agrees to change the final grade, the instructor must submit a Change of Grade form to the Office of the Registrar.

Appeal of Academic Misconduct Matters

There are two levels to an academic misconduct appeal.

The matter of academic misconduct is initiated by an Instructor and will be reported to the Dean of the program regardless of whether an appeal is made. A written record of the violation will be kept in the student's permanent file.

Appeal of Misconduct in the Learning Environment

There are two levels of appeal to decisions about misconduct in the learning environment.

Management of behavior in the learning environment primarily rests with the Instructor. The Instructor may direct a Student to leave the class if the Student engages in any behavior that disrupts the learning environment.

All misconduct in a learning environment will be reported to the Dean. The Dean will investigate the situation and has the authority to take any action they determine is appropriate to in response to the misconduct and will determine sanctions.

Appeal of Academic Progression

There is one level of appeal for matters related to Academic Progression.

Decisions made by an Academic Affairs committee related to progression in a program, specifically academic probation and suspension, may be appealed.

Please consult the Academic Appeals policy for more information.

GRADUATION

On the recommendation of the faculty, degrees and diplomas are conferred by the President of the Seminary at a spring Convocation of the faculty, alumni, graduands and their guests.

The responsibility of the granting of degrees, diplomas and certificates rests with the Faculty.

Time Limitation for Completion of Credentials

Normally, there is no time limitation for the application of credit toward an Ambrose credential for any Course completed at Ambrose or at any recognized accredited post-secondary institution.

Time limitations (stale dating) may be imposed if the Course content is particularly time-sensitive. Any such time limitations must be approved by the Dean of the appropriate Faculty upon recommendation from the Chair.

All graduate requirements for a master degree must be completed within ten (10) years of admission to the program. Exemptions may be granted

There is no limit on the number of years for completion of a certificate or diploma.

Students unable to complete a credential within the stated time limits will be removed from the program and be required to apply for readmission.

Graduation Application

All students expecting to receive a credential are required to submit an 'Application to Graduate' on the student portal, whether you are planning to attend the convocation ceremony or not.

Ambrose confers credentials three times in the academic year: August 10, January 30, and April 30, with one convocation ceremony in the Spring.

Deadlines for application and graduation fees are noted in the Academic Schedule.

If you plan to apply courses taken at another institution toward your degree, and you have not yet been granted transfer credit for those courses, you must list them on your Graduation Application form. To receive transfer credit, you must provide official transcripts showing suitable final grades (as defined in the Transfer Credit section of this Academic Calendar) to the Office of the Registrar no later than one month prior to convocation. You are responsible for having official transcripts from other institutions sent directly to the Office of the Registrar.

Degree Parchment

The wording on parchments is standardized and approved by GFC and includes the credential, major, conferral date, and where applicable the honours standing and valedictorian notation. An Ambrose University parchment is an official legal document and only the student's official full legal name (first, middle, last) will be printed on the parchment. Concentrations, streams, career domains and minors will not be indicated on your parchment, but will be noted on your official transcript.

Posthumous Credentials

A posthumous degree, certificate, or diploma allows the university to recognize the efforts of an Ambrose Student who dies before being granted their degree.

General Faculties Council has the authority to award posthumous degrees that have been recommended by a Faculty or School Council. Each case will be determined on its own merits. Posthumous credentials will be noted on the transcript and parchment.

Graduation Requirements

You alone are responsible for meeting all applicable requirements for graduation. To be considered eligible for graduation, you must meet all of the following requirements:

- Your degree program requirements, as outlined in the Academic Calendar in effect at the date of registration in the program (or readmission to the program), must be completed satisfactorily. Academic credit may be earned at Ambrose University and may include transfer credit consistent with Ambrose University policy
- Your minimum cumulative GPA must be 2.7 for all programs except the Master of Theological Studies which requires a minimum CGPA of 3.0.
- You must have completed a minimum number of credits at Ambrose Seminary – 30 credits for all 60 credit Master's degree programs and 45 credits for the Master of Divinity degree programs.

Deferring Ceremony Attendance

Students who are unable to attend the ceremony held immediately following completion of their degree requirements may provide a written request to the Registrar's Office requesting the ability to attend the following Convocation Ceremony. The student's parchment will be issued for the original Convocation and the names will appear in the program at the original Convocation. Their names will not appear in the program for the Convocation Ceremony they attend.

Academic Regalia

Students participating in the Convocation Ceremony are required to wear academic regalia. All graduates will wear the academic dress (gown, mortarboard, and hood) in accordance with the North American Intercollegiate Code for the degree they are receiving at the Convocation Ceremony.

Students receiving a certificate and/or diploma do not wear a hood. Students graduating with a double degree wear a hood for each degree.

Gowns: Masters' gowns follow the black gown specified by North American Intercollegiate Code.

Hoods: Students graduating with a Masters' degree wear red, the hood colour for the discipline of Theology.

Headwear: Masters' headwear is the black mortarboard or trencher-type.

North American Indigenous Students

In the spirit of reconciliation, Ambrose welcomes all North American Indigenous graduating students to celebrate their heritage through wearing ceremonial dress at their Convocation ceremony along with the Academic gown. All graduands who participate in Convocation must wear an academic hood as it represents the specific degree earned and the Faculty or School awarding the degree. Graduands choosing to wear cultural dress should advise the Office of the Registrar two weeks prior to the Convocation ceremony.

Graduating In Absentia

If you plan to miss the graduation ceremony, you still need to complete the Graduation Application form by the prescribed deadline and pay the Graduation Application fee in order to graduate. Your degree parchments will be mailed to you.

Parchment Replacement

In extraordinary circumstances, a replacement parchment may be issued upon request to the Office of the Registrar. The replacement parchment will be marked "duplicate" with the date it was reprinted. Replacement degrees will usually not have original signatures.

AMBROSE SEMINARY PROGRAMS OF STUDY

Mission Statement

Ambrose Seminary prepares Christians to serve and lead the church in its mission in the world. With this statement, Ambrose Seminary affirms that:

The mission of the church, which is the mission of God, is to bear witness everywhere and in every aspect of life to the new creation of all things in Jesus Christ, through the Holy Spirit. That mission extends from the local church into homes, workplaces and public spaces throughout the world;

Ambrose Seminary prepares Christians for ministry in the evangelical tradition, at the post-baccalaureate level, and in partnership with The Alliance Canada. The Seminary prepares students to serve and lead in keeping with their calling to live a godly life and to exercise the gifts and abilities that they have been granted by God. Most graduates of the Seminary will go on to serve in a variety of pastoral, teaching and leadership roles in Canada and around the world. With equal enthusiasm, the Seminary educates and trains people for lay ministry, which is essential to the mission of God in and through the church;

Ambrose Seminary prepares Christians through an integration of spiritual, intellectual and ministerial formation. Such preparation includes education and training in a variety of disciplines: biblical interpretation, theological reflection, evangelism, discipleship, leadership, preaching, teaching, counselling and cross cultural communication. The Seminary realizes that the theological education it offers must undergo continual refinement so that students receive context-sensitive ministerial training and are enabled to become lifelong learners.

Program Outcomes

At Ambrose Seminary, we seek to integrate learning experience around four key goals. *We will:*

1. Nurture theological depth and breadth

To know what you believe and why it matters

Ambrose Seminary provides our students with an education rooted in the depth of our evangelical heritage and steeped in the breadth of Christian tradition. We deeply desire that our students leave Ambrose able to interpret the Bible and all God's revelation faithfully and to reflect theologically on all that touches on faith and life.

2. Cultivate a heart after God

To know God – Father, Son and Holy Spirit – and to love as God loved

Ambrose Seminary imparts to our students a vision of the Triune God and models a Spirit-filled life of abiding and abounding in God. We deeply desire that our students leave Ambrose centered in a life of communion with God and love of neighbour.

3. Foster vocational clarity and effectiveness

To know who you are and what you are to do

Ambrose Seminary helps our students discern and engage their vocation in the uniqueness of their gifts, heart-desires, and personality. We deeply desire that our students leave Ambrose empowered to serve effectively in the place where their deep joy and the world's deep need meet.

4. Inspire redemptive action

To know God's mission and to live it fully

Ambrose Seminary challenges students to see and celebrate how God is at work and equips them for reflective engagement in that work. We deeply desire that our students leave Ambrose Seminary ready to engage whole-heartedly wherever God leads them.

The Ambrose Seminary Mission Statement and Program Outcomes specify how the mission statement of Ambrose University is contextualized for the seminary.

Theological Studies in Chinese

Theological Studies in Chinese (TSC) at Ambrose Seminary provide a context for study that imitates the tri-lingual character of the Canadian Chinese church. A fusion of Chinese (Mandarin and Cantonese) and English language courses are offered. The curriculum recognizes the importance of ministry to the second generation.

TSC is offered in collaboration with the Canadian Chinese Alliance Churches Association and emphasizes the deeper Christian life and the mission of the church to the world.

Professors have strong academic training. Courses where the Chinese pastoral context is important are offered in Mandarin. Tutoring is available for English language courses so that Chinese students are able to flourish in all courses. The library has over 4,000 volumes in Chinese.

The MDiv, MLM, and MCS degree programs are offered. The Graduate Diploma in Christian Studies and the Graduate Certificate in Leadership are also available.

MASTER OF DIVINITY

The Master of Divinity (MDiv) program prepares students for professional pastoral ministry in Canada and around the world. This degree is the standard for those preparing for a credentialed ministry position in many denominational settings because it provides both depth and breadth in biblical studies, theology and pastoral studies. The MDiv program at Ambrose focuses on spiritual and professional pastoral formation. The goal is to produce graduates who can think and reflect biblically and theologically on the practices of leadership for Christian ministry.

Education for theological reflection includes acquiring knowledge, skills and dispositions. It requires a depth of knowledge of the scriptures and the Christian theological tradition as a foundation from which to reflect on the witness and service of the people of God. It includes the formation of pastoral skills through active engagement in the classroom with current theories on the practice of ministry alongside participation in ministry in context. It includes a focus on spiritual and personal formation and offers two ministry streams: Intercultural Ministries and Pastoral Ministries. All these aspects are part of the MDiv experience at Ambrose Seminary.

All MDiv students without professional ministry experience complete a (minimum) three-month full-time internship in a ministry context. Students with ministry experience may propose a ministry project with a mentor instead of an internship. Students may use a Clinical Psycho-spiritual Education experience as an internship.

All MDiv students are required to compile a Personal Growth Portfolio (PGP) during their program. The PGP assists them in tracking and integrating personal development in conversation with an academic advisor.

MASTER OF CHRISTIAN STUDIES

The Master of Christian Studies (MCS) is a flexible program focused on personal growth and formation. It is designed for students who want to grow in their knowledge of biblical and theological studies and other related fields to enhance their interests, giftedness, and careers. Students begin with initial foundational studies in Old Testament, New Testament, Theology, and Personal Formation and then build on these with course choices to develop their unique gifts and interests. This program is not intended to prepare persons for career ministry, but instead to promote growth in their knowledge and lives. All MCS students are required to complete the Personal Growth Portfolio (PGP). The PGP assists students in tracking and integrating personal development in conversation with an academic advisor.

The general seminary program outcomes are modified recognizing that the Master of Christian Studies is primarily an academic and professional program of study. Students in this program will:

- gain basic knowledge of biblical and theological studies rooted in the breadth of Christian tradition and explore how to interpret God's revelation in ways that lead to personal growth and direction.
- cultivate a heart after God, centered in a vision of the Triune God, and enacted in a life of communion with God and love of neighbour.
- discover more about who they are and what they are to do as they discern and engage their unique gifts, heart-desires, and personality.

MASTER OF THEOLOGICAL STUDIES

The Master of Theological Studies (MTS) program is an integrative theological degree designed to provide a foundation for researching and teaching Bible and Theology. This degree educates those who are pursuing the vocation of teaching Bible and Theology in academic institutions, as well as those who want focused graduate study in Bible (Old or New Testament) or Theology. Persons training for pastoral ministry may also benefit from this program.

The student in an MTS program specializes in either theology or biblical studies (Old or New Testament). This specialization is declared on application and expressed academically in a final thesis. The student is also required to do advanced studies in the other two disciplines. All students do advanced studies in both biblical languages. Although the thesis reflects a student's chosen specialization, the program is designed to ensure that the student understands the connectedness of the three disciplines.

Admission to the MTS program requires approval of the program faculty.

A student may apply to the MTS program without the required prerequisites and will be admitted as a Pre- MTS student until the prerequisites for the MTS are completed (with an average of GPA of 3.0 or higher).

Graduates of the MTS program are expected to:

- understand the content of Christian Scriptures and Theology;
- understand the historical development of key issues in the biblical and theological disciplines;
- understand and use the key resources for the academic study of the biblical and theological disciplines;
- articulate an informed and considered theological hermeneutic;
- exegete and translate biblical texts in the original languages;
- engage in theological scholarship in a critical and integrative fashion;

THE INTERNSHIP PROGRAM

Internship occurs in any ministry context: a church setting, a mission agency, para-church organizations or camps. The minimum duration for an internship is three months on a full-time basis. Part-time internships are permitted with the approval of the Coordinator of Field Education.

The Philosophy of Internship

Internship is an integral part of preparation for ministry. It provides you with an extended, in-depth practice of ministry and integrates field experience with your classroom learning. In addition to giving you an opportunity to practice Christian service, internship offers you a working relationship with another person in ministry. You'll experience many forms and facets of the ministry but the main point of this experience is to be a disciple in development, learning from a pastor-mentor.

The Objectives of Internship

By the end of Internship, you should be able to:

- explore and evaluate your personal identity as a ministering part of the Body of Christ;
- discern the areas of your greatest personal effectiveness within the ministry of the church;
- evaluate lifestyle issues and ways of relating to others as you affect personal growth and ministry;
- assess the attitudes and values you hold relating to people, ministry, culture and life in general;
- measure your ability to relate to your fellow workers and to the programs of the church or para-church organization;
- analyze a ministry situation to discover needs and set realistic goals and strategies to meet those needs;
- evaluate your ministry involvement in terms of personal growth, progress toward goals, effectiveness of methods, strengths and weaknesses, etc.;
- integrate more fully your theological and doctrinal points of view with practical experience.

Internship Prerequisites and Requirements

You must complete Internship or Ministry Coaching with the approval of the Field Education department if you are in the Master of Divinity, Master in Intercultural Ministries or the Master in Leadership and Ministry program. The Coordinator of Field Education will help you find an appropriate internship and must approve your selection.

The following prerequisites must be successfully completed before an Internship can be considered; students should have a cumulative GPA of 2.7 to be considered for internship.

Internship Application Procedures

To prepare for Internship, you must apply to the Internship Program and attend a pre-Internship orientation meeting the September before the internship begins (i.e. MLM/MIM students must apply for Internship in their first year of full-time studies and MDiv students must apply for Internship in their second year of full-time studies). At the pre-internship orientation meeting you'll receive an assessment packet to help determine your readiness for Internship. In October, you will complete an interview with the Coordinator of Field Education to discuss and review the assessment packet.

Your internship field site will be approved, usually in February. In late spring you will attend a 3-day Internship Seminar for all ministry interns and mentors. This seminar prepares you and your mentor for an effective internship by equipping you to:

- build healthy relationships with each other and with the seminary;
- understand the importance of soul nurture;
- address ministry practice and theological reflection issues.

In order to make the most of the Internship experience, you'll meet weekly with your mentor for evaluation and feedback sessions. To ensure that you are actively involved in ministry, you and your mentor will sign an Internship Contract specifying the type and frequency of your ministry involvement before Internship begins.

You'll receive a monthly allowance, room and board, and a travel allowance while ministering.

Churches and ministries from various denominations participate in the Ambrose Seminary Internship program. The Seminary reserves the right to place students in participating churches.

MDiv Intercultural Internships

Intercultural Ministries students must complete all internship prerequisites before the end of the Winter semester. You'll complete Intercultural Internship alongside the course MI 705, Mentoring for Intercultural Effectiveness, and you can do so on a full-time (minimum of three months) or part-time basis. Because of the nature of Intercultural Internship, you aren't required to attend the three-day Internship Seminar. Instead, you'll follow this process to complete your internship:

1. Secure a field site and write a proposal for Internship, which must be approved by the Professor of Intercultural Ministries and the Coordinator of Field Education.
2. Fulfill course requirements for MI 705 and the assessments and learning contract from the Field Education Department for MI 712 (the Professor of Intercultural Ministries and Coordinator of Field Education will each meet with you to go over course requirements and the syllabus for MI 705 and MI 712 before Internship begins).
3. Make your financial and living arrangements with the field site.
4. Debrief with the Coordinator of Field Education and the Professor of the Intercultural Ministries after you've completed the internship.

CLINICAL PSYCHO-SPIRITUAL EDUCATION**Clinical Psycho-spiritual Education**

Clinical Psycho-spiritual Education (CPE) is an experience-based approach to learning practical skills and competencies for ministry. It combines qualified supervision and group reflection with clinical learning about spiritual health care. Ambrose has an affiliation agreement with [Alberta Health Services](#). The CPE learning experience includes classroom instruction, peer group evaluation, intrapersonal reflection and guided spiritual caregiving. SPC 715 and SPC 716 are equivalent to the first two basic units of CPE; SPC 717 is the equivalent to the first advanced unit of CPE. Alberta Health Services retains the authority to admit students to this learning experience.

SPC 715 Clinical Psycho-spiritual Education (6 credits) is applied to the MDiv degree as:

- PT 712 (provided all internship prerequisites have been met) and one elective, *or*

A maximum of 12 credits may be earned towards any Ambrose Seminary degree by means of Clinical Psycho-spiritual Education.

MINISTRY COACHING

Ministry Coaching is an alternative to Internship for those who have at least two years of ministry experience. Apply for Ministry Coaching if you have recently been in or currently serve in full-time or significant part-time ministry, or if you completed an internship in an Ambrose undergraduate ministry program. The Coordinator of Field Education will assess whether your ministry experience qualifies for Ministry Coaching.

Ministry Coaching enables you to personally and theologically reflect on the practice of ministry through an intentional relationship with a mentor. You can do Ministry Coaching on a full-time or part-time basis with the approval of the Coordinator of Field Education.

The Objectives of Ministry Coaching

By the end of Ministry Coaching, you should be able to:

- theologically reflect on ministry;
- take on new professional responsibilities in ministry;
- integrate your beliefs about and theological reflection on ministry with your ministry practice;
- develop and maintain a relationship with a mentor;

The new MCoS is approved by the International Board of Education for the Church of the Nazarene.

COURSE DESCRIPTIONS

Alternative Course Formats

Most Ambrose Seminary courses are offered in a semester-long class format, appropriate for the majority of full-time and part-time students. A limited number of classes are offered regularly in alternative formats. The following alternative course format opportunities are available and alternative course formats are indicated on the course schedule. All registration and payment deadlines are identical to regular semester classes.

Modular/Class

See [Definitions](#). A course that is offered in a compressed schedule. All class sessions are condensed into either a one-week period or spread over a number of weekends, with additional course work completed later. Fall and Winter module courses are offered in this format on campus during the semester break in November and February. Modular courses are also offered in the spring semester.

Online and Hybrid Courses

Online and hybrid courses are offered during the general time frame of regular semester classes. The start and finish dates may be outside the usual semester timetable.

Evening Courses

Evening courses are designed for the convenience of students from the Calgary region. Several courses are offered each semester during the time frame of regular semester classes, in three hour blocks of time, one evening each week. Evening courses are usually scheduled Monday to Thursday between 6:30 and 9:30 pm.

Remote Access Courses

A limited number of courses are offered during the regular semester in classrooms equipped with remote access technology.

General Course Information

The following pages contain brief descriptions of the courses currently taught at Ambrose Seminary. All courses offered at Ambrose Seminary are offered at the graduate level. Academic credit is indicated in terms of semester hours of credit. Not all courses are offered every academic year. Some courses cannot be taken unless certain prerequisites have been taken. These prerequisites are stated at the end of the course description. A passing grade will be required in order for a course to meet the requirements of a prerequisite. Students should consult the class schedule for the upcoming semester when selecting courses. Registration is completed through the Student Portal.

Antirequisites

Certain courses carry the notation "Students can only earn credit for one of the following: course number XXX or course number XXX." Students may take these courses if they wish, but credit for both courses will not be granted towards their degree. Cross-listed courses are antirequisites of each other.

Corequisites

Can be completed at the same time as this class.

May Be Repeated for Credit if the Topic is different

If this notation is present, students are allowed to take multiple topics belonging to one course number and normally receive credit for each topic taken.

Note

This contains any information that may be helpful regarding enrolment in the course.

Prerequisites

Courses that must be completed or currently registered in before a student may be able to register in this course.

Courses are numbered as follows:

- 500-series courses are foundational for the discipline. The learning objectives require the student to remember, understand, apply, and analyze the material presented.
- 600-series courses develop student learning within the discipline and may require prerequisites. The course objectives require the student to apply, analyze, and evaluate the material presented.
- 700-series courses require synthesis, articulation of perspective on the subject matter, and even demonstration of creativity within the discipline.
- Courses marked as CL indicate that the course is offered in Chinese language.
- Courses marked as GK indicate that the course requires a Greek language tutorial.
- Courses marked as HB indicate that the course requires a Hebrew language tutorial.

Course Credit

See [Definitions](#). The credit value for each course is listed in parentheses beside the course name and number, e.g., (3). Where a tutorial is required, a second number indicates the number of hours per week required in a tutorial setting beyond class hours. Thus, (3–1T) means a course requires three hours per week in class and one hour per week in tutorial. Such a course would still have a credit value of 3.

Course Frequency

The frequency of a course is indicated with a letter code listed after the credit value. Courses offered annually are indicated with an A, courses offered biennially (every other year) with a B, and occasional courses are indicated with an O. *Ambrose Seminary reserves the right to cancel or revise any of the courses listed or to withdraw for the semester any course for which there is insufficient demand.*

Cross-Leveled Courses

See [Definitions](#). Cross-leveled* courses are courses taught with both seminary and undergraduate students in the same classroom. These courses are listed in both the Undergraduate Academic Calendar and course listing, and in the Seminary Academic Calendar and course listing.

Cross-listed Courses

See [Definitions](#). These are courses listed within either the Undergraduate or the Seminary Calendar, but in more than one discipline within that Calendar. It is possible for a course to be both cross-leveled and cross-listed.

**It is possible for a course to be both cross-leveled and cross-listed.*

Educational Travel

See [Definitions](#). Educational travel study means any trip (e.g., a Travel Study or other similar trip) offered for educational credit at Ambrose or otherwise offered by an academic program or sanctioned by Ambrose, involving Ambrose students, and including at least one overnight stay. This policy applies both to international and domestic educational travel.

Educational Travel does not include:

- Travel related to Internship programs
- Research-related travel with a faculty member
- Athletic team travel and student leadership travel

Further information is available from the [Office of the Registrar](#).

Tutorial

See [Definitions](#). A course component in which students review and/or receive supplemental instruction relating to in-class learning, discussing and/or applying theories, methods, concepts, or data. Tutorials normally involve small groups of students and are normally between 60 and 90 minutes in length.

On the one hand, the inquiry, which is exegetical, historical, and philosophical, examines the particular contribution of Church councils such as Nicea and Constantinople as well as the particular contribution of individuals such as Augustine, the Cappadocian Fathers, and Thomas Aquinas in the formulation of Christian doctrine of the Trinity.
